(Fiscal Impact: \$295,000)

(Staff Contact: Erjeta Diamanti)

Vice Mayor McGee asked about full financials for the non-profits. Erjeta Diamanti, Budget Director responded, they require Form 990 as a submittal for review.

A motion was made by Vice Mayor McGee, seconded by Commissioner Fournier, to require financial statements from nonprofit organizations.

Vice Mayor McGee wanted to ensure a full 990 form is received from each nonprofit organization.

Mayor Hardin asked if all nonprofit organizations are required to file Form 990. Ms. Diamanti replied, the 990 form is required from all organizations. Mayor Hardin clarified that there is a 990 form and 990-N and Vice Mayor McGee is requesting the full 990 form.

Comr. Moss asked if the City hired a company to review the forms. Ms. Diamanti replied the City is under contract with Strategic Philanthropy, Inc (Strategic Philanthropy), to process and review the applications. Comr. Moss asked if staff is satisfied that the money the City is providing is being utilized in a responsible way. Ms. Diamanti replied yes. Comr. Moss stated he does not support the motion because it further burdens the small organizations with more paperwork.

Vice Mayor McGee said she is not satisfied when the documents do not include full information.

Greg Harrison, City Manager asked if the document Vice Mayor is referring to is the full picture of the financials. Vice Mayor responded, she assumed so since she requested the financials.

Comr. Sigerson-Eaton said more scrutiny is better than lax scrutiny, therefore she supports the motion.

Comr. Fournier stated there appears to be a wide variation within the backup materials. She said the additional information will help them make more informed decisions going forward.

Mayor Hardin asked if Strategic Philanthropy could help a smaller organization develop financial documents if they do not have them as a new organization. Ms. Diamanti responded that Strategic Philanthropy meets with all the organizations and provides guidance for required documents. She said they have FAQs on the webpage and host an information session as well.

Vice Mayor McGee clarified she is more concerned about the financial forms after they are funded, not necessarily regarding a new program or organization.

Comr. Fournier stated she does not want to create an undue hardship for small local nonprofits.

Comr. Moss asked the City Manager if he is also satisfied on how the nonprofits are spending the funds. Mr. Harrison replied, yes however he acknowledged he was not aware of the single form submitted by one of the applicants. He said if the Commission have concerns with the criteria, they can be adjusted.

Comr. Moss stated the Commission should not be micromanaging this process.

Vice Mayor McGee stated she just wants greater transparency and communication without imposing an undue burden.

Comr. Moss pointed out that the Vice Mayor does not agree with the charitable contributions, and has made motions to that effect. He believes her intent is to slowly chip away from having the City give money to the nonprofits. Vice Mayor McGee responded, it is well known that she does not support City government spending taxpayer dollars in this manner. She would prefer an opt in options for taxpayers.

Comr. Perkins stated the nonprofits serve the community and would like to see 50% of the funds going to smaller local nonprofits.

The motion to require financial statements from nonprofit organizations carried by the following roll call vote:

Yes: Fournier

Sigerson-Eaton

McGee

Hardin

No: Perkins

Moss

Mayor Hardin opened public comment.

Sarahca Peterson, 4354 NW 9th Avenue, Pompano Beach, stated it is not fair for local nonprofits to be competing for funding with large organizations who have grant writers. She said the funding is best served by giving it to local organizations. She asked how much the City is paying Strategic Philanthropy, to which Ms. Diamanti responded they pay Strategic Philanthropy approximately \$5,500 monthly and they manage the process throughout the year. In closing, Ms. Peterson said that is another pool of money that could be going towards a nonprofit instead of management.

Ken Herman, 3202 Robins Road, Pompano Beach, said he is the President of the Hillsboro Lighthouse Preservation Society, and his organization received \$5,000. He agreed with Vice Mayor McGee's concern about the spending of taxpayer money but understands it is a minority view. He said they receive funding from four different municipalities and Pompano Beach's paperwork requirements are more extensive than the other cities. He stated the tours of the lighthouse are free in July, to recognize Pompano Beach's financial contribution.

Ancel Pratt III, 2918 NW 130th Avenue, Sunrise Avenue, distributed handouts for the dais through the City Clerk. He said he represents the Early Learning Coalition of Broward County and provided a brief background of the Coalition. He said Pompano Beach has the second highest school readiness population in the County. His organization caters to 1,800 kids who receive subsidies, worth \$9.5M. He said \$8.6M went directly back into the economy of Pompano Beach through the 39 small childcare businesses and 300 early learning educators. In closing, Mr. Pratt said they are doing great work in Pompano Beach

Raj Rajgopal, Director of Namaste, A Grand Indian Art and Food Festival Corporation, stated this is the second time they are hosting the Indian Festival in Pompano Beach. He thanked the City Commission for their support and noted 10,000 people attended the event, including 1,500 Pompano Beach residents. He commented on the receipts requested by the City, stating the requested categories of receipt are very narrow. He noted that this year's festival will be held December 2, 2023.

Mike Blangor, 2741 NW 8th Street, Pompano Beach, introduced himself as the President of Unity in the Community. He spoke about Family Fun Day and high school scholarships. He said they receive City funding but their operating budget is under \$50,000 so the Federal Government only requires the 990-N form. In addition, his organization submits Excel spreadsheets and receipts. He concluded stating Pompano Beach requires more paperwork than other cities.

Deborah White-Gangone, 550 Oaks Lane, Pompano Beach, agreed with transparency but also Comr. Moss's suggestion that it may be too much. She said Vice Mayor McGee probably did not receive a full explanation about the 990-N form. She described an example of someone creating a false nonprofit for funding but noted Strategic Philanthropy is in place to weed those out. She noted submitted spreadsheets and receipts should negate any concerns. She said the City's funding helps immensely to improve small nonprofits.

Marie Hayes, 4874 NE 2nd Avenue, Oakland Park, said she is representing 211 Broward. She said 211 Broward is not located in Pompano Beach but they service residents here. She noted they had 87 Pompano

Beach residents in a suicide crisis call the line.

Kirk Brown, Tamarac, Florida, introduced himself as CEO of Handy. He said they service 700 middle school students over the past six years with only one student repeating a grade. He noted 78% of their students go on to post-secondary school and they have issued \$2.5M in student scholarships. He thanked the Commission and stated his organization will continue to serve the young people of Pompano Beach no matter the paperwork or obstacles.

Gustavo Paderino, 579 Racquet Club Road, Westin, introduced himself as a representative from the Broward Center of the Performing Arts. He thanked the City for their support since 2018 and noted they have served 20,000 people since then. He said they provide students with opportunities to participate in the arts, including a recent Step Africa program. He noted they also partner with Pompano Beach artists and organization on programming. He welcomed organizations to reach out to them to discuss partnership opportunities and expanding access.

Jocelyn Jackson, Pompano Beach, stated new nonprofits do not have detailed information in the beginning. She does not want small nonprofits to get “swallowed up”. She said irs.gov website provides additional information about nonprofits and nonprofits can provide a detailed report following an event. She recommended leaving the process as is unless there is an issue.

Lisa Devine, 28501 SW 32 Terrace, Pembroke Park, thanked the City Commission for their support of Feeding South Florida. She noted they have served 350 individuals in Pompano Beach. She stated that Strategic Philanthropy has done a thorough job.

Charlotte Mather-Taylor, 5300 Hyannis Road, Sunrise, introduced herself as a representative from the Area Agency on Aging. She said all funding only goes to Pompano Beach residents. She noted last year they served over 714 residents and spent over \$1M on services. She said they provide many services, technology and ongoing classes. She announced a new program for home repair modification of up to \$6,000 for seniors. She noted all funding needs to be distributed by February 2024.

Jemilah Jones, 3499 Oaks Way, Pompano Beach, said Strategic Philanthropy does a great job ensuring they have complete paperwork. Also, they do a great job to make sure they spend the money correctly.

Mayor closed public input and invited further Commission discussion on the item.

Comr. Moss asked the City Clerk to repeat the motion that was previously voted on. City Clerk Alfred read the motion.

A motion was made by Commissioner Moss, to define the financial statements requested from nonprofit organizations. The motion failed due to lack of second.

Vice Mayor McGee thanked the organizations and encouraged them to send annual updates on their programs and accomplishments.

Comr. Sigerson-Eaton said Strategic Philanthropy does a good job. She thanked the nonprofits who spoke.

Mayor Hardin also thanked the nonprofits. He said he considers the funding of nonprofits as an investment in the City. He said they are vetted by city staff and Strategic Philanthropy.

Comr. Perkins said a majority of her time is spent trying to find funding for nonprofits in her district, which are often rejected by the City. She stated the seniors at the Senior Center know nothing about the Area Agency on Aging programs. She believes there are nonprofits on the list that do not help the City, therefore she would like to see regular updates from the nonprofits.

Mayor Hardin asked Ms. Mather-Taylor if they are presented to the seniors. Ms. Mather-Taylor replied, stating they have programs with the seniors, and they are also the food provider of the E. Pat Larkins' Center. Ms. Mather-Taylor listed the events they held within the City.

Comr. Perkins asked if they receive funding from additional cities. Ms. Mather-Taylor explained the funding received from each city and stated they only support residents of that city.

Comr. Perkins said the \$50,000 funding could be used for other nonprofits. She asked how long they have received funding from the City. Ms. Mather-Taylor replied, they have been receiving funding for many years before her arrival in 2019.

Comr. Perkins reiterated that \$50,000 for the Area Agency on Aging is too much. Ms. Mather-Taylor said they serve many individuals.

Comr. Fournier said the transparency is not just financial but also communicating services and the impact within the Pompano Beach community. Ms. Diamanti said the backup includes additional information and detailed contracts about each nonprofit.

Comr. Moss provided examples of the number of pages submitted by a few of the nonprofits.

Vice Mayor McGee asked if the website includes the Pompano Beach nonprofits and services they provide. Ms. Diamanti replied yes, and it is updated annually.

Comr. Sigerson-Eaton said many of her residents have benefited from these programs.

(Staff Contact: Mark A. Beaudreau)

Mark Beaudreau, Recreation Director, introduced the item. He reviewed the changes to the Ordinance, stating that Section 98.10, Recreational Facilities and Program Fees and Section 98.47, Recreational Center Fees, would be deleted and replaced with the language that authorizes the City Manager or designee to establish all fees to be charged for the use of city parks, the public beach, and recreational facilities, centers and amenities. The list of established fees will be kept in writing and on file at each one of the recreation facilities and centers, which is their current practice. Mr. Beaudreau noted the same action will be requested on Agenda Item 14. This proposal will allow for adjustment of fees as needed and provides the assignment of new fees as programs and activities are added and implemented and it is consistent with the surrounding cities. Lastly, Mr. Beaudreau stated this proposal reflects an increase in all nonresidential fees this year by 5%, which coincides with the increase in the Consumer Price Index as of March 2022 to March 2023.

Mayor Hardin opened public input.

Ken Herman, 3203 Robbins Road, Pompano Beach, asked about the changes. Mayor Hardin explained the proposal is to remove fees from the Ordinance and have City staff manage the process.

Comr. Moss asked about the changes that apply to the Showmobile. Mr. Beaudreau replied the fees remain the same.

Comr. Fournier asked if this increases transparency and gives a greater ability to react, if needed. Mr. Beaudreau replied there are very few instances where people have sought out fees via Ordinance.

Comr. Fournier asked about discounts for high school students at the golf course. Mr. Beaudreau explained there is a section of the Ordinance that deals with discounts. He does not recall that high school students is one of them.

Comr. Sigerson-Eaton asked if there is a list of the fees online. Mr. Beaudreau replied yes. Comr. Sigerson-Eaton agreed this is much easier.

Mayor Hardin recommended the fee list be made available on the City's website. He asked about Section PP on Page 3 of the Ordinance and why it does not include urination. Mr. Beaudreau stated it focused on defecation on city property and the issuance of a citation if necessary. He added they do not allow animals, aside from service animals, inside city facilities. City Attorney Berman stated the intent seems more about cleaning up.

Mr. Harrison asked if they should replace the word "facility" with "parks." City Attorney Berman respond he would be happy to make any changes before second reading. Vice Mayor McGee recommended changing the word "feces" to "waste".

(Staff Contact: Earl Bosworth)

Brian Campbell, Golf Course Manager introduced the item, stating that during the last budget workshop it was stated that a new rate structure would be presented to the Commission for consideration. This proposal fulfills that promise. It is anticipated the revenue received from this proposal will help offset the increased expenses from the new maintenance contract that was recently approved. Mr. Campbell indicated that Exhibit A in the backup reflects the proposed golf course fees, which provides residents with the lowest rates for both membership and daily fee. The Golf Advisory Board supports this proposal and the new rates will be posted on the City's website and at the golf course.

Mayor Hardin opened the floor to public input and invited further Commission discussion on the motion. However, no one provided further comments on the item.

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF POMPANO BEACH, FLORIDA, APPROVING AND AUTHORIZING THE PROPER CITY OFFICIALS TO EXECUTE A FIRST AMENDMENT TO THE BILLING SERVICE AGREEMENT BETWEEN THE CITY OF POMPANO BEACH AND DIGITECH COMPUTER LLC PROVIDING FOR SEVERABILITY; PROVIDING AN EFFECTIVE DATE.

(Fiscal Impact: N/A)

(Staff Contact: Chad Brocato)

Chad Brocato, Fire Chief, stated this is an Amendment to the Contract with Digitech Computer LLC (Digitech), the City's billing provider, and it addresses two items. First, this amendment adopts a rate structure. He said there has not been a rate adjustment for about ten years. Second, this amendment removes from the Contract the prior Public Consulting Group (PCG), which will allow Digitech to provide consulting services for the City. Lastly, he noted the rate structure will be adjusted in accordance to the Consumer Price Index; therefore, staff would not have to bring back the Contract to adjust the rates.

Mayor Hardin opened public input.

Deborah White-Gangone, 550 Oaks Lane, Pompano Beach, asked if they are volunteers or paid. Chief Brocato said they are paid. Ms. White-Gangone asked whether they soft bill insurance only, or whether they bill people. Chief Brocato stated it is complicated but he noted that for residents, the goal is to collect through insurance.

Ms. White-Gangone asked about a senior who does not have adequate coverage and whether it would show up on a credit report. Chief Brocato explained they do not do collections and focus on cost recovery through insurance and Medicare.

Mayor Hardin closed public input and invited further Commission discussion on the item.

Mayor Hardin noted they have had issues in the past with residents receiving bills.

Chief Brocato stated there is a notation it is not a bill, and they are seeking insurance information.

Mayor Hardin encouraged residents to call 911 whether they have insurance or not if medically necessary.

Comr. Perkins stated the City Attorney is very good at communication and he keeps the City Commission safe legally.

Mayor Hardin recommend a 3% merit increase.

Comr. Fournier stated there are at times legal issues are used as an excuse for inaction, so she suggested they should push harder for the things they desire to achieve, even if there are legally difficult. She prepared a letter that she intends to give to Mr. Berman, which highlights some items she wants to address in the coming year.
