

**MASTER SIGN PLAN  
SAMPLE COMMONS  
2400 NW 36th St,  
Pompano Beach, FL 33064**

This master sign plan establishes a master plan storefront signage criteria for the property to ensure that the highest standards of excellence will be carried out in the design of each individual storefront signage.

The need for each shop to be advertised or identified is recognized and provided for within this criteria. Adherence to the following guidelines will allow an appropriate level of individual signage while presenting a quality overall sense of place.

Each tenant is responsible for the written approval of any signage installed at their premises by the owner prior to submission to the City of Pompano Beach for a sign permit and prior to any fabrication or installation of any signage elements. A tenant at the Sample Commons shall be defined as any occupant of a leased space located within the Sample Commons Plaza site.

All sign construction is to be completed, once approved by the owner, in compliance with these criteria. All signs on any space shall be subject to the provisions of these masterplan signage criteria. Any signs not specifically covered within these criteria shall be submitted to the owner for written approval. The judge of the acceptability of any submission shall be the city, the owner and its consultants.

**Approval by the owner in no way relieves the sign contractor or tenant from the responsibility of obtaining a valid City Pompano Beach of sign permit acquired through the standard City of Pompano Beach procedures prior to actually beginning any fabrication of signage.**

### **General Signage Requirements:**

All signs require a detailed rendering submitted for Landlord's approval before fabrication and installation. All signage must comply with the following:

- . All wording on signage shall be approved by Landlord.
- . All Logos and any graphics shall be approved by Landlord, and in accordance with City of Pompano Beach.
- . All colors and fonts shall be approved by Landlord, nontraditional styles and/or all logos are subject to approval by Landlord.
- . Prior to submittal of building permit for signage to the City of Pompano Beach, tenant shall submit to Landlord scaled sketches of signage, indicating height, location, method of illumination color, material and mounting method.
- . All signage requires a build permit and zoning permit issued by the City of Pompano Beach prior to installation.

### **Signage Requirements:**

- . The sign may be illuminated and non-illuminated.
- . The sign may be Channel Letters or Reverse Channel Letters.
- . Flush Mounted.
- . The sign may be face colors: Black or Blue.
- . Photocell controller required.
- . Maximum Sign Area: Building façade, High Ft x Front Ft x 10%; Maximum 200 Sq. Ft.

### **Workmanship, Material and Maintenance**

- . All signs shall be constructed and installed by a professional licensed contractor.
- . All Illuminated signs shall be manufactured as per UL specifications and carry the UL seal of Approval.
- . Tenant is responsible for keeping signage in good working order.
- . Tenant is responsible for patch back holes at Tenant's expense.
- . All signs shall be in strict compliance with all applicable laws, ordinances and regulations.

### **Windows and Doors:**

They include permanent applied graphics such as name, hours of operation, telephone numbers, and street numbers.

- (a) Placement: on storefront windows and doors, may be applied to interior surface of glass only. Shall not substantially obscure visibility through the window.
- (b) Dimensions: graphics are limited to a maximum of 20% of the total glass area; letters may have a maximum height of six inches.
- (c) Materials: vinyl or plastic letters, etched glass or professionally painted application.
- (d) Design: simple and understated, limited to conveying the necessary information.
