Susan Fejes Notes: <i>Deficient in AMI% (even though elderly, income certification is required), deficient in sources and uses (amount of funds is not consistent with application for HOME funds), site control not demonstrated. Recommend this project not be funded due to deficiencies and the small amount of HOME funding available.</i>

Vince Wooten Notes: CDBG HOME Funds requested of \$200,000. Secured 90% of the total project cost through a combination of private donors, and corporate sponsors and looking to cover a 10% gap. Habitat for Humanity owned project site identified; however, required supporting Implementation Schedule document is not complete so schedule of financing, project start-up and project activities are not able to be gauged in order to base adequate score.

Susan Fejes Notes: Habitat is experienced in developing single family homeownership programs--this should be a successful effort. Recommend that the full amount of the HOME funding be awarded to this agency--due to the small amount of HOME funding.
