- TREE PROTECTION BARRIER

EXISTING TREE PROTECTION BARRIER DETAIL

NOTES:

NOTE 1. Penalties would be incurred by the contractor for damages to the existing trees on site from the contractor, the subcontractors, or employees. Any encroachment within the tree protection zone, failure to maintain the tree protection zone, or any damage to the trunk(s) or critical root zones will result in mitigation. The cause of damages would include, but not be limited to, storage of materials, placing fill or debris, disposal of paint or solvents, parking of machines under trees or tree protection zone encroachment. Violation of this will result in a fine of \$1000.00 for the first offense, \$1500.00 for the second, and \$2000.00 for the third, etc. If physical damage is done to the tree, an appraisal of the damages and related fees will be determined by an ASCA Registered Consulting Arborist, and be based on all, or a percentage of, the established value assigned to the tree.

NOTE 2. All hedges abutting City Rights of Way are maintained at a height no greater than 24".

NOTE 3. A pre construction meeting with Urban Forestry is required before any work is performed onsite where there is tree protection and/or plant material is installed on site.

NOTE 4. All road rock, concrete, asphalt and other non natural material is removed from all planting areas prior to landscape installation and replaced with planting soil prior to landscape installation.
