Comments

According to the information provided, this plat application was reviewed as 28 high-rise units and as proposed, is not anticipated to generate additional students into Broward County Public Schools. Therefore, pursuant to Section 8.11(a)(1) of the Third Amended and Restated Interlocal Agreement for Broward County and the City of Pompano Beach, this application as currently proposed, has been determined to be exempt from public school concurrency requirements. However, please be advised that the regular school impact fee is still due for the units.

Also, if a change is proposed to the plat, which causes students to be generated by the project, the students will not be considered exempt from public school concurrency (PSC) when the project is re-reviewed.

Students generated are based on the student generation rates contained in the currently adopted Broward County Land Development Code
