

PLANS CHECKLIST

*****THIS CHECKLIST MUST BE INITIALED AND FILLED OUT. ALL OF THE FOLLOWING DRAWINGS ARE REQUIRED UNLESS INITIALED BY THE PROJECT PLANNER.*****

<input checked="" type="checkbox"/> Survey	<input checked="" type="checkbox"/> Conceptual Landscape Plan	<input checked="" type="checkbox"/> Conceptual Civil Plan
<input checked="" type="checkbox"/> Conceptual Site Plan	<input checked="" type="checkbox"/> Conceptual Architectural Plan	<input checked="" type="checkbox"/> Conceptual CPTED Security Plan

All plans to be oriented the same as survey. Each plan must be uploaded as a single-sheet PDF. Plans must be named using a 3-digit ordering number, sheet name, and sheet title as named in the checklist above. An example is provided below:

- 001 S-1 Survey
- 002 SP-1 Site Plan
- 003 C-1 Civil Plan
- 004 A-1 Architectural Floor Plan

SURVEY: COPY of signed and sealed original:	
<input type="checkbox"/>	Current or dated within 1 year of submittal.
<input type="checkbox"/>	Location of all easements and utilities
<input type="checkbox"/>	Flood zone and flood elevation data
SITE PLAN(S): Must be drawn to ONE (1") INCH = TWENTY (20') FEET where practical and include the following:	
A. General Information:	
<input type="checkbox"/>	All adjacent rights-of-way, indication of required right-of-way dedications, and right-of-way and pavement widths
<input type="checkbox"/>	Scale and north arrow
B. Article 3 / Zoning District Information:	
<input type="checkbox"/>	Location of all principal and accessory structures with dimensions to lot lines and between structures
<input type="checkbox"/>	Total square footage of pervious and impervious areas and as percentages of total area computation
<input type="checkbox"/>	Net acreage
<input type="checkbox"/>	Number of off-street parking spaces required and provided including handicapped: with typical sizes shown; Number of required and provided loading spaces; Access aisles and driveways with dimensions
<input type="checkbox"/>	Number of dwellings
<input type="checkbox"/>	Total Gross square footage for all buildings
<input type="checkbox"/>	Gross square footage for individual buildings
<input type="checkbox"/>	Gross square footage for individual buildings per floor
C. Use Information:	
<input type="checkbox"/>	Proposed Principal Use(s), fill in:
<input type="checkbox"/>	Proposed Accessory Use(s), fill in:
D. Development and Design Information:	
<input type="checkbox"/>	Location of all ground-mounted mechanical equipment and commercial containers/dumpsters
<input type="checkbox"/>	Location and height of all fences and walls
<input type="checkbox"/>	Location and type of all signs.
LANDSCAPE PLAN: Must include the following:	
<input type="checkbox"/>	Location of all landscaped areas with dimensions
<input type="checkbox"/>	Table indicating all landscape requirements
<input type="checkbox"/>	Common and scientific names for all plant material
<input type="checkbox"/>	Plant location
<input type="checkbox"/>	Quantities and sizes of plant material
<input type="checkbox"/>	Screening of ground-mounted mechanical equipment
ARCHITECTURAL PLAN(S) Must include the following:	
<input type="checkbox"/>	Dimensioned floor plan
<input type="checkbox"/>	Dimensioned building elevation and height

Pre-Application Meeting Checklist

Table with 2 columns: checkbox, description. Includes sections for CIVIL PLAN(S) and PUBLIC SAFETY SECURITY PLAN.

CPTED PRINCIPLES

Crime Prevention Through Environmental Design

CPTED Principle #1 - Natural Surveillance

"See and be seen" is the overall goal when it comes to CPTED and natural surveillance. A person is less likely to commit a crime if they think someone will see them do it.

CPTED Principle #2 - Natural Access Control

Natural Access Control is more than a high block wall topped with barbed wire. Crime Prevention Through Environmental Design or CPTED utilizes the use of walkways, fences, lighting, signage and landscape to clearly guide people and vehicles to and from the proper entrances.

CPTED Principle #3 - Territorial Reinforcement

Creating or extending a "sphere of influence" by utilizing physical designs such as pavement treatments, landscaping and signage that enable users of an area to develop a sense of proprietorship over it is the goal of this CPTED principle.

CPTED Principle #4 - Maintenance

CPTED and the "Broken Window Theory" suggests that one "broken window" or nuisance, if allowed to exist, will lead to others and ultimately to the decline of an entire neighborhood.

CPTED Principle #5 - Activity Support

Increase the use of a built environment for safe activities with the intent of increasing the risk of detection of criminal and undesirable activities.

If you have any questions or concerns with incorporating the CPTED Principles in your design. Please contact Deputy Patrick Noble with the Broward County Sheriff's Office at: Patrick.Noble@sheriff.org or at (954) 709-7076.
