March 27, 2025

The Honorable Mayor,
Commissioners and Residents of the
City of Pompano Beach, Florida

Dear Honorable Mayor, City Commissioners and Residents:

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) of the City of Pompano Beach, Florida (the City), for the fiscal year ended September 30, 2024. This report, presented in conformity with generally accepted accounting principles (GAAP) in the United States of America, was prepared by the City's Finance Department and audited by an independent firm of certified public accountants, Citrin Cooperman & Company LLP, as mandated by Florida Statutes, Chapter 218.39, Annual Financial Audit Reports. The audit was conducted in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, and the Rules of the Auditor General of the State of Florida, promulgated pursuant to Florida Statute, Chapter 11.45. The independent auditor has issued an unmodified opinion that this ACFR fairly presents the financial position of the City and complies with applicable reporting standards as of September 30, 2024.

The City is responsible for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures. Management has established an internal control structure designed to help ensure the assets of the City are protected from loss, theft or misuse and that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance, that the financial statements will be free from material misstatement. We believe the data, as presented, is accurate in all material respects and is reported in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of its various funds.

As a recipient of federal, state, and county financial assistance, the City is also responsible for the establishment of an adequate internal control structure to help ensure compliance with applicable laws and regulations related to those programs. The City is required to undergo an annual single audit performed under the provisions of the U.S. Office of Management and Budget Uniform Guidance and Chapter 10.550, Rules of the Auditor General of the State of Florida. The information related to the Single Audit, including the schedule of expenditure of federal awards and state financial assistance, findings and recommendations, and auditors' reports on the internal control and compliance with applicable laws and regulations, are included in a separate report under separate cover.

This report is divided into three parts. The Introductory Section provides a summary of the contents of the entire report and general information about the reporting entity. The Financial Section includes the Independent Auditors' Report, Management's Discussion and Analysis (Unaudited), the Basic Financial Statements, Notes to the Financial Statements, Required Supplementary Information (Unaudited), and the Combining and Individual Fund Financial Statements and Schedules. The Management's Discussion and Analysis section provides a narrative introduction, overview, and analysis of the basic financial statements. It complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE CITY

The City was incorporated in 1947 and covers an area of approximately 24.59 square miles. The legal authority by which the City was created and is governed is its charter, which was derived from Chapter 57-1754, Special Acts 1957, as amended. The City is governed by an elected five member district commission and a mayor at large. In addition to general government services, the City also provides community planning and redevelopment, public safety, public works and culture and recreation services to its residents. Furthermore, the City's water and sewer, stormwater, sanitation, airport, and parking operations are reported as enterprise funds.

Located in Broward County, Florida, the City is centrally located between Palm Beach and Miami-Dade Counties, and is the year round home to approximately 114,703 residents. During the peak season (September through March), this number increases to nearly 150,000. Due to its mild year-round climate, visitors to the City can also enjoy its beautiful parks, beaches, boating, fishing, scuba diving, and all other types of outdoor recreation. As the name implies (Pompano - a species of in-shore tropical game fish), the City is famous for some of the world's best sport fishing and is locally known as the "dive capital" of Broward County. Once a thriving agricultural community, the City has evolved into a warehouse/distribution hub for a wide range of companies that service the over 5 million residents of the South Florida market. The Pompano Beach Air Park is also home to the famous Goodyear Blimp.

The City offers 3 miles of beautiful shoreline and the City's public beach has been declared a Blue Wave Award winner since 2000. The City has also been declared a Tree City USA for thirty-six years and is committed to enhancing its tree canopy and providing shade and fresh air to residents and guests.

Due to its tremendous transportation links, the City is now home to over 28 million square feet of industrial/warehouse/distribution space, which includes regional headquarters for companies such as, Aquathin, Associated Grocers, FedEx Ground, Point Blank Enterprises and Stimpson Company. The City provides access to both the Florida Turnpike and Interstate 95 and also provides access to both the CSX and FEC railroads.

THE REPORTING ENTITY

The accompanying ACFR includes the financial activities of the City, the primary government, and its component units, which are the Pompano Beach Emergency Medical Services District (EMS) and the Pompano Beach Community Redevelopment Agency, which includes the Northwest and the East Districts (the Districts). Financial information for the City and these component units is accounted for in the accompanying financial statements in accordance with principles defining the governmental reporting entity adopted by the Governmental Accounting Standards Board (GASB). A component unit is an entity for which the City is considered to be financially accountable. The City is financially accountable if the City Commission appoints a voting majority of an entity's governing body and the City is able to impose its will on that entity, or the City has a financial benefit/burden relationship with the entity. Blended component units are, in substance, part of the City's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the City.

EMS is a dependent special district created to provide emergency medical care and transportation to the residents of the City. EMS has been presented as a blended component unit because it is governed by the City Commission and there is a financial benefit or burden relationship between the City and EMS. The EMS fund is reported as a special revenue fund.

The Districts have also been presented as blended component units because they are governed by the City Commission and management of the City has operational responsibility for them. The Districts are reported as special revenue funds.

The Pompano Beach Finance Corporation (PBFC) is a not-for-profit Florida corporation. PBFC has been presented as a blended component unit because it was formed solely for the purpose of facilitating lease purchase arrangements for the benefit of the City and it is governed by the City Commission. The balances and transactions of PBFC are accounted for within the Parking fund.

FACTORS IMPACTING ECONOMIC AND FINANCIAL CONDITION

In 2024, Pompano Beach's economic landscape is shaped by growth across industrial, office, and residential markets, driven by its focus on innovation, infrastructure, and attracting diverse industries. The City's efforts to create a Downtown, support flexible work environments, and address affordable housing challenges position it for continued success in 2025. With robust workforce development programs and a strong residential market, Pompano Beach is emerging as a key player in South Florida's dynamic economy, attracting businesses and residents to its growing, vibrant community.

While US economic growth is expected to slow in 2025, Pompano Beach is well-positioned for continued development, particularly through its strategic focus on infrastructure and innovation. The City's ongoing investments in its downtown area and multimodal transportation infrastructure—such as a future commuter rail service, bus, trolley, circuit routes, water taxis, and bike and pedestrian walkways—will help support growth. Additionally, the City's claim to over 28 million square feet of industrial space, with new projects slated to come online, represents a highly valued asset.

The Community Redevelopment Agency's planned investment in the McNab Botanical Gardens, complemented by unique diving and educational experiences like Shipwreck Park and Wahoo Bay, further enhances the City's appeal. Expanding cultural events, including the Jazz Fest, as well as the construction of a covered amphitheater seating 3,000 people, world-class brands such as The Ritz Carlton, The W, and The Waldorf add to the growing vibrancy of the tourism sector beyond its world-renown beaches. This diversification of Pompano Beach creates a myriad of business opportunities, fueling ongoing economic activity and further supporting the City's development.

Industrial Market

The Pompano Beach industrial submarket makes up approximately a quarter of the Broward County industrial market and remains the County's largest submarket. The rise in e-commerce continues to boost demand for distribution centers and warehouses. The focus on reshoring and diversifying supply chains benefits industrial growth in Pompano Beach. Pompano Beach, with its strategic location near major transportation hubs position in the market, remains strong due to its location in the middle of South Florida, its access to both CSX and FEC rail lines, its roadway system with access to both I-95 and Florida's Turnpike, and its proximity to air and sea ports.

As part of its Downtown initiative, Pompano Beach is expected to see an increase in office/headquarters developments, artificial intelligence, robotics, biotech, aviation, and automation in local warehouses and manufacturing hubs.

The industrial space in Pompano Beach is experiencing strong demand, particularly due to its location near key transportation networks. This leads to rising rents and low vacancy rates in key areas. Vacancy rates are holding at 4.5%. While net absorption is down, this has been impacted predominantly by older properties built before 2000. The 2.8 million square feet of properties delivered since 2018 are 100% leased. There remains a general market tightness with positive rent gains of 2.0%.

Construction activity has also responded to shifting market dynamics. Despite net absorption reaching its lowest point since 2019, over 1.0 million sq. ft. of new development broke ground, with most of the activity concentrated in the Pompano region.

Office and Workforce Market

Pompano Beach's growing focus on creating an innovation-friendly environment aligns with the increasing demand for flexible office spaces. The City's efforts to attract businesses in technology and creative industries support this trend, with a rise in demand for coworking and flexible office arrangements. As Pompano Beach develops its downtown area, office spaces may be redesigned with collaborative workspaces, wellness amenities, and tech integrations to cater to businesses seeking modern, flexible environments.

As part of the City's broader strategy, office buildings in Pompano Beach are adopting smart building technologies, making them more energy-efficient and appealing to tech-oriented businesses looking for modern, sustainable spaces.

As with much of the nation, Pompano Beach faces labor shortages, particularly in the healthcare, construction, and manufacturing industries. Local businesses face challenges in hiring skilled workers but are adapting by offering competitive wages, benefits, and workforce development programs.

Pompano Beach's technology and innovation hub growth fosters new workforce trends. Many companies offer hybrid and remote work options, allowing employees to live in Pompano Beach's affordable residential areas while working for employers in nearby metropolitan areas like Fort Lauderdale or Miami.

Pompano Beach's focus on its Downtown is creating more opportunities for workforce development in fields like technology, data science, and artificial intelligence. The City will seek opportunities to partner with local educational institutions to offer training programs and skills development initiatives to meet the demand for tech-skilled workers. There is also a focus on the increasing value of trade skills and jobs in the high-demand aviation area.

Residential Market

Pompano Beach benefits from the broader trend of people moving from urban areas to suburban locales. With its attractive beaches, lower cost of living compared to nearby cities like Miami and Fort Lauderdale, and strong community feel, Pompano Beach is becoming an increasingly popular destination for families and individuals seeking better affordability for housing than Miami or Fort Lauderdale.

While high mortgage rates impact affordability across the country, Pompano Beach remains an appealing option for buyers seeking affordable residential options in South Florida. With ongoing residential developments and increased demand for single-family homes and rental properties, the city is seeing steady growth and rising property values. The rental market in Pompano Beach continues to perform well, with high demand for apartments, condos, and single-family homes. Investors are increasingly looking to Pompano Beach as a lucrative residential rental market driven by its location and improving infrastructure.

As Pompano Beach grows, the City faces the challenge of providing affordable housing amidst rising property values. Local policymakers are working to ensure a balanced mix of housing options, including affordable units, to meet the needs of a diverse population.

Major City Initiatives

Downtown

Pompano Beach is undergoing a \$2 billion transformation to create a vibrant, pedestrian-friendly downtown that blends historic charm with modern innovation. The City and its Community Redevelopment Agency (CRA) have spent over 30 years acquiring land and making key investments, laying the groundwork for this project.

The new Downtown will feature multifamily housing, office spaces, restaurants, retail, hotels, and approximately 9 acres of public open space. Key elements include a new city hall, cultural arts venues, pedestrian-friendly streets, and enhanced transportation options. The area will become a hub for businesses and residents, with shopping, restaurants, entertainment, and recreational spaces.

The transformation is expected to generate significant economic growth, with an estimated \$447 million in annual business revenue and \$1 billion in annual economic impact at full buildout. The project at full buildout includes \$1.4 billion in construction spending, creating 5,752 construction jobs. The development will add approximately 9 acres of new public spaces and create 3,080 jobs, contributing \$42.4 million in annual local tax revenue.

This revitalization strives to honor Pompano Beach's rich history while positioning it for future economic growth, creating a thriving, connected community for all.

McNab House & Botanical Garden

Established in 1908, Pompano Beach is the second oldest city in Broward County. As the City has grown, many historic buildings have been replaced, but preserving history enhances the community's character and quality of life. The McNab House and garage preservation initiative is key to saving the City's history. In 2019, the CRA Board voted to preserve the 1926 McNab House, relocating it to McNab Park in 2020. There are plans for the house to be refurbished for a restaurant space.

The Pompano Beach CRA focuses on transformative projects like the McNab House and Botanical Gardens to drive economic growth and improve the community. The Master Plan, unveiled in January 2025, includes an immersive sensory garden, a restaurant with outdoor seating, an event pavilion, and a multipurpose classroom for educational opportunities. The project is set to begin with design development completed, followed by site plan review and construction phases, and is expected to be finished in 2027.

The project is funded through Tax Increment Financing (TIF), which uses increased property tax revenue from the area to fund redevelopment projects like the McNab House & Botanical Gardens. There are plans for the CRA to issue Tax Increment Revenue Bonds to finance the project. This funding model supports sustainable community growth and revitalization.

GO Bond

A General Obligation Bond, approved by voters in March 2018, allocated \$181 million for 25 projects. The first bond was issued in August 2018, and the second was issued in October 2021. The bond was split into two phases: Phase 1 funded 16 projects, while Phase 2 covered the remaining 9, saving taxpayers money.

Notable completed projects include the Ocean Rescue Headquarters, which opened in May 2024 with a certificate of occupancy issued in March 2024. The two-story, 5,137-square-foot

facility, costing \$3.36 million, supports City lifeguard and fire rescue operations. Kester Park's improvements, including renovated baseball/softball fields, new dugouts, bleachers, lighting, and landscaping, were completed with a certificate of occupancy issued in March 2024 at \$2.96 million.

FINANCIAL POLICIES AND PLANNING

Financial Policies:

Investment Policy – The City has adopted a written comprehensive investment policy to help safeguard against the loss of its assets. Oversight for the investment program lies with the Finance Director under the direction of the City Manager. The City's investment program is established in accordance with the City's investment policy, which was adopted by resolution of the City Commission, and Florida State Statute Chapter 218.415 (Local Government Investment Policies), which establishes investment plan guidelines for local governments in Florida. The City's investment guidelines permit the investment of City funds in United States Treasury securities, United States Government Agency securities with the full faith and credit of the United States Government, Federal Instrumentalities (Government Sponsored Enterprises), Corporate Notes, Commercial Paper, Time Deposits (Certificates of Deposit), Repurchase Agreements, Bankers' Acceptances, State and/or Local Government Taxable and/or Tax-Exempt Debt, Money Market Mutual Funds, Intergovernmental Investment Pools and Savings Accounts of financial institutions that are Qualified Public Depositories in accordance with Florida State Statute Chapter 280.01 (Security for Public Deposits). All securities are purchased on a delivery-versus-payment basis. This requirement assures the City that it has possession of the securities before release of its funds. The investment policy further incorporates additional safeguards, limiting the allocation of the portfolio by sector within each investment type, as well as to the issuer within each sector.

The pension boards control the investments of the pension plans. They have hired professional money managers to manage the assets of those funds and have adopted formal investment policies.

Fund Balance/Net Position Policy – The City Commission has formally adopted a fund balance/net position policy (the "Policy") for the City's General Fund and its Water and Sewer and Stormwater Funds. The objective of the Policy is to insure against unanticipated events that would adversely affect the City's financial condition and jeopardize the continuation of necessary public services. More specifically, the Policy ensures that the City maintains adequate fund balance/net position reserves to provide the capacity to: (1) provide sufficient cash flow for daily financial needs, (2) offset significant economic downturns and revenue shortfalls, (3) maintain stable tax/fee rates (4) provide funds for unforeseen expenditures related to emergencies, (5) provide for renewal and replacement of long-lived assets and (6) secure and maintain investment grade bond ratings.

Debt Management Policy – The City Commission has formally adopted a debt management policy (the "Debt Policy") to improve the quality of the City's decisions governing debt issuance. More specifically, the Debt Policy establishes parameters for issuing debt and managing a debt portfolio encompassing existing legal, economic, financial, and capital market conditions, the City's capital improvement needs, and its ability to repay financial obligations as they become due. The policy:

- Assists the City in the maintenance, acquisition, and replacement of appropriate capital assets for present and future needs;
- Guides the City in policy and debt issuance decisions;
- Provides a framework within which each potential issuance can be evaluated;
- Assists in controlling the types and levels of outstanding obligations;

- Outlines a mechanism to ensure ongoing compliance requirements governing outstanding obligations, and
- Ensures that the costs of debt issuance are borne equitably by each generation of taxpayers, rate payers, users, and other beneficiaries; and promotes sound financial management.

Strategic Planning – The City has adopted a long-term strategic plan that articulates a clear vision of its future integrated with an organizational philosophy to guide elected officials' and employees' actions and efficiently and effectively use resources. The plan is focused on the issues of greatest importance to the City Commission and its citizens. It will provide the framework that will enable the City to make prudent business decisions for its successful operation and the continuing development of the City as a highly desirable location for residents, businesses, and visitors. The plan includes benchmarks or milestones that measure the City's progress toward achieving its strategic goals and objectives.

REPORTING ACHIEVEMENT AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Annual Comprehensive Financial Report for the fiscal year ended September 30, 2023. The City has received the GFOA's prestigious Certificate of Achievement for Excellence in Financial Reporting award for forty years. To be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized annual comprehensive financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of only one year. We believe our current annual comprehensive financial report continues to meet the Certificate of Achievement program's requirements, and we are submitting it to the GFOA to determine eligibility for another certificate.

The financial responsibility exhibited by the Commission throughout the year is certainly commendable, especially given the current and future challenges the City faces, including continued economic challenges impacting its fiscal affairs and, ultimately, its residents. Your interest in the city's fiscal matters and commitment to assume sufficient financial capacity are appreciated.

This report, which conforms to all the latest effective standards of local government financial reporting, could not have been prepared without the extraordinary devotion of the Finance Department team. Their dedication merits special attention. Special thanks to the City's Economic Development Director, Jean McIntyre, for her contributions in providing a comprehensive profile of the City and readers with a summary of economic conditions impacting the City.

Sincerely,

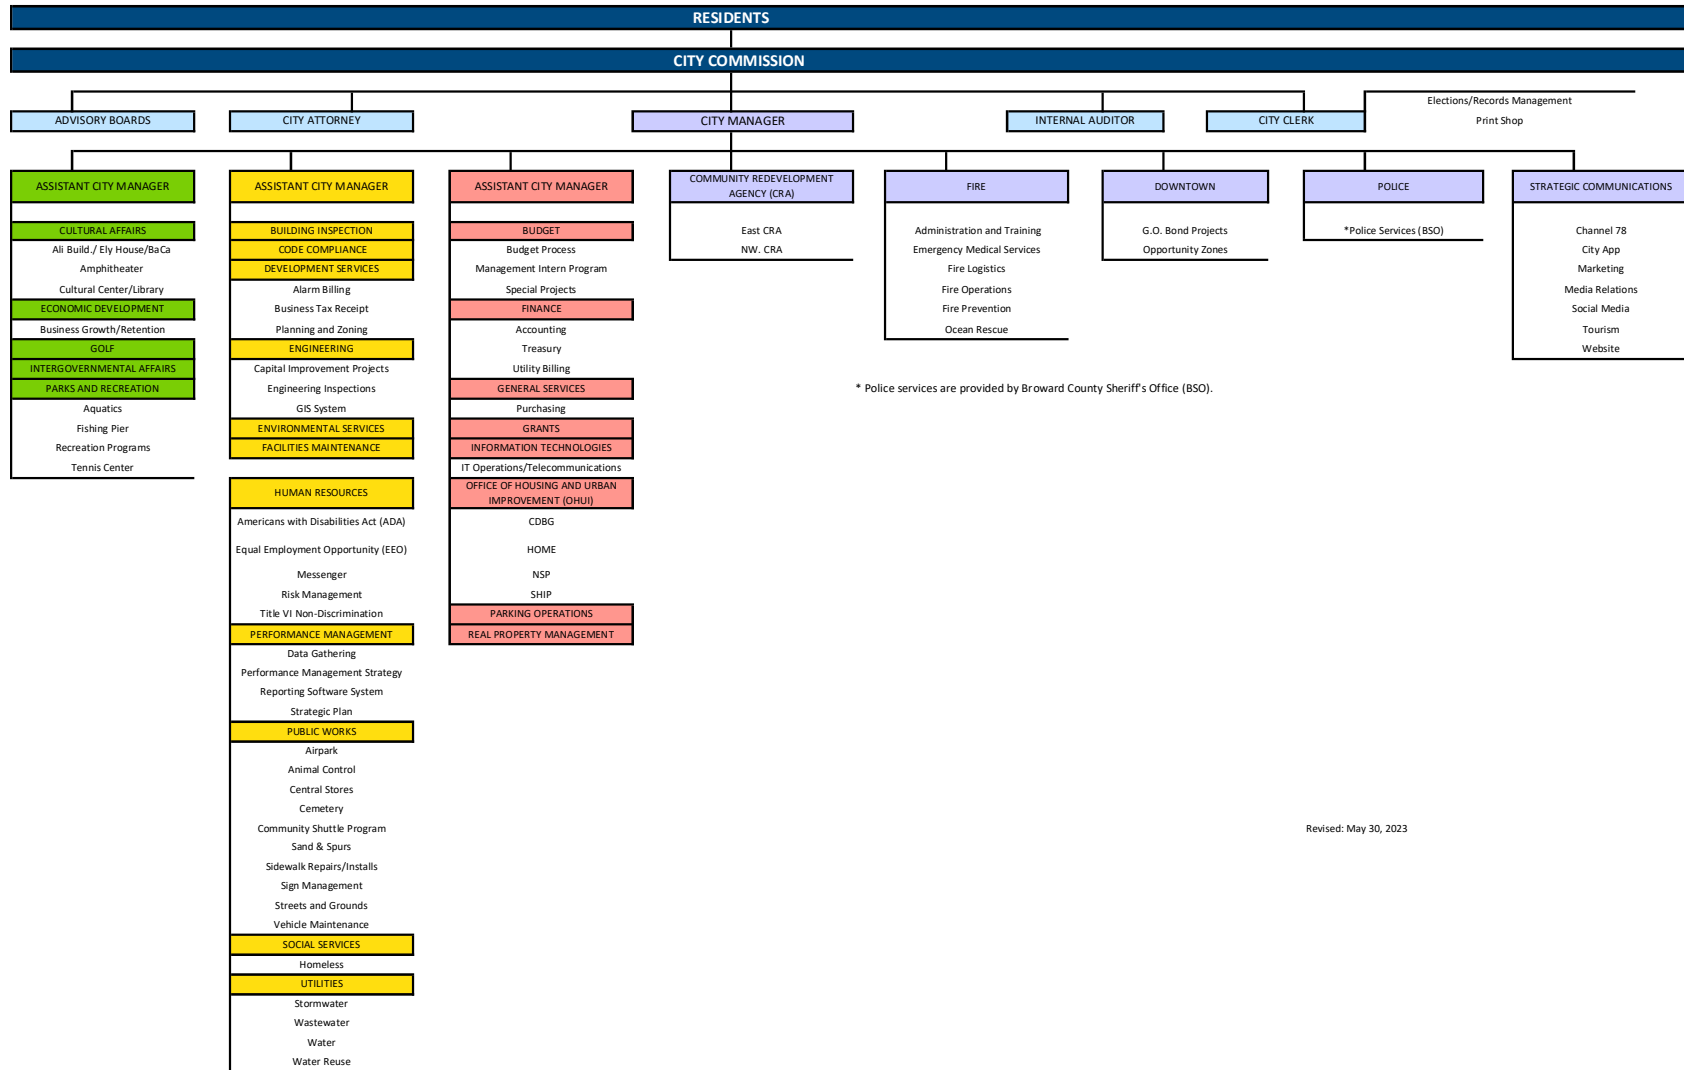

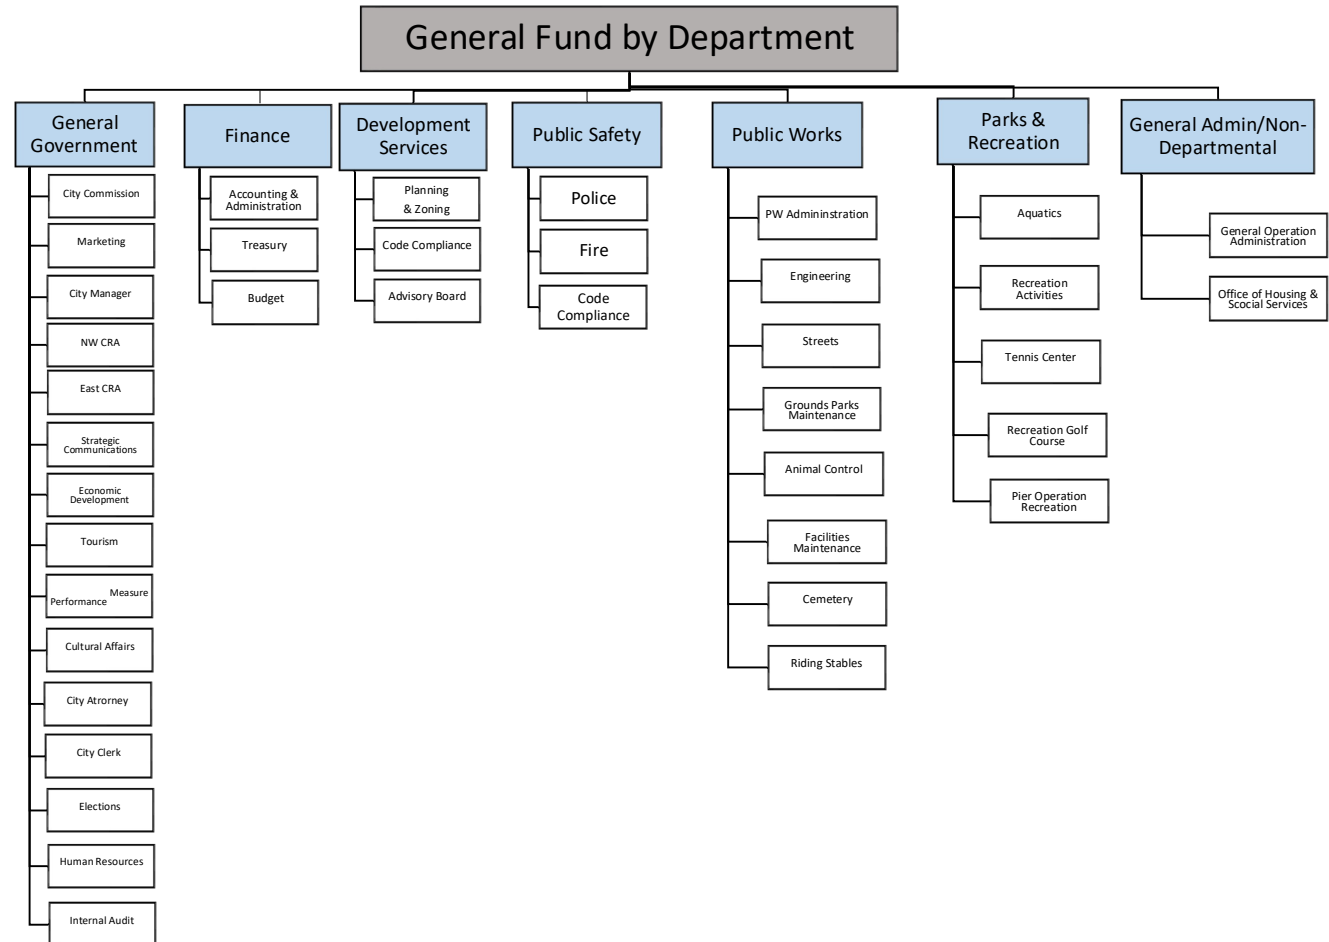

Allison Feurtado, CPA
Finance Director

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor,
City Commissioners and City Manager
City of Pompano Beach, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Pompano Beach, Florida (the "City"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the City of Pompano Beach General Employees' and the Pompano Beach Police and Firefighters' Retirement Systems (the Plans), which represents 87%, 89% and 68%, respectively, of the assets, net position/fund balance, and revenues/additions of the aggregate remaining fund information as of September 30, 2024. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Plans, is based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

City of Pompano Beach, Florida

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and other post-employment benefits and pension related schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit and the report of the other auditors, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

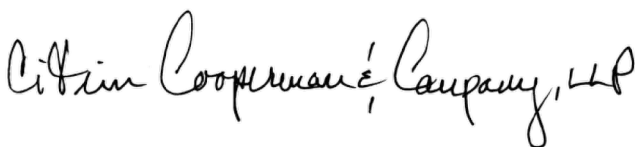

Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Governmental Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024

The City of Pompano Beach, Florida (the "City") offers readers of its financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2024. We encourage readers to consider the information presented here in conjunction with the letter of transmittal and financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

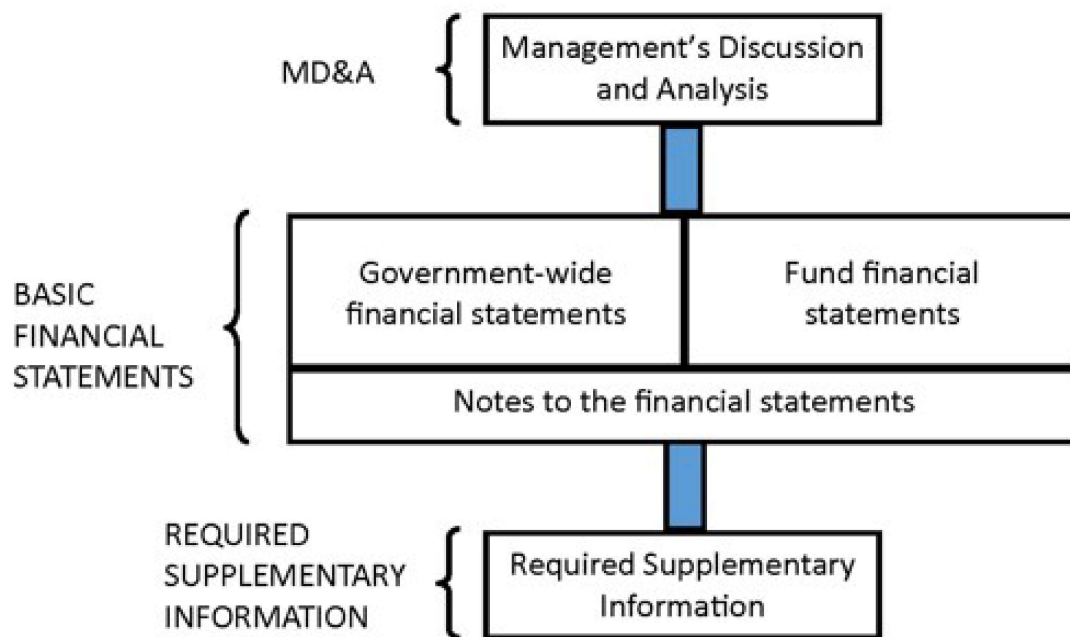

This annual report follows a format consisting of four parts – Management's Discussion and Analysis (this section), the Basic Financial Statements, Required Supplementary Information, and an additional section that presents combining statements and schedules for non-major governmental funds, non-major enterprise funds, internal service funds and fiduciary funds. The basic financial statements include two kinds of statements that present different views of the City.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the City's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements.
- The governmental fund statements show how general government services like public safety were financed in the short-term, as well as what remains for future spending.
- Proprietary fund statements offer short and long-term financial information about the activities the government operates like businesses, such as the water and sewer utility.
- Fiduciary fund statements provide information about the financial relationships – such as the retirement plans for the City's employees, in which the City acts solely as trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of Required Supplementary Information that further explains and supports the information in the financial statements. Figure 1 shows how the required parts of this annual report are arranged and relate to one another.

**CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024**

FIGURE 1

FINANCIAL HIGHLIGHTS

The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the fiscal year by \$515.2 million. The City's total net position increased by \$31.7 million. The increase noted was primarily as a result of current year operations as discussed in more detail below.

At the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$307.5 million, representing an increase of \$4.8 million from the previous fiscal year due to current year operations.

At the close of the current fiscal year the City's enterprise funds reported combined ending net position of \$209.9 million. This represents an increase of \$18.0 million from the previous fiscal year due to current year operations.

The increase was primarily due to the net result of the following activity:

- Increased investment earnings due to favorable market conditions.
- Decreased personnel costs due to pension adjustments to the General Employees Retirement System as determined by the actuarial valuation for the plan.
- Increased grant funding for various capital projects.

CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The statement of net position presents information on all of the City's assets/deferred outflows of resources and liabilities/deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, transportation, physical environment, economic environment and culture and recreation. The business-type activities of the City include utilities, stormwater, sanitation, parking and airport activities.

The government-wide financial statements include not only the City itself (the primary government), but also its blended component units, as discussed in the notes to the financial statements. In addition, the City has two defined benefit pension plans and a defined contribution pension plan established for the exclusive benefit of its employees and beneficiaries. The defined benefit pension plans are reported as fiduciary funds in the fund financial statements of this report, but are not included in the government-wide statements.

FUND FINANCIAL STATEMENTS

The Fund Financial Statements include statements for each of the three fund types; governmental, proprietary and fiduciary. The governmental fund financial statements are prepared using the current financial resources measurement focus and modified accrual basis of accounting. The proprietary fund financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Reconciliation of the Governmental Fund Financial Statements to the Government-wide Financial Statements are provided in the Basic Financial Statements to explain the differences between the governmental fund financial statements and the government-wide financial statements.

REPORTING THE CITY AS A WHOLE

Governmental-wide Financial Analysis Net position may serve over time as a useful indicator of the government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$515.2 million at September 30, 2024. The City's net position increased by \$31.7 million during the current fiscal year. The largest portion of the City's net position, 97.5%, reflects its net investment in capital assets. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, notes, or other borrowings or payables that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also

CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024

included in this component of net position. The City utilizes these capital assets to provide services to citizens; consequently these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt and other associated debt related items, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves will not be used to liquidate those liabilities. Approximately 22.6% or \$116.4 million of net position is subject to external restrictions for various purposes (e.g. building permitting function, capital projects etc.).

Total liabilities	<u>573,866,108</u>	<u>576,740,539</u>	<u>104,675,113</u>	<u>98,435,973</u>	<u>678,541,221</u>	<u>675,176,512</u>
Deferred inflows of resources	4,916,179	8,081,290	1,097,677	1,157,879	6,013,856	9,239,169
Net position:						
Net investment in capital assets	347,306,996	347,701,485	155,167,842	145,841,439	502,474,838	493,542,924
Restricted	112,588,561	112,068,355	3,844,086	3,844,086	116,432,647	115,912,441
Unrestricted	(150,913,386)	(164,709,173)	47,184,603	38,774,061	(103,728,783)	(125,935,112)
Total net position	<u>\$ 308,982,171</u>	<u>\$ 295,060,667</u>	<u>\$ 206,196,531</u>	<u>\$ 188,459,586</u>	<u>\$ 515,178,702</u>	<u>\$ 483,520,253</u>

At September 30, 2024, the City's governmental activities reported a negative balance of \$150.9 million in the unrestricted category primarily due to the net pension liability for the City's General Employees' and Police and Firefighters' pension plans. The City is able to report positive balances in the remaining categories of net position for its Governmental activities and Business-type activities.

Governmental Activities

There was a increase of \$2.1 million in current and other assets for governmental activities, primarily as a result of current year operations, as discussed in detail starting on page 10.

There was an increase of \$27.3 million in capital assets. The increase was primarily due to the net effect of the current fiscal year capital asset activity (as discussed in more detail on page 17) and the recognition of current fiscal year depreciation expense.

The decrease of \$21.5 million in deferred outflows of resources resulted primarily from the recognition of pension expense related to prior year deferred outflows of resources for the City's General Employees' and Police and Firefighters' pension plans. Deferred outflows of resources represents consumption of net assets applicable to future periods that will not be recognized as expenditures until the future period to which it applies (i.e. employer contributions made subsequent to the measurement date or projected earnings exceeding actual earnings on pension plan investments, changes in assumptions). Refer to Note (III)(C)(2) for additional information.

The decrease of \$1.1 million in long-term liabilities is primarily due to a decrease in the net pension liability in the current fiscal year related to the Police and Firefighters' pension plan. Net pension liability is calculated by the actuary engaged by the pension plan. The net pension liability is a function of

CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024

various factors, inclusive of investment income and changes in assumptions between fiscal years. Refer to Note (III)(C)(2) for additional information.

The decrease of \$1.7 million in other liabilities is primarily due to the reduction of non-recurring revenue from ARPA funding that was received in the prior years due to the COVID-19 pandemic.

Business-type Activities – The increase of \$2.9 million in current and other assets is primarily due as a result of current year operations, as discussed in detail starting on page 10.

The increase of \$22.8 million in capital assets is primarily due to the net effect of capital asset acquisitions and dispositions and recognition of current fiscal year depreciation expense (as discussed in more detail on page 18).

The decrease of \$1.8 million in deferred outflows of resources primarily resulted from the recognition of a net pension liability in the current fiscal year related to the City's General Employees' pension plan, partially related to the difference between projected and actual investment earnings for the Plan and differences between expected and changes of assumptions, which necessitated the deferral of outflows. Refer to Note (III)(C)(2) for additional information.

The increase of \$6.8 million in long-term liabilities is primarily the result of the adjustment in the actuarial valuation for the City's net pension liability.

The decrease of \$0.6 million in other liabilities is primarily the result of a decrease in outstanding payments due vendors compared to prior fiscal year end related to both the Utility Fund and the Stormwater Fund capital projects.

The decrease of \$0.1 million in deferred inflows of resources primarily resulted from the recognition of a net pension liability in the current fiscal year related to the City's General Employees' Pension Plan, partially related to the difference between projected and actual investment earnings for the Plan and changes of assumptions.

CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024

Governmental Activities – Governmental activities increased the City's net position by \$13.9 million.

Charges for services increased by \$9.0 million primarily as a result of expanded service area for neighboring communities (Lighthouse Point and Lauderdale by the Sea) and increased fire special assessment fees used to cover fire operation costs.

Operating grants and contributions decreased by approximately \$3.0 million, primarily due to nonrecurring grants received in the prior year not received in the current year related to the COVID-19 pandemic.

Capital grants and contributions decreased by approximately \$7.7 million, primarily due to less grants received in the current year for eligible transportation projects.

Tax revenues increased by \$11.6 million primarily due to an increase in property-assessed valuation for the year. Ad valorem revenue is a function of assessed property values, new construction, and the City's operating millage rates.

Investment earnings increased by \$6.7 million primarily due to favorable market conditions.

General government expenses decreased by \$3.2 million, primarily due to the net of a decrease in pension adjustments as determined by the actuarial valuation and an increase in tax increment payments to the City's Community Redevelopment districts (which is a function of the assessed values within those districts).

Public safety expenses decreased by \$36.5 million primarily due to a decrease in pension adjustments as determined by the actuarial valuation.

Physical environment expenses decreased by \$2.4 million primarily due to a decrease in pension adjustments as determined by the actuarial valuation.

Business-type Activities - Business-type activities increased the City's net position by \$17.7 million.

Charges for services increased by \$4.0 million primarily due to an expansion in service area to neighboring communities (Lighthouse Point and Lauderdale by the Sea), increased consumption usage due to new development within the City and increased utility rates.

Capital grants and contributions increased by \$5.0 million, primarily due to capital grants for utility projects, and grants for airport projects.

Investment earnings increased by \$3.1 million primarily due to favorable market conditions.

Utility operating expenses decreased by \$3.4 million primarily due to pension adjustments as determined by the actuarial valuation.

CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024

REPORTING THE CITY'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by State law, accounting regulations and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

Governmental Funds

Most of the City's basic services are reported in governmental funds, which focus on how money flows in and out of those funds and the balances remaining at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the Governmental Fund financial statements to those of the governmental activities of the Government-wide financial statements are explained in a reconciliation following each Governmental Fund financial statement.

**CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024**

General Fund

The General Fund is the chief operating fund of the City. The following pie charts depict the breakdown of actual receipts by revenue source and expenditures by function, for the fiscal year ended September 30, 2024:

Revenues Received by Source

Actual Expenditures By Function

CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024

At the end of the current fiscal year, unassigned fund balance for the General Fund was \$67.5 million, while total fund balance was \$79.2 million. The fund balance for the City's General Fund decreased by \$3.1 million during the current fiscal year.

The decrease of \$2.6 million in transfers-in is primarily due to the reduction of non-recurring prior year transfers from the American Rescue Plan Fund.

The increase in current expenditures of \$15.4 million is primarily due to increased costs in personnel services, increased costs for police services, and increased tax increment payments to the City's community redevelopment districts (which is a function of the assessed values within those districts).

The \$3.9 million increase in capital outlay expenditures is primarily due to the timing of capital outlays.

The increase of \$11.0 million in transfers out is primarily due to the increase of transfers to the Capital Projects Fund due to the timing of awards for various capital projects and subsidized operating costs for the Emergency Medical Services District Fund.

Northwest Community Redevelopment Agency Northwest District Fund

The fund balance of the Northwest CRA District Fund decreased by \$2.1 million primarily due to the timing of capital outlay projects.

East Community Redevelopment Agency East District Fund

The fund balance of the East CRA District Fund increased by \$4.0 million primarily due to the timing of capital outlay projects.

Emergency Medical Services District Fund

The fund balance of the Emergency Medical Services District Fund increased by \$23.0 thousand due to current operations and support from the General Fund.

Capital Projects Fund

The decrease in capital outlay expenditures of \$4.3 million is primarily due to the timing of capital outlays.

Transfers-in increased by \$7.6 million is primarily due an increase in funds for capital projects funded by the General Fund compared to the prior year.

Capital Project 2018 GO Bonds Fund

The fund balance of the Capital Project 2018 GO Bonds Fund decreased by \$0.9 million primarily due to the timing of capital outlays related to expenditures for the General Obligation Bonds Series 2018 funded projects.

Capital Project 2021 GO Bonds Fund

The fund balance of the Capital Project 2021 GO Bonds Fund decreased by \$6.1 million primarily due to timing of capital outlays related to expenditures for the General Obligation Bonds Series 2021 funded projects.

CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024

Proprietary Funds

When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. The City maintains internal service funds to report activities that provide services for the City's other programs and activities – such as the City's Risk Management Fund. Residual balances for internal service funds are reported with governmental and business-type activities in the Government-wide financial statements allocated based on each functions usage of those services.

Utility Fund

The net position of the Utility Fund increased by \$7.3 million.

Operating revenues increased by \$2.7 million primarily due to an increase in active accounts due to increased development within the City.

Personnel services expenses decreased by \$3.6 million primarily due to pension adjustments as determined by the actuarial valuation.

Other current expenses increased by \$1.3 million primarily due to an increase in administrative charges.

Investment earnings increased by \$1.9 million primarily due to favorable market conditions.

Capital grants and contributions increased by \$1.7 million primarily due to the contribution of capital assets from various developers.

Parking Fund

The net position of the Parking Fund increased by \$3.8 million primarily due to an increase in parking demand primarily on the barrier island.

Stormwater Fund

The net position of the Stormwater Fund increased by \$1.7 million primarily due to pension adjustments as determined by the actuarial valuation.

General Fund Budgetary Highlights

Original budget compared to final budget

The City made revisions to the original appropriations approved by the City Commission as allowable by City policy. Overall these changes resulted in an increase from the original budget of \$19.6 million.

The increase of \$5.0 million in the Public Safety expenditure budget was 5.24% increase due primarily to increased personnel costs.

The increase of \$10.8 million in the capital outlay budget is primarily due to appropriation of funds for various capital projects whereby these funds were approved by the City Commission and committed for that purpose in the prior fiscal year.

Final budget compared to actual

Tax revenue was approximately \$1.2 million higher than the final budget primarily due to an increase in ad-valorem collections as a result of higher property assessed value based on the final valuation from the County Property Appraiser's Office.

Permits, fees and special assessments revenue was approximately \$0.9 million higher than the final budget primarily as a result of greater than anticipated collections for electric franchise fees. The City assesses a 6% electric franchise fee for the electric provider's right to use the City's public right of way.

**CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024**

The fee is a pass through to City residents on their electric bills.

Charges for services revenue was \$2.3 million higher than the final budget primarily as a result of greater than anticipated receipts for engineering service, zoning and annual fire inspection fees due to increased development within the City.

Investment earnings were \$5.4 million higher than the final budget primarily due to favorable market conditions.

Capital outlay expenditures were \$2.4 million lower than the final budget primarily due to the timing of the expenditure of funds related to certain multi-year capital projects.

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2024, amounted to \$709.1 million, net of accumulated depreciation and amortization. This investment in capital assets includes land, construction in progress, building, equipment, improvements, infrastructure, intangible right-to-use assets and software on subscription.

Major capital assets events during the fiscal year included:

Governmental Activities

- Capital projects under construction in governmental activities had a net increase of \$23.4 million, primarily as a result of the completion of various major improvements listed below and the activity of continuing projects including the following:
 - Dixie Hwy/Atlantic Improvements
 - A1A Improvements
 - Fire Station # 52
- Improvements for governmental activities increased by \$4.7 million, primarily due to the completion of various construction in progress projects during the year, including the following:
 - Kendall Lakes Stormwater Improvement

**CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024**

Business-type Activities

- Capital projects under construction in business-type activities increased by \$7.5 million as a result of several new projects in the current fiscal year, including the following:
 - Lyons Park Improvement
 - Airport Runway Extension

Additional information on the City's capital assets can be found in the notes to the financial statements, Note II (C).

Outstanding Debt

At the end of the current fiscal year the City had total debt of \$275,259,562 outstanding compared to \$269,987,527 last year, a 2% increase.

Total	\$ 217,327,088	\$ 220,095,676	\$ 57,932,474	\$ 49,891,851	\$ 275,259,562	\$ 269,987,527

At September 30, 2024, the City's Certificates of Participation maintained a credit rating of AA- from Standard and Poor's and A1 from Moody's. The General Obligation Bond, Series 2018 and Series 2021 maintained a credit rating of AA from Standard and Poor's and Aa2 from Moody's. None of the City's other long term obligations were required to carry a credit rating at fiscal year end.

Required principal, interest and reserves on outstanding debt were provided for during the year. The City's Water & Sewer Bonds are pledged with the revenues from the water and sewer system. The City's Stormwater Utility Bond are pledged with the revenues from the stormwater utility system. The General Obligation Bond Series 2018 and 2021 are pledged with the property taxes levied by the debt service millage. The City fully anticipates that it will meet future debt service requirements for outstanding bond issues based on these pledged revenue sources. Additional information on the City's long-term debt can be found in the notes to the financial statements, Note II (G).

NEXT YEAR'S BUDGET

The City's total budget for the fiscal year 2025 is \$497.1 million. This represents an increase of \$71.5 million or 16.8% increase when compared to the FY 2024 adopted budget of \$425.7 million. Of this amount \$7.5 million increase for salary and benefits adjustments; \$5.1 million increase in pension contributions for both pension plans; \$5.5 million increase in other expenditures, mainly due to police services (\$2.2 million); \$7.8 million increase in repair and maintenance, utility services, and operating

**CITY OF POMPANO BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2024**

supplies; \$41.8 million increase in the capital budget due to 2024 utility bond financing of capital improvement projects and \$5.4 million increase in debt service primarily related the utility bonds; and a \$1.4 million increase in grant-in-aid for Tax Increment Financing (TIF) allocation to Pompano Beach Community Redevelopment Agency ("CRA") taxing districts.

The City's tax base for the upcoming FY 2025 increased by \$2.0 billion for a total of \$21,062,287,144, including new construction of \$136 million. As the City continues to invest in its infrastructure, more private investments will be attracted, which will increase the City's tax base. Business cycles aside, an increasing tax base allows the City to annually maintain service levels, while maintaining a competitive tax rate.

The adopted millage rates for FY 2025 are as follows: General Fund operating millage 5.2443, Emergency Medical Services District (EMS) millage rate 0.5000, and voted debt service millage rate 0.2884 (Series 2018) and 0.1965 (Series 2021). When compared to FY 2024 adopted millage rate, the FY 2025 adopted EMS millage rate remain unchanged. The adopted aggregate millage rate (Operating and EMS) of 5.7443 is approximately 7.25% above the rollback rate of 5.3559. The rollback rate is the millage rate at which the City would levy the same amount of ad-valorem revenues as in the previous fiscal year.

The adopted operating millage rate is anticipated to levy approximately \$105.5 million in property taxes to support and maintain service levels for the City's residents. Property taxes support about 47% of the total General Fund FY 2025 budget of \$223,303,000.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need any additional financial information, contact the City's Finance Department, at the City of Pompano Beach, 100 W. Atlantic Boulevard, Pompano Beach, Florida 33060.

CITY OF POMPANO BEACH, FLORIDA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2024

Fund Balances - total governmental funds	\$	307,509,677
--	----	-------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds:

Governmental capital assets	\$ 773,162,126	
Less accumulated depreciation	(288,516,455)	
Assets - right of use	16,157,430	
Accumulated amortization - right of use	<u>(2,596,922)</u>	498,206,179

Revenues in the statement of activities that do not provide current financial resources are reported as unavailable revenue in the governmental funds financial statements:

Operating grant receivable-culture/recreation	140,433	
Broward County - ad valorem	<u>198,287</u>	338,720

Long-term liabilities, including bonds payable are not due and payable in the current period and therefore are not reported in the governmental funds:

Tax increment & General Obligation bonds	(189,180,948)	
Net pension liability	(299,575,821)	
Deferred outflows related to pensions	39,398,007	
Deferred outflows related to OPEB benefits	570,875	
Deferred inflows of resources related to pensions	(1,210,722)	
Deferred inflows of resources related to OPEB	(2,783,516)	
Total OPEB liability	(9,423,187)	
Notes payable	(2,866,000)	
Compensated absences	(9,482,431)	
Financing arrangements payable and lease liability	(24,746,828)	
Accrued interest payable	<u>(2,158,575)</u>	(501,459,146)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the internal service funds that are reported with governmental activities are as follows:

Assets and Deferred Outflows	21,677,718	
Liabilities and Deferred Inflows	<u>(21,021,232)</u>	656,486

Adjustment for Internal Service Funds look-back		<u>3,730,255</u>
---	--	------------------

Net position of governmental activities	\$	<u><u>308,982,171</u></u>
---	----	---------------------------

CITY OF POMPANO BEACH, FLORIDA**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

Net change in fund balances - total governmental funds \$ 4,759,894

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are capitalized and depreciated over their estimated useful lives.

Expenditures for capital and right of use assets	\$ 45,207,282		
Less depreciation of capital assets	(15,893,558)		
Less amortization of right of use assets	<u>(1,098,307)</u>		28,215,417

Some revenues and expenses reported in the statement of activities are not reported in the funds because they have no effect on current financial resources.

Change in unavailable revenue	17,620		
Loss disposal of capital assets	(571,929)		
Donation of infrastructure assets	36,198		
Change in compensated absences liability	<u>(657,785)</u>		(1,175,896)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction however, has any effect on net position.

Amortization of GO Bond premiums	450,785		
Proceeds from financing arrangements	(6,688,083)		
Principal payments	<u>8,882,891</u>		2,645,593

Changes in the City's net pension liability, OPEB liability, deferred outflows and deferred inflows of resources for the current year are not reported in the governmental funds but are reported in the statement of activities.

Change in accrued interest	(182,159)		
Pension expense	(19,760,095)		
OPEB expense	<u>(204,356)</u>		(20,146,610)

Internal service funds are used by management to charge the costs of certain activities to individual funds.

The change in net position in the internal service funds is reported with governmental funds in the government-wide statement of activities.	(606,595)
--	-----------

Adjustment for Internal Service Funds look-back	229,701
Change in Net Position - Governmental Activities	<u><u>\$ 13,921,504</u></u>

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

(I) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of the City of Pompano Beach, Florida's (the "City") Significant Accounting Policies is presented to assist the reader in interpreting the financial statements and other data in this report. These policies are considered essential and should be read in conjunction with the accompanying financial statements.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Component units, although legally separate entities, are in substance part of the City's operations. The basic financial statements include both government-wide and fund financial statements. The government-wide focus is more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The fund financial statements focus on short-term results of operations and financing decisions at a specific fund level.

Internal service funds of a government (which provide services primarily to other funds of the government) are presented as part of the proprietary fund financial statements. Since the principal users of the internal services are the City's governmental activities, financial statements of internal service funds are primarily included in the governmental column when presented at the government-wide level. The costs of these services are allocated to the appropriate functional activity.

The City's fiduciary funds are presented in the basic financial statements by type (i.e. Pension). Since, by definition, these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the City, these funds are not incorporated into the government-wide statements.

The following is a summary of significant accounting policies of the City.

(A) Financial Reporting Entity

The City, located in Broward County, Florida, was incorporated in 1947. The legal authority by which the City was created and is governed by its charter, which was derived from Chapter 57-1754, Special Acts 1957, as amended. The City is governed by an elected five member district commission and a mayor at large and provides services to residents in many areas, including law enforcement and community enrichment. As required by accounting principles generally accepted in the United States of America, the accompanying financial statements present the reporting entity, which consists of the primary government and its component units. The component units discussed in Note1(B) below are included in the City's reporting entity because of the significance of their operational and financial relationships with the City. The City also has the following retirement plans:

- City of Pompano Beach General Employees' Retirement System (GERS), established in 1972 by Ordinance 73-3;
- Pompano Beach Police and Firefighters' Retirement System (PFRS), established in 1973 by Ordinance 73-11; and
- Defined Contribution Retirement System, established in 1996 by Ordinance 96-84.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

(B) Blended Component Unit Disclosure

The reporting entity of the City includes the following component units:

The Pompano Beach Community Redevelopment Agency (the "CRA"), comprised of the Northwest and East Districts (the "Districts"), was established in 1988 by Ordinance 89-27 and in 2001 by Resolution 2002-12, respectively, pursuant to the authority set forth in Florida Statutes, Chapter 163, Part III. These Districts are dependent special districts governed by a five member board comprised of the City Commission and a mayor at large. Although legally separate from the City, each District is reported as part of the primary government as a special revenue fund, because each District is governed by the members of the City Commission and management of the City has operational responsibility for the CRA. The CRA issues separate financial statements that may be obtained by writing to the City of Pompano Beach, 100 W. Atlantic Blvd, Suite 480, Pompano Beach, Florida 33060.

The Pompano Beach Emergency Medical Services District (the "EMS District"), established in 1974 by Ordinance 75-18, is a dependent special district created to provide emergency medical care and transportation to the residents of the City. EMS is reported as a blended component unit because it is governed by the City Commission and there is a financial benefit or burden relationship between the City and EMS. EMS is reported as a special revenue fund. The EMS District does not issue separate financial statements.

Herb Skolnick Cultural Arts Foundation (the "CAF"), established in 1999 by Resolution 99-13, is reported as a blended component unit because it is governed by the City Commission and management of the City has operational responsibility for the CAF. The CAF is reported as a special revenue fund. The CAF does not issue separate financial statements.

The criterion used for including component units in the reporting entity of the City consists of identification of legally separate organizations for which the elected officials of the City are financially accountable. This criterion also includes identification of organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Under the blended method, component unit balances and transactions are reported in a manner similar to the balances and transactions of the primary government itself. The City has no discretely presented component units.

(C) Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City and its component units.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

For the most part, the effect of interfund activity has been removed from these financial statements to avoid distorted financial results, with the exception of interfund services provided and used. Governmental activities, which primarily are supported by taxes and intergovernmental revenues are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items, which are not classified as program revenues, are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Activities of non-major governmental funds and non-major enterprise funds are aggregated in the respective fund financial statements.

(D) Measurement focus, basis of accounting, and financial statement presentation

The government-wide, proprietary and fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar type items are recognized as revenue as soon as all eligibility requirements have been met. Unbilled service revenue is accrued in the enterprise funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, consistent with accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. Expenditures related to pensions and other post employment benefits are recognized when the City has made a decision to fund those obligations with current available resources. General capital asset acquisitions, including entering into contracts giving the City the right to use assets, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases and subscription-based information technology arrangements are reported as other financing sources.

Property taxes when levied, and other taxes (such as franchise taxes, utility taxes and

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

sales tax), fees and fines, charges for services, interest and intergovernmental revenue for which eligibility requirements have been met are all considered to be measurable, and accordingly, have been recognized as revenues of the current fiscal period, if available.

All other revenue items are considered to be measurable only when cash is received by the City.

The City reports the following major governmental funds:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Northwest Community Redevelopment District Fund (NW CRA) accounts for a City agency which uses tax-increment financing to encourage development and the resources accumulated therein are restricted to those activities.

The East Community Redevelopment District Fund (East CRA) accounts for a City agency which uses tax-increment financing to encourage development and the resources accumulated therein are restricted to those activities.

The Emergency Medical Services District Fund (EMS) accounts for ad valorem taxes and emergency transport fees collected for emergency medical services provided by the City and the resources therein are committed to support that function.

The Capital Projects Fund accounts for the resources accumulated and expenditures made for the acquisition or construction of long term capital assets other than for amounts accounted for in proprietary funds.

Capital Project 2018 GO Bonds Fund accounts for the resources accumulated and expenditures made for the acquisition or construction of long term capital assets for the General Obligation Bonds – Series 2018.

Capital Project 2021 GO Bonds Fund accounts for the resources accumulated and expenditures made for the acquisition or construction of long term capital assets for the General Obligation Bonds – Series 2021.

The City reports the following major proprietary funds:

The Utility Fund which accounts for the provision of water and sewer services to residents of the City and surrounding areas.

The Parking Fund which accounts for parking operation activities throughout the City.

The Stormwater Fund which accounts for the provision of stormwater services to residents of the City and surrounding areas.

The City also has certain funds (Building Permit Fund, Special Purpose Fund, Law Enforcement Trust Fund (LETF), State Housing Initiative Partnership Grant Fund (SHIP), American Rescue Plan Act Fund, Other Grants Fund, Affordable Housing Fund, Cultural Arts Foundation, Cemetery, GO Bonds Debt Fund, Building Inspections Capital Fund,

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Airpark and Sanitation) that do not meet the GASB Statement No. 34 criteria for major fund classification.

Additionally, the City reports the following fund types:

Internal Service Funds:

The Internal Service Funds account for central stores, information technology, central services, risk management (health), risk management (general) and vehicle services provided to other departments or agencies of the government, on a cost reimbursement basis.

Fiduciary Funds:

The City of Pompano Beach General Employees' Retirement System Pension Trust Fund accounts for the accumulation of resources to be used for retirement benefit payments to the majority of City employees. Resources are contributed by employees at rates fixed by contract and by the City at amounts determined by an annual actuarial valuation.

The Pompano Beach Police and Firefighters' Retirement System Pension Trust Fund accounts for the accumulation of resources to be used for retirement benefit payments to City police officers and firefighters. Resources are contributed by employees at rates fixed by contract and by the City at amounts determined by an annual actuarial valuation.

The effect of interfund activity has been eliminated from the government-wide financial statements, except for charges between the enterprise funds activity and various other functions of the government.

Amounts reported as program revenues include 1) charges for service, 2) operating grants and contributions, and 3) capital grants and contributions.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

(E) Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, time and demand deposits and short term investments with original maturity dates within three months of the date acquired by the City.

(F) Investments

Investments in participating interest-earning contracts that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost. All other investments, including pension trust fund and component unit investments, are reported at fair value or amortized cost. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

(G) Inventories/Prepays

Inventories consist of supplies and equipment replacement parts, valued using the weighted average cost. Prepays represent goods and services which are paid for in one period, but benefit a future period. Inventories and prepays are recorded as an expenditure/expense in the fund level and government-wide financial statements in the period benefited. Inventories/prepays for governmental fund types are reported as an asset of the fund with a corresponding amount recorded as non-spendable fund balance.

(H) Due to/from other funds and Advances to/from other funds

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due to/from other funds" and are expected to be repaid within one year of the balance sheet date. Activities between funds that are representative of long-term lending/borrowing arrangements (not expected to be repaid within one year from the balance sheet date) outstanding at the end of the fiscal year are referred to as "advances to/from other funds."

(I) Capital Assets

Capital assets recorded in the government-wide and proprietary fund statements are stated at historical cost or estimated historical cost and include, land, construction in progress, buildings, improvements, equipment, infrastructure, art work, and intangible assets (such as right-to-use agreements, right-of-way easements, utility easements, land use rights, computer software etc.). Contributed capital assets are recorded at acquisition value when received.

In governmental fund financial statements, the cost associated with the acquisition or construction of capital assets are shown as capital outlay expenditures. Capital assets

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

are not shown on the governmental fund balance sheet and no depreciation expense is recognized in the governmental fund statement of revenues, expenditures and changes in fund balances.

Depreciation on all assets meeting the City's capitalization threshold of \$5,000 including those obtained through contributions is charged to operations. A \$25,000 threshold is maintained for additions to infrastructure and intangible capital assets.

Depreciation is provided using the straight-line method over the estimated useful lives of the respective assets. Estimated useful lives are as follows:

Buildings/Infrastructure	15-50 Years
Improvements other than buildings	5-50 Years
Machinery and equipment	3-15 Years
Art Work	5-50 Years

Major outlays for capital assets and improvements are capitalized as projects are constructed.

(J) Leases

Leases are defined by the general government as the right to use an underlying asset. As lessee, the City recognizes a lease liability and an intangible right-of-use lease asset at the beginning of a lease unless the lease is considered a short-term lease or transfers ownership of the underlying asset. Right-of-use lease assets are measured based on the net present value of the future lease payments at inception, using the weighted average cost of capital, which approximate the incremental borrowing rate. Re-measurement of a lease liability occurs when there is a change in the lease term and/or other changes that are likely to have a significant impact on the lease liability. The City calculates the amortization of the discount on the lease liability and report that amount as outflows of resources. Payments are allocated first to accrued interest liability and then to the lease liability. Variable lease payments based on the usage of the underlying assets are not included in the lease liability calculations but are recognized as outflows of resources in the period in which the obligation was incurred.

As lessor, the City recognizes a lease receivable. The lease receivable is measured using the net present value of future lease payments to be received for the lease term and deferred inflow of receivables at the beginning of the lease term. Periodic amortization of the discount on the receivable are reported as interest revenue for that period. Deferred inflows of resources are recognized as inflows on a straight-line basis over the term of the lease. This recognition does not apply to short-term leases, contracts that transfer ownership, leases of assets that are investments, or certain regulated leases. Any initial direct costs are reported as an outflow of resources for that period. Re-measurement of lease receivables occur when there are modifications, including but not limited to changes in the contract price, lease term, and adding or removing an underlying asset to the lease agreements. In the case of a partial or full lease termination, the carrying value of the lease receivable and the related deferred inflow of resources will be reduced and will include a gain or loss for the difference. For lease contracts that are short-term, the City recognizes short-term lease payments as inflows of resources (revenues) based on the payment provisions of the lease contract. Liabilities are only recognized if payments are

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

received in advance, and receivables are only recognized if payments are received subsequent to the reporting period.

(K) Subscription-Based Information Technology Arrangements (SBITA)

A SBITA is a contract that conveys control of the right to use a third-party's information technology software. SBITAs with the maximum possible term under the SBITA contract of 12 months or less are considered short-term SBITA and recognized as outflows of resources.

The City recognized a subscription liability and an intangible right-to-use subscription asset at the commencement of the contract unless the SBITA is considered a short-term SBITA or the contract is considered a transfer ownership of the underlying assets. The subscription liability is measured at the present value of subscription payments expected to be made during the subscription term using the City's incremental borrowing rates. A subscription asset is initially recorded at the initial measurement of the subscription liability, plus subscription payments made at the commencement of the subscription term, less any incentives received from the SBITA vendor at, or before, the commencement of the subscription term. The subscription term begins when the City has obtained control of the right to use the underlying subscription assets and the subscription asset is placed into service.

A subscription asset is amortized on a straight-line basis over the shorter of the subscription term or the useful life of the underlying subscription asset. Remeasurement of the subscription liability occurs when there is a change in the subscription term and/or other changes that are likely to impact the subscription liability significantly.

The City calculates the amortization of the discount on the subscription liability and reports that amount as outflows of resources. For SBITAs that do not have implicit interest rates, the City's incremental borrowing rates are used. Incremental borrowing rates are estimated rates that the City would be charged for borrowing the payment amounts during the subscription term. Payments are allocated first to accrued interest and then to the subscription liability. Variable payments based on the usage of the underlying assets are not included in the subscription liability calculations but are recognized as outflows of resources when the obligation was incurred.

(L) Deferred Outflows and Inflows of Resources

The Statement of Net Position and Balance Sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent the consumption of net assets applicable to future periods and will not be recognized as expenditures or expenses until the future period to which it applies. The following items are reported in this category. The deferred charges related to the carrying value of refund debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows related to pensions include investment gains and losses, demographic gains and employer pension contributions made after the measurement date, which will be recognized in future fiscal years. The deferred outflows related to Other Post-Employment Benefits (OPEB) are comprised of assumption changes.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Deferred inflows of resources represent the acquisition of net assets applicable to future periods and will not be recognized as revenue until the future period to which it applies. The deferred inflows of pension and Other Post-Employment Benefits (OPEB) include earnings on investments, the difference between expected and actual experience and assumption changes. Deferred inflows on leased assets will be recognized as revenues in future fiscal years as provided for in the lease agreements. In the governmental funds balance sheet only, unavailable revenue is reported for ad valorem and grants received in advance. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

(M) Risk Management

The City is self-insured for automobile liability, general liability, and worker's compensation liability, including public official's liability and property damage claims pursuant to Florida Statute Section 768.28 (Waiver of Sovereign Immunity in Tort Actions; Recovery Limits; Limitation on Attorney Fees; Statute of Limitations; Exclusions; Indemnification; Risk Management Programs).

The City has purchased insurance to cover its property exposures in excess of a \$100,000 per occurrence / 5% windstorm deductible. In addition, the City has purchased general liability insurance coverage for the airport. The City's retention for worker's compensation claims is \$350,000 per occurrence, while general and automobile liability statutory limit is \$200,000 per person and \$300,000 per occurrence. These limits do not apply to actions brought in federal courts or to claim relief bills approved by the Florida legislature.

The risk management funds charge the operating funds insurance premiums. The accrued liability for estimated insurance claims represents an estimate of the ultimate cost of settling claims arising prior to year end including claims incurred but not yet reported. The City has insurance coverage for health claims with a commercial carrier. The City accounts for its Risk Management activities in the internal service funds.

(N) Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. When terminated, an employee is paid for accumulated vacation leave and a percent of unused sick leave hours, subject to certain limitations. All vacation and sick pay is accrued when earned in the government-wide and proprietary fund financial statements. Expenditures for accumulated compensated absences have been recorded in the governmental funds only for amounts payable to employees who have terminated as of the end of the fiscal year.

(O) Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts and gain/loss on bond refunding are deferred and amortized over the life of the bonds using the straight line

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

method, which is not materially different than the effective interest method. Bonds payable are reported net of the unamortized amount of the applicable bond premium/discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Payments on debt are recorded as expenditures. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Debt issuance costs, except any portion related to prepaid insurance costs, are recognized as an expense in the period incurred in government-wide and proprietary fund statements. Prepaid insurance costs are reported as an asset and recognized as an expense over the duration of the related debt.

(P) Employee Benefit Plans and Net Pension Liability

The City provides separate defined benefit pension plans for general employees and for uniformed police and fire department personnel, as well as optional defined contribution pension plans created in accordance with Internal Revenue Code Sections 401(a) and 457. The 401(a) and 457 plan assets have been placed in trust accounts with third-party plan administrators for the exclusive benefit, and under the control, of participants and their beneficiaries and not considered assets of the City. Accordingly, the 401(a) and 457 plan assets and liabilities are not included in the City's financial statements.

The Police and Firefighters' Retirement Plan (PFRS) is a single employer plan with the City being named as the Plan sponsor. In August 1999, the City contracted with the Broward County Sheriff's Office ("BSO") whereby the BSO would provide policing services in Pompano Beach. As a result, all of the City's police officers were employed by the BSO. Participating police officers were given the option to either remain in the Plan or switch to the BSO's retirement plan and the Plan was closed to new police officers. The City contracted with BSO to make annual contributions to the PFRS as actuarially determined. However, the City is ultimately obligated to ensure that the Plan is funded each year, despite its contract with BSO.

At September 30, 2024 the City recorded a net pension liability related to the General Employees' Retirement Plan and a net pension liability related to the Police and Firefighters' Retirement Plan in its government-wide and enterprise fund statements of net position, as applicable. For governmental activities it is expected that the net pension liability will be liquidated by the General and EMS Funds. For business-type activities, the enterprise funds will be responsible for liquidating that component of the City's net pension liability and the net pension liability is recorded within these individual fund financial statements to reflect this, in accordance with accounting recognition criteria. The net pension liability is the difference between the total pension liability (the present value of projected benefit payments to employees based on their past service) and the assets (mostly investments reported at fair value) set aside in a trust and restricted to paying benefits to current employees, retirees and their beneficiaries). Please refer to Note (III) for further information.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

(Q) Post Employment Benefits Other Than Pensions (OPEB)

Pursuant to Section 112.0801, Florida Statutes, the City is mandated to permit participation in the health insurance program by retirees and their eligible dependents at a cost to the retiree that is no greater than the cost at which coverage is available for active employees. Retirees pay 100% of the blended (active and retiree combined) equivalent premium rates. The blended rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees.

The City currently provides these benefits in accordance with the vesting and retirement requirements for its General Employees' Retirement System (GERS) and Police and Firefighters' Retirement System (PFRS).

The City is financing other post employee benefits (OPEB) on a pay-as-you go basis. As determined by an actuarial valuation, the City records a total OPEB liability in its proprietary and government-wide financial statements related to the implicit subsidy. Please refer to Note II (J) for further information.

(R) Pollution Remediation Obligations

Once any one of five specified obligating events below occurs, the City is required to estimate the components of expected pollution remediation outlays and determine whether outlays for those components should be accrued as a liability or, if appropriate, capitalized when goods and services are acquired. Components of a liability (for example, legal services, site investigation, or required post-remediation monitoring) should be recognized as they become reasonably estimable. Obligating events include the following:

- The City is compelled to take pollution remediation action because of an imminent endangerment to the public.
- The City violates a pollution prevention-related permit or license.
- The City is named, or evidence indicates that it will be named, by a regulator as a responsible party or potentially responsible party (PRP) for remediation, or as a government responsible for sharing costs.
- The City is named, or evidence indicates that it will be named, in a lawsuit to compel participation in pollution remediation.
- The City commences or legally obligates itself to commence pollution remediation.

The City measures pollution remediation obligations using the expected cash flow technique. Estimates of a pollution remediation liability are adjusted when benchmarks are met or when new information indicates changes in estimated outlays due to, for example, changes in the remediation plan or operating conditions. These changes may include the type of equipment, facilities, and services that will be used, price increases or

CITY OF POMPANO BEACH, FLORIDA

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

reductions for specific outlay elements, such as ongoing monitoring requirements, changes in technology, and changes in legal or regulatory requirements. The City has adopted a minimum reporting threshold of \$100,000, per obligating event. Therefore only remediation sites with outlays estimated to meet or exceed that amount are reported in the financial statements. The City has not recorded any pollution remediation obligations at September 30, 2024.

(S) Unearned/Unavailable Revenue

Resources that do not meet revenue recognition requirements (not earned) are recorded as unearned revenue in the government-wide and the governmental and proprietary fund financial statements. In addition, amounts related to governmental fund receivables that are measurable, but not available (not received within 60 days from fiscal year end), are recorded as unavailable (a deferred inflow of resources) in the governmental fund financial statements.

(T) Fund Balance/Net Position

In the governmental fund financial statements, fund balance classifications are as follows:

- Nonspendable Fund Balance – amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- Restricted Fund Balance - amounts that are restricted to specific purposes when constraints placed on the use of resources are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed Fund Balance - amounts that can only be used for specific purposes pursuant to constraints imposed by formal City Ordinance or Resolution which are equally binding by the City Commission, which is the City's highest level of legal authorization. Constraints may only be removed by similar City Commission action.
- Assigned Fund Balance – amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. Assignments are made directly by the City Commission via resolution.
- Unassigned Fund Balance – includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balances are available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as follows:

- Net Investment in Capital Assets – consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, notes, or other obligations that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related obligations are also included in this component of net position.
- Restricted Net Position – amounts that are restricted to specific purposes when constraints placed on the use of resources are either by (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. These amounts are reduced by liabilities and deferred inflows of resources related to those assets.
- Unrestricted Net Position – have no third party limitations on their use. While City management may have categorized and segmented portions for various purposes, the City Commission has the unrestricted authority to revisit or alter these managerial decisions.

(U) Restricted Net Position

Restricted Net Position consists of amounts restricted to comply with grant contracts and other externally imposed constraints or by legislation that are legally enforceable. At September 30, 2024, the Government-wide statement of net position reports \$116,432,647 in restricted net position. Of this amount, \$112,711,253 is restricted as a result of enabling legislation.

(V) Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and deferred outflows of resources and liabilities and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from those estimates.

(W) Implementation of Governmental Accounting Standards Board (GASB) Statements

The City implemented the following new accounting pronouncements in the fiscal year ended September 30, 2024:

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024**

1. GASB Statement No. 100, *Accounting Changes and Error Corrections- an amendment of GASB Statement No. 62*. This Statement will enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. Implementation of this standard had no material impact to the City's financial statements.
2. GASB Statement No. 101, *Compensated Absences*. This Statement will aim to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. Implementation of this standard had no material impact to the City's financial statements.
3. GASB Statement No. 102, *Certain Risk Disclosures*, was issued in December 2023. State and local governments face a variety of risks that could negatively affect the level of service they provide or their ability to meet obligations as they come due. Although governments are required to disclose information about their exposure to some of those risks, essential information about other risks that are prevalent among state and local governments is not routinely disclosed because it is not explicitly required. The objective of this statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. Implementation of this standard had no impact to the City's financial statements.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

(II) DETAILED NOTES ON ALL FUNDS

(A) Cash and Cash Equivalents and Investments

The City maintains pooled cash, cash equivalents and investments that are available for use by all funds except for those in which the cash and investments must be segregated due to bond indenture or other legal restrictions, such as the Pension Trust Funds.

Interest earned on pooled cash, cash equivalents and investments is allocated to funds based on average daily balances.

The following are components of the cash, cash equivalents and investments at September 30, 2024:

	Unrestricted		Restricted		Total cash, cash equivalents and investments
	Cash and cash equivalents	Investments	Cash and cash equivalents	Investments	
Governmental activities:					
General	\$ 2,905,580	\$ 71,713,283	\$ 2,657,808	\$ -	\$ 77,276,671

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Public Deposits:

Florida Statutes, Chapter 280, Florida Security for Public Deposits Act (the Act) prescribes depository authority of the City. Deposits whose balance exceeds the limits of federal depository insurance are collateralized pursuant to Florida Statutes, Chapter 280, Florida Security for Public Deposits Act. Under this Act, financial institutions which are qualified as public depositories place with the State Board of Administration ("SBA"), securities which have a fair value equal to 50 percent of the average daily balance for each month of all public deposits in excess of applicable deposit insurance. The Public Deposit Security Trust Funds have a procedure to allocate and recover losses in the event of default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof. It is the City's practice to ensure that all its public deposits are maintained with a qualified depository and as a result, all City depositories at fiscal year end were designated as qualified public depositories in accordance with Florida Statute. As of September 30, 2024, the amount of deposits that the City held in qualified depositories was \$49,387,515.

Investment Authorization:

The City's investment program is established in accordance with the City's investment policy, which was adopted via resolution by the City Commission, and Florida State Statute Chapter 218.415, Local Government Investment Policies, which establishes investment plan guidelines for local governments in Florida. The City's investment policy allows for the purchase of the following investments: Florida Local Government Surplus Funds Trust Fund, United States Treasury securities, United States Government Agency securities with the full faith and credit of the United States Government, Federal Instrumentalities (Government Sponsored Enterprises), Corporate Notes, Commercial Acceptances, State and/or Local Government Taxable and/or Tax-Exempt Debt, Money Market Mutual Funds, Intergovernmental Investment Pools and Savings Accounts of financial institutions that are Qualified Public Depositories, in accordance with Florida State Statute Chapter 280.01, Security for Public Deposits.

The City has a General Employees' Retirement System and a Police and Firefighters' Retirement System (the Plans) whose investments are held separately from those of other City funds. The Plans' adopted investment policies (as adopted by the Board of Trustees for each Plan) comply with guidelines stipulated in Florida Statutes, Chapter 280, Florida Security for Public Deposits Act and Chapter 112, Local Retirement System Investment Policies.

The Pompano Beach Police and Firefighters' Retirement System's investment policy is also governed by Chapter 175, (Firefighter Pensions) and 185 (Municipal Police Pensions), Florida Statutes. Both Plans also apply the "Prudent Person Rule" when executing investment strategies.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS

(1) 10% for treasury strips

(2) excludes one (1) business day agreements and overnight sweep agreements

NA-not applicable

Security:

The City and the Pension Plans have a third party custodial arrangement with certain financial institutions to accept securities on a delivery vs. payment basis for direct purchase agreements. Securities purchased in the City's or Pension Plan's name are registered in the name of the City or Pension Plans by an agent of these entities and are confirmed with safekeeping statements.

Fair Value Measurement: (City)

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). While the underlying asset values are based on quoted prices or market-corroborated inputs, the net asset value of the portfolio is not publicly quoted. As such, this is reported as level 2, since the value is based on market-corroborated data.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2024

The City does not value any of its investments using level 1 or level 3 inputs.

The City has the following recurring fair value measurements as of September 30, 2024:

		Fair Value Hierarchy		
		Quotes Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by fair value level	Reported Value

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Risk Disclosures: (City)

Interest Rate Risk – Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates.

The City employs multiple investment duration and investment management strategies which seek to minimize the City's portfolio interest rate risk. The City maintains sixty days or more of liquidity in overnight investments and remaining assets are invested in short term securities with maturity and diversification limitations to further minimize changes in market price, as interest rates change.

Information about the sensitivity of the fair values of the City's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity at September 30, 2024:

Investment Type	Remaining Maturity (in years)						
	Reported Value	Less than 1	1 to 2	2 to 3	3 to 4	4 to 5	5+ Years
US Treasury Notes	\$ 87,864,086	\$ 34,641,972	\$ 13,399,106	\$ 32,019,295	\$ 5,905,588	\$ 1,898,125	\$ -
US Sponsored Agencies	121,625,717	42,567,707	25,471,521	16,966,100	9,428,748	6,484,774	20,706,867

Corporate Bonds	56,419,992	14,928,762	25,172,043	10,577,986	2,450,603	3,290,598	-
Municipal Bonds	1,621,117	619,751	-	1,001,366	-	-	-
Cash and Cash Equivalents	87,459,200	-	-	-	-	-	-
Total Government-wide	<u>\$ 369,905,698</u>	<u>\$ 92,758,473</u>	<u>\$ 66,287,917</u>	<u>\$ 65,215,731</u>	<u>\$ 24,442,187</u>	<u>\$ 13,035,323</u>	<u>\$ 20,706,867</u>

Credit Risk: City

Credit Risk – This is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. One measure of the perceived credit risk of an issuer is the credit rating. The City's investment policy provides strict guidelines and limits investments to highly rated securities with minimum ratings of AAA for money market funds, AA for corporate notes, A-1 for commercial paper and AAA for US Agencies and US Treasuries. To further minimize credit risk the City's investment policy also provides asset allocation limits for each security type. Issuer limits are also provided for certain investment types.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

Corporate notes limits (25%) and commercial paper limits (25%) are established with additional asset allocation limits for the sector (10%) and issuer (2%). The following table discloses composite credit ratings by investment type for the City as rated by Moody's or Standard & Poor's (Fitch for LGIP) at September 30, 2024:

Investment Type	Rating at September 30, 2024				
	Reported Value	AAAm	P-1	Aaa/AAA/Aa/A/AA/A-1	AAAf/S2
US Treasury Notes	\$ 87,864,086	\$ -	\$ -	\$ 87,864,086	\$ -
US Sponsored Agencies	121,625,717	-	-	121,625,717	-
Asset Backed Securities	14,915,586	-	-	14,915,586	-
Corporate Bonds	56,419,992	-	-	56,419,992	-
Municipal Bonds	1,621,117	-	-	1,621,117	-
Money Market Mutual Funds	37,817,992	37,817,992	-	-	-
Total Investments					
with Credit Risk	320,264,490	\$ 37,817,992	\$ -	\$ 282,446,498	\$ -
Demand Deposits	49,641,208				
Total City Portfolio	<u>\$ 369,905,698</u>				

Concentration of Credit Risk – Concentration of credit risk is defined as the risk of loss attributed to the magnitude of an investment in a single issuer.

The investment policy of the City includes limitations on the amount that can be invested in any one issuer as stated in the maximum portfolio percentages stated earlier. There were no individual investments that represent 5% or more of the City's total investments (excluding investments issued or explicitly guaranteed by the US government and investments in mutual funds, external investment pools, and other pooled investments) at September 30, 2024.

Custodial Credit Risk – This is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are held by the counterparty. It is the City's policy that all investments purchased by the City be designated as an asset of the City in the City's name, despite being held in safekeeping by the City's custodial bank or a third party custodial institution, chartered by the United States Government or the State of Florida. Consistent with the Plans' investment policies, investments are held by the Plans' custodial bank and registered in the Plans' name. Investments in mutual funds and external investment pools are not subject to custodial credit risk.

Florida Statutes GERS

Florida Statutes and the investment policy authorize the Board of Trustees for the City of Pompano Beach General Employees' Retirement System to acquire any kind of investment property, real, personal or mixed, and every kind of investment specifically including, but not by way of limitation, bonds, debentures, and other corporate obligations and stocks, preferred or common, which persons of prudence, discretion and intelligence acquire or retain for their own account.

The investment policy stipulates the following maximum portfolio percentages:

CITY OF POMPANO BEACH, FLORIDA

Authorized Investments	Maximum % Portfolio Composition
Domestic Equities	25-70%
International Equities	0-15%
Fixed Income	0-40%
Real Estate	5-20%
Alternatives	0-45%
Cash and Cash Equivalents	0-10%

GERS Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan categorizes its fair value measurements within the fair value hierarchy as established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market as follows:

Level 1- Inputs to the valuation methodology are based upon quoted prices for identical assets in active markets.

Level 2- Inputs to the valuation methodology are based upon significant other observable inputs for the assets either directly or indirectly, other than those considered Level 1 inputs, which may include quoted prices for identical assets in markets that are not considered to be active, and quoted prices of similar assets in active or inactive markets.

Level 3- Inputs to the valuation methodology are based upon unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Common stocks: Valued at the closing price reported on the New York Stock Exchange.

Government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Mutual funds: Valued at the daily closing price as reported by the Plan. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yield of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote, if available.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024**

Private equity funds: Valued based on the net asset value (NAV). The most significant input into the NAV is the fair value of its investment holdings. These holdings are valued by the general partners on a quarterly basis, in conjunction with management and investment advisors. The Plan has holdings in two limited partnerships.

Real estate funds: Valued at the net asset value of shares held by the Plan at year end. The Plan has investment in a private market real estate investment for which no liquid public market exists.

Hedge fund: Valued at the net asset value per share, without further adjustment. Net asset value is based upon the fair value of the underlying investment.

Money market funds: Valued at the floating net asset value of shares held by the Plan at year end.

The following table presents the Plan's fair value hierarchy for investments at fair value as of September 30, 2024:

Investments by fair value level	Reported Value	Fair Value Hierarchy		
		Quotes Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Equity securities:				
Common stocks	\$ 64,480,221	\$ 64,480,221	\$ -	\$ -
Mutual funds	111,240,469	111,240,469	-	-
Total equity securities	175,720,690	175,720,690	-	-
Debt securities:				
US treasury securities	1,418,664	-	1,418,664	-

Total debt securities	13,613,787	-	13,613,787	-
Total investments by fair value level	189,334,477	\$ 175,720,690	\$ 13,613,787	\$ -
Investments measured at net asset value (NAV) (1)				
Real estate	32,929,752			
Private equity funds	29,841,781			
Private credit funds	5,795,882			
Hedge fund	32,868,218			
Total investments measured at NAV	101,435,633			
Money market funds (exempt)	10,090,507			
Total investments	<u>\$ 300,860,617</u>			

(1) As required by GAAP, certain investments that are measured at net asset value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total investment line item in the statement of fiduciary net position.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient, including their related unfunded commitments and redemption restrictions:

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Investment Measured at NAV	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Real estate (1)	\$ 16,649,995	\$ -	Daily	Daily
Real estate (2)	7,705,862	-	Quarterly	10 Days
Real estate (3)	8,573,895	-	Quarterly	45 Days
Private equity (4)	29,841,781	11,286,519	N/A	N/A
Private credit funds (5)	5,795,882	9,485,553	N/A	N/A
Hedge fund (6)	22,220,270	-	Quarterly	90 Days
Hedge fund (7)	10,647,948	-	Monthly	40 Days
Total investments measured at NAV	<u>\$101,435,633</u>	<u>\$ 20,772,072</u>		

(1) Real estate fund: This fund is an open-end, commingled real-estate fund consisting primarily of real estate properties in the multifamily, industrial, office, retail and hotel sector. The investment is valued at NAV and redemption requests are daily.

(2) Real estate fund: This fund is an open-end, commingled investment vehicle with a multi-disciplinary investment strategy. Diversified nationally, the foundation of the portfolio is to acquire yield-driven assets consisting of all property types. The investment is valued at NAV and redemption request must be received by the fund 10 days prior to quarter end.

(3) Real estate fund: This fund is an open-end, commingled real-estate fund with a diversified portfolio of income producing properties located throughout the United States. The investment is valued at NAV and redemption request must be received 45 days before quarter end.

(4) Private equity fund: This fund seeks to acquire and structure private equity portfolios of private equity partnerships and underlying portfolio companies. The investment is valued at NAV.

(5) Private credit funds: These funds seek to provide a consistent stream of income and capital protection. These funds invest in securitized bonds and real estate collateralized loan obligations. The investments are valued at NAV.

(6) Hedge fund: This fund seeks to acquire fundamentally cheap corporate and mortgage securities in order to reduce drawdowns during market dislocations. The investment is valued at NAV and redemption requests must be received by the fund 90 days prior to quarter end.

(7) Hedge fund: This fund seeks to invest in fixed income mutual fund schemes which invest debt and money market securities. The investment is valued at NAV and redemption requests are monthly and must be received by the fund 40 days prior to month end.

Risk Disclosures: (GERS)

“Foreign currency risk” is the risk that fluctuations in currency exchange rate may affect transactions conducted in currencies other than US Dollars and the carrying value of foreign investments.

The General Employees' Retirement System (the GERS) plan exposure to foreign currency risk derives mainly from its investments in international equity funds. The Plan

CITY OF POMPANO BEACH, FLORIDA

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

owns participation in international equity funds as well as individual securities. The investment policy limits the foreign investments to no more than 15% of the Plan's investment balance. As of year-end, the foreign investments were 3.79% of total investments.

As a means of limiting its exposure to interest rate risk over time, the General Employees Retirement Plan diversifies its investments by security type and durations of maturities. Information about the sensitivity of the fair values of the investments for the Plan to market interest rate fluctuations is provided by the following table which shows the distribution of the Plan's debt type investments by remaining maturity at September 30, 2024:

Investment Type	Remaining Maturity (in years)				
	Reported Value	Less than 1	1 to 5	6 to 10	More than 10
Corporate Bonds	\$ 6,121,182	\$ -	\$ 3,250,984	\$ 1,915,423	\$ 954,775
US Treasuries	1,418,664	179,928	943,014	295,722	-
US Agencies	6,073,941	-	16,029	-	6,057,912
	13,613,787	\$ 179,928	\$ 4,210,027	\$ 2,211,145	\$ 7,012,687
Investment types not subject to interest rate risk:					
Equity Securities	175,720,690				
Real Estate	32,929,752				
Private Credit Fund	5,795,882				
Hedge funds and private equity funds	62,709,999				
Money Market funds	10,090,507				
Total Investments	\$ 300,860,617				

Credit Risk: GERS

The City's General Employees' Retirement Plan utilizes portfolio diversification, as well as minimum credit ratings in order to control credit risk. The Plan limits investment in the securities of any one issuer, other than the US Government and its agencies, to no more than 5% of fiduciary net position. The Plan had no such investments as of September 30, 2024.

The following table discloses credit ratings by investment type for the General Employees Retirement Plan at September 30, 2024, as applicable:

	Reported Value	Percentage of Portfolio
Quality rating of credit risk debt securities		
AAA	\$ 2,503,861	18.39%
A1	924,661	6.79%
A2	607,010	4.46%
A3	1,012,597	7.44%
BAA1	963,878	7.08%
BAA2	821,275	6.03%

Not rated	6,586,700	48.39%
Total credit risk debt securities	\$ 13,613,787	100.00%
Total fixed income securities	\$ 13,613,787	100.00%

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Concentration of Credit Risk – Concentration of credit risk is defined as the risk of loss attributed to the magnitude of an investment in a single issuer.

The investment policy of the General Employees' Retirement Plan does not use limits on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. GASB Statement Nos. 40 and 67 require disclosure of investments (other than those issued or guaranteed by the US Government) in any one organization that represent 5% or more of total investments or fiduciary net position. At September 30, 2023, investment in the following mutual funds represented more than 5% of the Plan's net position: Rhumblin Russell 1000 Pooled Index Fund (14.5%), Rhumblin Russell 1000 Growth Index Fund (9.5%), and Rhumblin S&P Small Cap 600 Pooled Index Fund (7.5%). At September 30, 2024, investment in the following real estate fund represented more than 5% of the Plan's net position: Principal Real Estate US Property Separate Account (5.5%). At September 30, 2024, investment in the following hedge fund represented more than 5% of the Plan's net position: Serenitas Credit Gamma Fund (5.7%)

Investment Policy PFRS

Florida Statutes and Plan policy authorize the Board of Trustees for the Pompano Beach Police and Firefighters' Retirement System to invest in marketable debt securities issued or guaranteed by either the United States Government or its agencies, domestic corporations (including industrial and utilities), Israeli bonds, asset backed and commercial mortgage backed securities, domestic banks and other financial institutions, exchange traded funds, equity securities listed on the New York, American and principal regional and foreign (for foreign securities) exchanges, over the counter securities for which there is an active market maker regulated by National Association of Securities Dealers, American Depositary Receipts, and real estate investment trusts (REIT) listed on the New York, American, and principal regional and foreign exchanges, Funds of Hedge Funds (FOHF), and private real estate through institution vehicles or direct ownership.

The Plan's investment policy establishes asset classes and stipulates the following maximum portfolio percentages:

Authorized Investments	Effective August 15, 2024	
	Allowable Range %	Target %
Fixed Income Securities and Cash	5-55%	25.0%
Equity Securities	25-65%	55.0%
Real Estate	0-25%	10.0%
FOHF and Managed Futures	0-15%	5.0%
Infrastructure	0-15%	5.0%
Private Equity	0-15%	0.0%
Private Credit	0-15%	0.0%

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

PFRS Fair Value Measurements

The Plan categorizes its fair value measurements with the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 – Investments' fair values based on prices quoted in active markets for identical assets.

Level 2 – Investments' fair values based on observable inputs for the assets either directly or indirectly, other than those considered Level 1 inputs, which may include quoted prices for identical assets in markets that are not considered to be active, and quoted prices of similar assets in active or inactive markets.

Level 3 – Investments' fair values based upon unobservable inputs.

The following is a description of the fair value techniques for the Plan's investments:

Level 1 and 2 prices are obtained from various pricing sources by the Plan's custodian.

Money market funds are reported at amortized cost.

Equity securities traded on national or international exchanges are valued at the last reported sales price or current exchange rates (Level 1). This includes common stock, American Depository Receipts, foreign stock, mutual fund equities and REITs.

Debt securities are valued using pricing inputs that reflect the assumptions market participants would use to price an asset or liability and are developed based on market data obtained from sources independent of the reporting entity (Level 2). This includes US Treasury bonds and notes, inflation-indexed bonds, US federal agencies, mortgage backed and collateralized securities, municipal bonds, mutual bond funds and corporate obligations, foreign bonds and notes, and private placements.

The Plan has investments in alternative asset classes, including funds of hedge funds, private equity fund of funds and a core real estate fund, which hold a variety of investment vehicles that do not have readily available market quotations. These investments are measured at net asset value based on their proportionate share of the value of the investments as determined by the fund managers and are valued according to methodologies which include pricing models, discounted cash flow models and similar techniques.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024**

The following is a summary of the fair value hierarchy of the fair value of investments as of September 30, 2024:

Investments by fair value level	Reported Value	Fair Value Hierarchy		
		(Level 1)	(Level 2)	(Level 3)
Debt securities:				
US Government obligations	\$ 9,299,888	\$ 384,927	\$ 8,914,961	\$ -

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient, including their related unfunded commitments and redemption restrictions.

Investments measured at NAV	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Fund of hedge funds - multi strategy (1)	\$ 12,433,154	\$ -	- Semi-annual	95 Days
Core real estate fund (2)	17,815,244	-	- Quarterly	45 Days
Private equity fund of funds (3)	5,636,669	6,845,000	N/A	N/A
Private equity fund of funds (4)	2,482,229	3,625,092	N/A	N/A
Private equity fund of funds (5)	1,385,937	4,676,202	N/A	N/A
Global Listed Infrastructure fund (6)	15,622,939	-	- N/A	N/A
Non-Traditional Fixed Income(7)	16,294,840	-	- Quarterly	90 Days
Private Credit Funds (8)	8,240,898	13,240,220	N/A	N/A
Total investments measured at NAV	<u>\$ 79,911,910</u>	<u>\$ 28,386,514</u>		

(1) Multi-strategy fund of hedge fund. Aims to pursue varying strategies in order to diversify risks and reduce volatility. This fund is a diversified portfolio of relative value, equity market neutral and low net equity, event driven and distressed and credit securities.

(2) Core real estate fund. This fund is an open-end core real estate fund with a diversified portfolio of income producing institutional properties throughout the US.

(3) Private equity fund of funds. These two funds are globally diversified private equity programs that invest in large, mid and small-cap buyouts, venture and growth capital, and special situations.

(4) Private equity fund of funds. This fund seeks to find undervalued opportunities in a differentiated platform of private equity, real estate, credit, hedge fund solutions and secondary solutions.

(5) Private equity fund of funds. This fund seeks to acquire and structure private equity portfolios of private equity partnerships and underlying portfolio companies across leveraged buyout, credit, distressed, growth capital, real assets and venture capital strategies.

(6) Global listed infrastructure fund. The fund seeks to achieve total return through investments in the US and non-US equity securities issued by infrastructure companies. Investments may include utilities, pipelines, toll roads, airports, railroads, marine ports and telecommunication companies.

(7) Non-traditional fixed income fund. The fund seeks to provide returns above the fixed-income benchmarks through security selection, modest leverage, and strict risk controls.

(8) Private credit fund. The fund seeks absolute returns through opportunistic loans made to private companies that are senior and mezzanine in the capital stack.

Risk Disclosures: (PFRS)

As a means of limiting its exposure to fair value losses, the investment guidelines for the Pompano Beach Police and Firefighters' Retirement System (PFRS) look to control impacts from interest rate risk in both rising and declining interest rate environments considering such factors as credit quality and duration for losses in rising rate environments, and credit quality in declining rate environments. The benchmarks are monitored and changed when warranted by the investment market environment. Debt portfolios are structured and managed to produce returns based on risks inherent in the selected benchmarks.

Information about the sensitivity of the fair values of the investments for the PFRS to market interest rate fluctuations is provided by the following table which shows the distribution of the Plan's investments by remaining maturity at September 30, 2024.

Investment Type	Remaining Maturity (in years)				
	Reported Value	Less than 1	1 to 5	6 to 10	More than 10
US government obligations	\$ 9,299,888	\$ 255,115	\$ 4,491,933	\$ 1,323,532	\$ 3,229,308
Mortgage backed securities	7,867,699	-	40,471	170,460	7,656,768
Municipal obligations	169,593	9,828	-	106,155	53,610
Corporate obligations	9,797,356	51,015	2,906,196	4,028,238	2,811,907
Collateralized mortgage obligations	3,349,348	49,472	739,524	106,034	2,454,318
Foreign obligations	830,853	-	431,441	350,666	48,746
	31,314,737	\$ 365,430	\$ 8,609,565	\$ 6,085,085	\$ 16,254,657
Investment types not subject to interest rate risk:					
Equity securities	158,045,303				
Infrastructure fund	15,622,939				
Hedge funds and private equity	38,232,829				
Private credit fund	8,240,898				
Real estate	17,815,244				
Money market funds	7,934,309				
Total Investments	<u>\$ 277,206,259</u>				

Credit Risk: PFRS

The City's Police and Firefighters' Retirement Plan also utilize portfolio diversification in order to control credit risk. The Plan's investment policy requires all fixed income investments to hold a credit rating in one of the four highest classifications by a major rating service. Commercial paper, if used, must be of only the highest quality (rating of A-1 or P-1). Investments in fixed income securities with a rating of Baa3 are limited to 15% of the fixed income portfolio. The fixed income investments credit ratings for the fiscal year ended September 30, 2024 ranged between Aaa and Ba1 and below ratings. Positions rated below Ba1 by Moody's may hold a BBB equivalent rating by S&P or Fitch. All of the fixed income investments for the fiscal year ended September 30, 2024 met the ratings requirements of the investment policy or an approved exception thereto.

*Obligations are backed by the full faith and credit of the US Government

Concentration of Credit Risk – Concentration of credit risk is defined as the risk of loss attributed to the magnitude of an investment in a single issuer.

The investment policy of the Police and Firefighters' Retirement Plan utilizes limitations on securities of a single issuer to manage this risk. The Plan's investment policy limits investments in the fixed income portion of the portfolio to 15% of a given issuer and limits equity investments in any one company to 5% of the equity portion of each portfolio manager (at market). The Invesco Core Real Estate USA LP investment is 6.4% of the System's net position restricted for pension benefits and the Cohen & Steers Global Infrastructure Fund, Inc. Class A investment was approximately 5.6% of the System's net position restricted for pension benefits.

Mortgages

The Northwest Community Redevelopment District (the Northwest District) provided qualified individuals with loans/grants to build new homes for various infill housing projects which were reported as community redevelopment expenses/expenditures. The Northwest District has placed a mortgage lien on these new homes with a covenant that the owner must reside at the property for the respective period of time in order to remain eligible for the grant. The Northwest District's reasonable assumption is that the homeowner will reside at the home for the stipulated period. The Northwest District maintains a memorandum record of the outstanding mortgage amounts related to these grants. These amounts are reduced ratably over the 10 year period as it relates to the grants for the infill housing projects. Should the homeowner move, sell or refinance, the Northwest District is paid a prorated amount of the initial grant. After the 10 year period the amounts relating to these mortgages are forgiven. During fiscal year 2024, no one had defaulted on the terms of the grants and consequently, the Northwest District did not receive any repayments related to these grants. At September 30, 2024 the unamortized amount outstanding related to these grants was \$372,168. Due to the reasonable assumption made above of expected homeowner residence for the grant period, a receivable has not been recorded.

Assets Held for Resale for Redevelopment

The City and the NW CRA and East CRA Districts acquire and develop property in economically depressed areas, for the intention of rendering the property suitable for economic development and then reselling it to private sector purchasers meeting certain criteria. Since these properties are acquired with the express intent of resale and development, they are reported at lower of cost/donated value or net realizable value. Assets donated from the City or other related entities are recorded at the carrying value of the donor entity. Donated assets from other sources are recorded at lower of cost/donated value or net realizable value. The cost basis of assets held for resale and development include costs incurred to acquire the asset and prepare the asset for resale and development, such as purchase price, closing fees, surveys, lot clearing, demolition, judgments levied through suits, costs of construction, permits etc. These assets include land, land improvements and buildings. Upon the sale of these assets, a gain or loss is

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024**

recognized. When the net realizable amount is less than the carrying amount, a loss would be recognized. Gains are recorded as a gain from sale of capital assets in the government-wide statements and proceeds from sale of capital assets in the fund financial statements and losses are recorded as economic environment expenses/expenditures.

Additionally, the City participates in the Neighborhood Stabilization Program (NSP) funded by the United States Department of Housing and Urban Development (HUD). The Housing and Economic Recovery Act signed into law on July 30, 2008 provided Neighborhood Stabilization funds to assist local governments to acquire foreclosed, vacant and abandoned properties to address neighborhood decline. HUD awarded NSP funds to the City to stabilize City neighborhoods through the purchase of foreclosed properties. Through this program, the City purchases foreclosed homes in targeted neighborhoods with the intention of rehabilitating and selling them back to the public. The homes are available for purchase by eligible residents meeting certain income requirements. The cost basis of assets held for resale and development in this category include all costs incurred by the City to acquire and redevelop or rehabilitate the homes or properties up to a marketable, safe, and habitable condition. These assets are recorded at the lower of cost or net realizable value.

Assets held for resale and redevelopment activity for the year ended September 30, 2024 are as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Assets held for resale and redevelopment	\$ 40,787,634	\$ 5,941,631	\$ 2,594,904	\$ 44,134,361

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

(D) Leases and Subscription-Based Information Technology Arrangements (SBITA)

Leases

A lease is defined as a contractual agreement that conveys control of the right-to-use (RTU) of another entity's nonfinancial asset, for a minimum contractual period of greater than one year, in an exchange or exchange-like transaction. The City may be the lessee or the lessor in nonfinancial assets with lease contracts that include land, buildings, building improvements, vehicles, machinery and equipment.

In compliance with GASB Statement No. 87, *Leases*, when the City is the lessor, the City recognized lease receivable, accrued interest receivable, deferred inflows of resources related to leases, lease revenues, and interest revenue on the governmental fund and government-wide financial statements.

When the City is the lessee, the governmental funds recognized the lease expenditures. Proprietary funds and government-wide financials statements recognized the right-to-use (RTU) assets with related accumulated amortization, lease liabilities, accrued interest payable, interest expense and amortization expense.

The City has a variety of variable payment clauses within its lease arrangements. Components of variable payments that are fixed in substance are included in the measurement of the lease liability, while variable payments based on the usage of the underlying asset are excluded from this liability.

Contracts with maximum terms of twelve months or less, those with termination clauses by either party without notice periods or leases that transfer ownership of the underlying assets, are excluded from GASB Statement No. 87. Due to being under one primary government reporting legal entity, the leases amongst City departments are excluded from GASB Statement No. 87 because the control is not conveyed to another legal entity.

City as Lessor

The City leases to third parties various buildings and a land parcel owned by the City. As of September 30, 2024, the value of the lease receivable was \$906,814. The value of the deferred inflow of resources was \$787,319. The leases have interest rates from 0.6240% to 3.7417%. The City recognized lease revenue of \$331,278 during the fiscal year.

Classification	Term Range In Months	Governmental Activities

City as Lessee

As of September 30, 2024, the City was a lessee on various leases related to Governmental Activities for the use of various Equipment - RTU, Buildings - RTU, and Land - RTU expiring between 2024 and 2073. As of September 30, 2024, the value of the lease liability was \$14,205,740. The City is required to make annual payments ranging from \$309 to \$414,644 through the terms of the leases. The leases have interest rates ranging from 1.18% to 5.52%. The value of the right-to-use lease assets as of September 30, 2024 was \$13,560,508 with accumulated amortization of \$2,596,922 and is included with Equipment - RTU, Buildings - RTU, and Land - RTU on the Capital Assets rollforward table for Governmental Activities.

The Business-type Activities had a vehicle lease in the previous year that ended as of September 30, 2024.

Subscription Based Information Technology Arrangements (SBITA)

The City has a subscription for the use of a software that expires in the fiscal year ending September 30, 2028. An initial subscription liability was recorded in the amount of \$781,679. As of September 30, 2024, the value of the subscription liability was \$533,312. The City is required to make annual fixed payments of \$144,614. The subscription has an interest rate of 3.3313%. The value of the right to use asset as of September 30, 2024 of \$789,985 with accumulated amortization of \$275,311 is included with Software as Subscription as shown on the Capital Assets rollforward table for Governmental Activities.

(F) Interfund Loans and Transfers

The composition of interfund balances as of September 30, 2024, is as follows:

Due to/from other funds:

<u>Receivable</u>	<u>Payable</u>	<u>Amount</u>
General Fund	EMS Fund	\$ 350,458 (a)
General Fund	Risk Management Health	374,538 (a)
		<u>\$ 724,996</u>

- (a) This is a short-term non-interest bearing receivable and payable to cover a negative cash balance at fiscal year end in the EMS Fund and Risk Management Health Fund.

Advances to/from other funds:

<u>Advances to Fund</u>	<u>Advances From Fund</u>	<u>Amount</u>
Northwest CRA District Fund	General Fund	\$ 492,302

This amount represents a long-term receivable and payable to cover the purchase of two (2) properties that would enable the development of a 30 acre Commerce Park at the northeast quadrant of Atlantic Boulevard and Interstate 95. The loan has a fixed annual interest rate of 2.91%, amortized over a 20 year term.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

The annual requirements to pay on the advance from the General Fund to the NW CRA District Fund are as follows.

	Principal	Interest	Total
2025	\$ 364,125	\$ 16,266	\$ 380,391
2026	128,177	5,670	133,847
Totals	<u>\$ 492,302</u>	<u>\$ 21,936</u>	<u>\$ 514,238</u>

In the government-wide statement of net position, interfund balances between governmental activities and business-type activities have been summarized and reported on a single line called "internal balances" (net amount of \$3,730,255), which includes a short-term loan from the General Fund to the Sanitation Fund and the internal service fund look-back adjustment to enterprise funds.

Transfers in/out are as follows:

Transfers out	Transfers In:					Total
	General Fund	EMS	Capital Projects	Nonmajor Gov't'l Funds	Subtotal Gov't'l Activities	
General Fund	\$ -	\$ 9,442,772	\$ 13,346,000	\$ -	\$ 22,788,772	\$ 22,788,772
2021 GO Bonds Capital Projects	-	-	-	75,000	75,000	75,000
East District Fund	-	-	-	5,600,000	5,600,000	5,600,000
Nonmajor Gov't'l Funds	475,000	-	-	-	475,000	475,000
Stormwater	274,000	-	-	-	274,000	274,000
Total	<u>\$ 749,000</u>	<u>\$ 9,442,772</u>	<u>\$ 13,346,000</u>	<u>\$ 5,675,000</u>	<u>\$ 29,212,772</u>	<u>\$ 29,212,772</u>

- 1) The \$475,000 transfer from the Law Enforcement Trust Fund (nonmajor governmental) to the General Fund was to cover a portion of the School Resource Officers Program.
- 2) \$274,000 transfer from the Stormwater Fund to the General Fund was reimbursement of operating costs paid by the General Fund.
- 3) The \$9,442,772 transfer from the General Fund to the Emergency Management Services (EMS) Fund was required to support operating costs as the General Fund subsidizes the EMS Fund.
- 4) The \$13,346,000 transfer from General Fund to Capital Project Fund was due to the funding of capital improvement projects for the fiscal year. The projects funded include the City's Road Resurfacing Program, SE 6th Terrace Bridge and Beach Renourishment.
- 5) Of the \$5,600,000 transfer from nonmajor governmental to nonmajor governmental, \$5,400,000 was from the Building Permits Fund to Building CIP Fund for planning for the future building of new City Hall Capital Improvement Plan. \$200,000 from Special Purpose Fund to Grants Fund was to reimburse the Grants Fund for costs associated with the City's transit program.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

6) \$75,000 from the Capital Projects Fund to American Rescue Fund was a reallocation of funding for the City's Emergency Operations Center project.

(G) Long-term Obligations

Summarized below are the City's debt issued to finance the acquisition of properties for community development and capital projects, which were outstanding at September 30, 2024.

Governmental Activities Debt:

- On June 26, 2018 the City Commission authorized the issuance of General Obligation Bonds, Series 2018 (the "Series 2018 Bonds"), per City Ordinance No 2018-58. The Series 2018 Bonds were subsequently issued on October 2, 2018. The Series 2018 Bonds were issued in order to (i) finance certain capital projects of the City, and (ii) pay costs of issuance on the bonds. The Series 2018 Bonds were issued in the par amount of \$99,375,000.

The Series 2018 Bonds are payable solely from Ad Valorem Taxes levied each year by the City and payable through 2048. Interest on the Series 2018 Bonds ranges from 4% to 5% with a true interest cost of 3.65% through July 1, 2048, the scheduled maturity of the bonds.

- On September 14, 2021 the City Commission authorized the public sale of the General Obligation Bonds, Series 2021 (the "Series 2021 Bonds"), per City Ordinance No 2021-75. The Series 2021 Bonds were subsequently issued on October 13, 2021. The Series 2021 Bonds were issued in order to finance, reimburse the cost of constructing, equipping, renovating, replacing and improving certain capital projects of the City. The Series 2021 Bonds were issued in the par amount of \$68,195,000.

The Series 2021 Bonds are payable solely from Ad Valorem Taxes levied each year by the City and payable through 2051. Interest on the Series 2021 Bonds ranges from 4% to 5% with a true interest cost of 2.72% through July 1, 2051, the scheduled maturity of the bonds.

At September 30, 2024, the City had \$151,630,000 principal outstanding related to both obligations. Principal and interest paid for the current fiscal year and total tax revenues were \$9,720,650 and \$9,817,434, respectively. At September 30, 2024, total principal and interest remaining on the bonds is \$244,979,900 payable through July 1, 2051.

- On April 23, 2013, the Pompano Beach Community Redevelopment Agency Board authorized the issuance of tax increment revenue bonds – Series 2013A and B (collectively known as the Series 2013 bonds). The Series 2013 bonds were subsequently issued on June 20, 2013. The Series 2013A bonds were issued at a fixed rate of 3.48%, with a final maturity of February 1, 2030, for the purpose of refunding and redeeming the Agency's outstanding tax increment

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

revenue bonds, Series 2010A, which bore an interest rate of 5.13% and had an outstanding balance of \$9,055,000. As a result of the refunding, the Series 2010A bonds are considered fully refunded and the outstanding balance has been removed from the financial statements. The Series 2013B bonds were issued at a fixed interest rate of 2.83% and a final maturity of February 1, 2030, to finance the cost of community projects in the East District Redevelopment Area and to cover related costs of issuance in the original aggregate principal amount of \$5,000,000. This Bond and the interest hereon is payable solely from and secured by a lien upon a pledge of the Pledged Tax Increment Revenues.

At September 30, 2024, the City had \$5,950,000 outstanding related to this obligation. Principal and interest paid for the current fiscal year and total tax increment revenues were \$1,097,285 and \$5,533,127, respectively. At September 30, 2024, total principal and interest remaining on the bonds is \$6,592,408 payable through February 2030.

- On June 28, 2022 the Pompano Beach Community Redevelopment Agency Board authorized the issuance of tax increment revenue bonds – Series 2022. The Series 2022 bonds were subsequently issued on July 6, 2022. The Series 2022 bonds were issued at a fixed rate of 3.00%, with a final maturity of August 1, 2037. The Series 2022 Bonds were issued in order to finance the improvements to Dixie Highway from SW 2nd Street to NE 10th Street and along Atlantic Boulevard from NW 7th Avenue to Cypress Road within the public rights of-way. This Bond and the interest hereon is payable solely from and secured by a lien upon a pledge of the Pledged Tax Increment Revenues.

At September 30, 2024, the City had \$13,385,000 outstanding related to this obligation. Principal and interest paid for the current fiscal year and total tax increment revenues were \$1,261,600 and \$6,929,619, respectively. At September 30, 2024, total principal and interest remaining on the bonds is \$16,361,000 payable through August 1, 2037.

Business-type Activities Debt:

- On April 14, 2015 the City Commission authorized the issuance of Taxable Certificates of Participation (Parking Garage Project) – Series 2015 (the "Certificates"), per City Ordinance No. 2015-30. The Certificates were subsequently issued on June 10, 2015. The Certificates were issued for the purpose of providing funds to finance the acquisition, construction and installation of a new public garage structure and surrounding public improvements, pay capitalized interest on the Certificates through July 1, 2018 and pay costs of issuance on the Certificates. The Certificates were issued in the par amount of \$23,875,000.

The City refunded Taxable Certificate of Participation, Series 2015 by placing the proceeds of new Taxable Certificate of Participation, Series 2022 in an irrevocable

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

trust to provide for all future lease payments of the old Certificate. Accordingly, the trust account assets and liabilities for the defeased certificate are not included in the City's general purpose financial statements.

The Certificates are payable solely from legally available revenues as budgeted and appropriated each year by the City to make rent payments under the lease agreement and are payable through 2040. Interest on the Certificates is 3.400% through January 1, 2040, the scheduled maturity of the Certificates. The total principal and interest remaining to be paid on the Certificates is \$29,941,965.

- On June 22, 2021, the City Commission authorized the issuance of Water and Wastewater Revenue Bond - Series 2021(Series 2021 Bonds) per City Ordinance 2021-62 and 2021-63. The Water and Wastewater Series 2021 bonds were issued for the purpose of financing the acquisition, construction, and equipping of projects relating to the City's Water and Wastewater Utility System.

The City has pledged certain net revenues of the water and wastewater revenue bonds. The interest on the Water and Wastewater Series 2021 bonds is 2.57% through March 2041, the scheduled maturity of the bonds. Principal and interest payment on the Series 2021 bonds are due semi-annually through maturity.

At September 30, 2024, the City had \$9,150,000 outstanding relating to this obligation. Principal and interest paid for the current fiscal year were \$683,636. At September 30, 2024, the total principal and interest remaining on the bonds is \$11,283,678.

- On June 22, 2021, the City Commission authorized the issuance of Stormwater Utility Revenue Bond - Series 2021(Stormwater Series 2021 Bonds) per City Ordinance 2021-64 and 2021-65. The Stormwater Series 2021 bonds were issued for the purpose of financing the acquisition, construction, and equipping of projects relating to the City's Stormwater Utility System.

The City has pledged certain net revenues of the stormwater utility system. The interest on the Stormwater Series 2021 bonds is 2.57% through March 2041, the scheduled maturity of the bonds. Principal and interest payment on the Series 2021 bonds are due semi-annually through maturity.

At September 30, 2024, the City had \$8,055,000 outstanding relating to this obligation. Principal and interest paid for the current fiscal year was \$604,595. At September 30, 2024, the total principal and interest remaining on the bonds is \$9,932,771.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Conduit Debt:

- On January 13, 2015 the City Commission authorized the issuance of Revenue Bonds, Series 2015, in an amount not exceeding \$40 million, for the purpose of loaning the proceeds to John Knox Village of Florida, Inc. (the Village) in order to finance or reimburse the costs of certain capital improvements to the senior living and healthcare facilities owned and operated by the Village, fund any necessary reserves, and pay the costs of issuance of the bonds. The 2015 Series bonds were subsequently issued on February 12, 2015 in the amount of \$29,470,000. The bonds are limited obligations of the City payable from the loan payments due from the Village. The City is not obligated to pay the principal or interest on the bonds except from the loan payments made by the Village, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the principal and interest on the bonds. At September 30, 2024, total principal and interest outstanding related to this debt issue was \$23,740,000 and \$13,499,874 respectively.
- On September 8, 2020 the City Commission authorized the issuance of Revenue and Revenue Refunding Bonds, Series 2020 (the "2020 Bonds"), in an amount not exceeding \$90,000,000, for the purpose of loaning the proceeds to the Village for the purposes of (i) refunding the Health Facilities Revenue Refunding Bonds, Series 2010 Bonds that were outstanding as of the date of issuance of the 2020 Bonds and refinancing certain previous draws on a line of credit of the Village had outstanding that was issued by Northern Trust Company (the "Line"), the proceeds of which 2010 Bonds and Line financed and refinanced various capital improvements to the Village Community; (ii) financing, or reimbursing the Village for, the cost of certain capital improvements for or to the Village Community, including, without limitation, a new community pavilion and related amenities, dining facilities and other improvements; (iii) funding a debt service reserve fund and capitalized interest, and (iv) paying costs associated with the issuance of the 2020 Bonds. The Series 2020 Bonds were subsequently issued on October 29, 2020 in the par amount of \$77,605,000. The bonds are limited obligations of the City payable from the loan payments due from the Village. The City is not obligated to pay the principal or interest on the bonds except from the loan payments made by the Village, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the principal and interest on the bonds. At September 30, 2024, total principal and interest outstanding related to this debt issue was \$72,830,000 and \$49,898,913, respectively.
- On November 9, 2021 the City Commission authorized the issuance of Revenue Bond Series (John Knox- "The Series 2021 Bond") in the amount not exceeding \$160,000,000, for the purpose of renovation, construction, and equipping of certain capital improvements to the Senior Living and Healthcare Facilities. The bonds are limited obligations of the City payable from the loan payments due from the Village. The City is not obligated to pay the principal or interest on the bonds

CITY OF POMPANO BEACH, FLORIDA

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

except from the loan payments made by the Village, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the principal and interest on the bonds. At September 30, 2024, total principal and interest outstanding related to the debt issue was \$115,815,000 and \$85,797,405.

At September 30, 2024, the aggregate principal amount of conduit debt outstanding is \$212,385,000. Since the bonds do not constitute a debt or pledge of the faith and credit of the City, the debt is not reported in the accompanying financial statements.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Direct borrowings and direct placements

The City's outstanding liabilities from direct borrowings and direct placements related to governmental activities were \$32,742,088 as of September 30, 2024.

The tax increment bonds are secured by a gross lien on tax increment revenues generated within the Agency's East District's Redevelopment Area on parity with the 2013A Bonds. The bond resolution contains events of default provisions such as payment defaults; and breaches of bond covenant, agreements and provisions in the bonds. The occurrence of a material adverse effect and certain bankruptcy events provides the bondholders the authority to pursue action in court to enforce collection, however it is not construed as granting the Bondholder a lien on any real property of the City.

The tax increment bonds are secured solely by the Pledged Revenues generated within the Agency's Northwest District Redevelopment Area. The bond resolution contains events of default provisions such as payment defaults; and breaches of bond covenant, agreements and provisions in the bonds. The occurrence of a material adverse effect and certain bankruptcy events provides the bondholders the authority to pursue action in court to enforce collection, however it is not construed as granting the Bondholders a lien on any real property of the City.

The energy, and fleet equipment financing arrangements/note obligations are subject to annual appropriation by the City. The financing arrangement agreement contains events of default provisions such as payment defaults and breach of terms in the agreement. In the event of a default the lender may demand immediate possession of any and all equipment in the agreement.

The HUD Section 108 note is secured by grant allocations made by the US Department of Housing and Urban Development (HUD) for the Community Development Block Grant to the City. The note agreement contains events of default provisions such as payment defaults and breach of terms in the agreement. In the event of a default, HUD may withhold future funding and pursue action in court to enforce collection.

The City's outstanding liabilities from direct borrowings and direct placements related to business-type activities were \$57,932,474 as of September 30, 2024.

The Certificates of Participation are payable solely from legally available revenues as budgeted and appropriated each year by the City. The lease-purchase agreement contains events of default provisions such as payment defaults; and breaches of bond covenant, agreements and a provision that in the event of any default all outstanding amounts would be due and payable immediately upon written request of the majority of the owners of the certificates. In the event of a default the City would be required to return possession of the parking garage to the Pompano Beach Finance Corporation.

The energy, and fleet equipment financing arrangements/note obligations are subject to annual appropriation by the City. The financing arrangements agreement contains events of default provisions such as payment defaults and breach of terms in the agreement. In the event of a default the lender may demand immediate possession of any and all equipment in the agreement.

The City has pledged future stormwater revenues, net of specified operating expenses (net

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024**

revenues), to repay the State Revolving Fund (SRF) loan. The loan agreement contains events of default provisions such as payment defaults and breach of terms in the agreement. In the event of a default the lender has several remedies available which include establishing rates, collecting fees, accelerating the repayment schedule and pursuing action in court to enforce collection.

The City has pledged future water and wastewater revenues, net of specified operating expenses (net revenues), to repay the Water and Wastewater Revenue Bond 2021 loan. The loan agreement contains events of default provisions such as payment defaults and breach of terms in the agreement. In the event of a default, the lender has several remedies available which include establishing rates, collecting fees, accelerating the repayment schedule and pursuing action in court to enforce collection.

The City has pledged future stormwater utility revenues, net of specified operating expenses (net revenues), to repay the Stormwater Utility Revenue Bond 2021. The loan agreement contains events of default provisions, such as payment defaults and breach of terms in the agreement. In the event of a default, the lender has several remedies available which include establishing rates, collecting fees, accelerating the repayment schedule and pursuing action in court to enforce collection.

The City has no lines of credit. Debt service requirements on long-term debt at September 30, 2024, are as follows:

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities.

For the governmental activities, pension liabilities, compensated absences and OPEB liabilities are generally liquidated by the General Fund and EMS Funds. Pension contributions are paid by the General Fund and EMS Funds as actuarially determined by the actuaries of the pension plans.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Bond indentures for the water and sewer bonds contain provisions relating to annual debt service payments, restricted account transactions, minimum sinking fund requirements, and minimum revenue levels. The City believes that it is in compliance with all bond provisions and maintained reserves totaling \$3,844,086 at September 30, 2024.

The City Charter limits the amount of net general obligation bonded debt to 15% of the assessed property valuation. At September 30, 2024, the statutory limit for the City was approximately \$2.5 billion providing a legal debt margin of approximately \$2.4 billion, as the City had approximately \$174 million in general obligation debt outstanding at September 30, 2024.

The Tax Reform Act of 1986 arbitrage rebate regulations require earnings from investment of tax-exempt debt proceeds which exceed the yield on the debt to be remitted to the federal government every five years. As of September 30, 2024 the City had negative arbitrage related to all outstanding bond issues. Amounts to be rebated, if any, depend on net results of arbitrage calculations in future years.

The annual requirements to pay principal and interest on bonds and notes at September 30, 2024 are as follows:

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Notes:

On November 23, 2015 the City received a \$4,308,000 loan commitment from the US Department of Housing and Urban Development (HUD) Section 108 Loan Guarantee Program. HUD will raise the funds via a public offering of its trust certificates at a future date. In the interim the City may elect to be advanced funds via interim financing from a financial institution selected by HUD. As of September 30, 2024, the City has received \$4,308,000 in interim financing related to the \$4,308,000 loan commitment from HUD. The balance on the loan as of September 30, 2024 is \$2,866,000. The purpose of this loan is to maximize existing right-of-ways to add sidewalks where they may be missing or widen existing sidewalks wherever possible to provide a better pedestrian experience; improve and upgrade existing water, sewer and drainage facilities that promote opportunities for future growth and encourage private investment; add lush landscaping features and pedestrian-friendly light fixtures; and, implement traffic calming features to inspire a safer environment. The project will expand on recent improvements carried out by the Pompano Beach Community Redevelopment Agency (CRA) in Downtown Pompano and will span the following areas:

- NE 1st Street
- Flagler Ave
- NE 3rd Street
- NE 4th Street
- NE 2nd Ave
- NE 3rd Ave

The interest rate is variable (3 month Libor plus 20 basis points) until the date HUD converts it into a permanent loan or the redemption date, whichever is earlier. These dates have not been determined. During the interim period, interest will be billed to the City on the first day of each February, May, August and November. A schedule of principal and interest will be provided by HUD after the conversion of the loan.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Financing Arrangements

The City entered into several financing agreements to purchase equipment to be used for Fire Department, Parks and Recreation, Solid Waste and Public Works operations. The agreements are for no more than five (5) years. The annual requirements to pay principal and interest on these financing agreements at September 30, 2024 are as follows:

	Governmental Activities			Business-type Activities		
	Principal	Interest	Total	Principal	Interest	Total
2025	\$ 3,418,479	\$ 322,534	\$ 3,741,013	\$ 194,461	\$ 2,471	\$ 196,932
2026	2,717,457	232,389	2,949,846	76,614	383	76,997
2027	2,258,969	149,898	2,408,867	-	-	-
2028	1,542,751	71,943	1,614,694	-	-	-
2029	603,432	13,306	616,738	-	-	-
	<u>\$ 10,541,088</u>	<u>\$ 790,070</u>	<u>\$ 11,331,158</u>	<u>\$ 271,075</u>	<u>\$ 2,854</u>	<u>\$ 273,929</u>

(H) Governmental Funds - Fund Balance

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Please refer to Note (I)(S) for a description of these categories.

The City Commission has adopted a formal minimum unassigned fund balance policy for the General Fund via Resolution No. 2013-358, whereby a target equal to at least 17% of that fund's annual appropriation budget must be maintained. The City has met this requirement for the fiscal year ending September 30, 2024.

CITY OF POMPANO BEACH, FLORIDA

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

(I) Property Taxes

The City levies property taxes each October 1, which becomes a lien on real and personal property located in the City. Property taxes are based on the assessed values determined by the Broward County Property Appraiser as of the prior January 1. The current year's levy is based on assessed property values totaling approximately \$19.1 billion. Taxes are collected directly by Broward County and remitted to the City as collected.

The State of Florida permits the City to levy taxes up to 10 mills of assessed property valuation for the General Fund. The City levied taxes at 5.2705 mills for the General Fund, 0.5000 mills for the EMS District and 0.5358 mills for Debt Service for the fiscal year ended September 30, 2024.

All taxes are due from property owners on March 31. Taxes become delinquent on April 1 and are subject to the issuance of tax sale certificates if unpaid by June 1. Gross tax collections for the year ended September 30, 2024 were approximately 99.3% of the total tax levy.

(J) Post Employment Benefits Other Than Pensions

Plan Description - The City as a single employer, maintains a Post Employment Benefits Plan, for benefits other than pension (OPEB). There are no assets accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75. Pursuant to Section 112.0801, Florida Statutes, the City is mandated to permit participation in the health insurance program by eligible retirees (as defined in the City's pension plans as discussed in more detail at Note III) and their eligible dependents at a cost to the retiree that is no greater than the cost at which coverage is available for active employees.

Benefits Provided - Retirees pay 100% of the blended (active and retiree combined) equivalent premium rates. The blended rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The OPEB Plan does not issue a separate stand alone financial report. The City is financing the post employee benefits on a pay-as-you go basis. For fiscal year 2024, 47 retirees received health care benefits. Annual payments amounted to \$1,459,960 for the current fiscal year, towards which the City made \$681,524 (implicit subsidy) in benefit payments. Retirees made the remaining payments of \$778,436, for the fiscal year ended September 30, 2024.

As of October 1, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	47
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	749
Total	<u>796</u>

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Total OPEB Liability

The City's total OPEB liability of \$12,157,657 was measured as of September 30, 2024, and was determined by an actuarial valuation as of October 1, 2023.

Actuarial assumptions and other inputs. The total OPEB liability as of September 30, 2024 (reporting date) was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount rate

4.06% per annum; this rate was used to discount all future benefit payments and is based on the return on the S&P Municipal Bond 20-year High Grade Index as of the measurement date.

Salary increases

3.00% per annum.

Cost-of-living increases

Retiree contributions, health insurance premiums, and the implied subsidy have been assumed to increase in accordance with the healthcare cost trend rates.

Healthcare cost trend rates

Increases in healthcare costs are assumed to be 7.50% for the 2023/24 fiscal year graded down by 0.50% per year to 5.00% for the 2028/29 and later fiscal years.

Age-related morbidity

Healthcare costs are assumed to increase at the rate of 3.50% for each year of age.

Implied subsidy

Because the insurance carrier charges the same monthly rate for health insurance regardless of age, an implied monthly subsidy for the retiree and his spouse of \$450 and \$725, respectively, under the HMO plan or \$700 and \$900 under the PPO plan, respectively, has been assumed at age 62 for the 2023/24 fiscal year; at other ages, the implied subsidy was developed based on the age-related morbidity assumption and, for other fiscal years, the implied subsidy was increased in accordance with the healthcare cost trend rates; the implied subsidy is assumed to disappear at age 65.

Mortality basis

Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income adjustments) for general employees, with full generational improvements in mortality using Scale MP-2020.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Retirement

For general employees, retirement is assumed to occur at the earlier of age 55 with 20 years of service or age 62 with three years of service, but no earlier than age 60; for firefighters and police officers, retirement is assumed to occur at age 47 with 20 years of service (if hired before May 27, 2014), age 50 with 20 years of service (if hired after May 26, 2014), or age 55 with 10 years of service, but no earlier than age 55.

Other decrements

Assumed employment termination is based on the Scale 155 table; assumed disability is based on the Wyatt 1985 Disability study (Class 1 for general employees and Class 4 for firefighters and police officers).

Coverage election

50% of eligible employees are assumed to elect medical coverage upon retirement or disability in accordance with their current election as to plan choice; of the future retirees assumed to elect coverage, one-third are assumed to cover their spouse as well; coverage for spouses is assumed to end upon the retiree's death.

Spouses and dependents

Husbands are assumed to be three years older than wives; retirees are not assumed to have any dependent children.

COBRA

Future healthcare coverage provided solely pursuant to COBRA was not included in the OPEB valuation; because the COBRA premium is determined periodically based on plan experience, the COBRA premium to be paid by the participant is assumed to fully cover the cost of providing healthcare coverage during the relevant period.

Changes

Since the prior measurement date, the discount rate was decreased from 4.91% per annum to 4.06% per annum, and the implied subsidy for the retiree and his spouse at age 62 for the 2023/24 fiscal years was changed from \$529.74 and \$588.60, respectively, under the HMO plan and from \$765.18 and \$676.89, respectively, under the PPO plan to the amounts shown above.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

(III) OTHER INFORMATION

(A) Employee Retirement System Police and Firefighters' Retirement System (PFRS)

1. Summary of Significant Accounting Policies

Basis of accounting – The PFRS's financial statements are prepared using the accrual basis of accounting. Contributions from the Plan's members are recognized as revenue in the period in which the contributions are due. Contributions from the City and the Broward Sheriff's Office (BSO), as calculated by the System's actuary, are recognized as revenue when due and when the entities have made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method used to value investments – Investments are reported at fair value except for the money market funds which are reported at amortized cost. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses. Realized gains and losses are determined on the basis of specific cost. Interest and dividends are recorded as earned. Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. For more detail regarding the methods used to measure the fair value of investments, refer to the fair value hierarchy discussed in Note II(A).

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Plan Description and Contribution Information

The following brief description of the Plan is provided for general information purposes only. Participants should refer to City ordinances for more complete information.

Plan description – The Pompano Beach Police and Firefighters' Retirement System ("PFRS") was established by ordinance of the City of Pompano Beach, Florida ("City") on August 15, 1972 (effective October 1972), to account for the financial activity of the Pompano Beach Police and Firefighters' Retirement Plan ("Plan"). The PFRS is a single-employer defined benefit pension plan, which is administered by a nine member Board of Trustees comprised of three members appointed by the City Commission, three members elected by/from the Firefighter members, and three members elected by/from the Police members. Ordinance Section No. 34.047 provides the Board of Trustees sole and exclusive responsibility for the administration and operation of the PFRS, including the authority to establish and amend benefit terms and contribution requirements.

All full time employees of the Police and Fire departments, who are classified as sworn police officers and firefighters are covered by this single-employer defined benefit pension plan. In August 1999, the City contracted with the Broward County Sheriff's Office

CITY OF POMPANO BEACH, FLORIDA

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

("BSO") whereby the BSO would provide policing services in Pompano Beach. As a result, all of the City's police officers were employed by the BSO. Participating police officers were given the option to either remain in the Plan or switch to the BSO's retirement plan, and the Plan was closed to new police officers. The PFRS is an integral part of the primary government of the City and is included as a pension trust fund in the City's basic financial statements. However, the PFRS also issues a stand alone financial report that may be obtained by writing to the Pension Board, P.O. Box 610489, Pompano Beach, Florida 33061-0489.

The PFRS provides retirement, death and disability benefits for its members. Benefit provisions are established and may be amended by the City of Pompano Beach, in conjunction with the members' collective bargaining units. A member may retire with normal benefits after reaching age 47 and accumulating 20 or more years of credited service or age 55 and accumulating 10 or more years of credited service. Pursuant to Ordinance 2023-10, effective October 1, 2022, firefighters may retire with normal benefits at any age and accumulation of 20 years of credited service or age 47 and accumulation of 7 or more years of credited service. Police officer with 20 or more years of credited service may receive an early retirement benefit at age 47 or an immediate benefit at a reduced amount. Police officers who have attained age 50 and have completed 10 years of service are also eligible for an early retirement benefits. Members may delay retirement between normal retirement with benefits that are computed in the same manner as normal retirement. Normal retirement benefits are stipulated in Section 34.055 of the City's Code of Ordinances and are contingent upon a member's employment classification, separation date, length of service and average monthly earnings. In general, normal retirement benefits are the member's average monthly earnings times the number of years of service multiplied by a factor ranging from 3.0% to 4.0%.

Each October 1, an automatic cost of living adjustment (COLA) of 2% is provided to those retirees who have been retired at least 5 years. An additional increase of up to 1% may be paid to those same retirees under certain circumstances. Effective October 1, 2024, firefighter retirees who were employed on or after October 1, 2022, will receive an automatic cost of living adjustment (COLA) of 3% after a one-year delay.

Disability benefits for service related disabilities are paid to the member for at least 10 years or until recovery. Benefits are calculated as 75% of the member's final earnings in effect at the date the benefit is approved. Disability benefits for non-service related disabilities for police officer members with 10 or more years of credited service, or firefighter members with 7 or more credited service are paid to a member for at least 10 years or until recovery. Benefits are calculated as 3% of the member's average monthly earnings times the number of credited service years, up to a maximum of 60% of the member's salary, plus 2% of average monthly earnings times the number of credited service years in excess of 25 years.

Pre-retirement death benefits for service related deaths are payable to the member's surviving spouse until death or remarriage (for life if the member was killed in the line of duty). Benefits are calculated as \$5,000 lump sum payment plus 75% of the member's final earnings. In addition, eligible children each receive 7.5% of the member's final earnings. If no eligible surviving spouse exists, eligible children each receive 15% of the member's final earnings not to exceed 50%. Pre-retirement death benefits for non-service related deaths of members with more than 10 years of credited service are payable to a

CITY OF POMPANO BEACH, FLORIDA

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

designated beneficiary. The designated beneficiary may elect to receive a return of the member's contribution plus interest or an accrued benefit payable at normal retirement or early retirement. In addition, the designated beneficiary may elect the pre-retirement death benefit for non-service related deaths of members with 5 to 10 years of credited service. Pre-retirement death benefits for non-service related deaths of members with 5 to 10 years of credited service are paid to the member's surviving spouse for life. Benefits are computed as a \$5,000 lump sum plus 65% of the member's accrued benefits at the date of death, subject to a minimum of 20% of the member's average monthly salary. In addition, eligible children each receive 7.5% of the member's final earnings. If no eligible surviving spouse exists, eligible children each receive 15% of the member's final earnings. The pre-retirement death benefit for members with 1 to 5 years of credited service is a \$5,000 lump sum payment to the member's designated beneficiary. Post retirement death benefits are payable to the member's beneficiary in accordance with the terms of the payment method selected.

A police officer member with less than 10 years of credited service, or a firefighter member with less than 7 years of credited service, who terminates employment is refunded his or her contributions, plus interest of 3%. A vested member who terminates employment may receive his or her accrued benefit payable at normal retirement date or early retirement date or a refund of contributions plus 3% interest.

Membership consisted of the following at October 1, 2023, the date of the latest actuarial valuation:

Inactive plan members or beneficiaries currently receiving benefits	437
Inactive plan members entitled but not yet receiving benefits	6
Active plan members	157
Total	<u>600</u>

Deferred Retirement Option Plan (Drop) Plan - Any member who is eligible to receive a normal retirement pension and prior to attaining 25 years of service may elect to participate in a deferred retirement option plan ("DROP") while continuing his or her active employment as a police officer or firefighter. The maximum DROP participation period is five years for police officers and eight years for firefighters. A member with 25 years of credited service, who is not yet eligible for normal retirement may elect to participate in the DROP upon reaching normal retirement. Upon participation in the DROP, the member becomes a retiree for all PFRS purposes so that he or she ceases to accrue any further benefits under the pension plan. Normal retirement payments that would have been payable to the member as a result are accumulated and invested in the DROP plan to be distributed to the member upon his or her termination of employment. Participation in the DROP plan ceases for a member after 5 years for police officers and 8 years for firefighters. As of September 30, 2024, the balance in the DROP account was \$21,674,135 with 86 DROP participants. These amounts are included in the total investment balance presented on the statement of fiduciary net position.

Drop Loan Program - The PFRS allowed participants to borrow from their DROP account. The loan limit is up to 50% of participant's account balance, subject to a minimum of \$5,000 and a maximum of \$50,000. The interest rate charged is the "prime rate" in effect

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

on the day of loan application and the repayment schedule and maturity date may not exceed five years. At September 30, 2024, the balance of DROP loans outstanding was \$427,387.

Share Plan - A Supplemental Retirement Benefit Plan was established for firefighter members who were employed on October 1, 2010. Firefighters who were actively employed on that date were given a share, based on completed months of service, of the existing Chapter 175 reserves. Annually thereafter, Chapter 175 contributions exceeding \$821,230 are also allocated to members who are employed at the end of each fiscal year. In addition, earnings are posted to the share plan accounts each January 1. Firefighters become vested in their accounts at the rate of 50% after 10 years of service, 75% after 15 years of service and 100% after 20 years of service. On September 30, 2022, the Share Plan for Firefighters established by Ordinance 2011-68 was terminated and repealed as a result of the City and the union's mutual agreement that all Chapter 175 premium tax revenues each year be used to offset City pension contributions. The members' Share Plan account balances became 100% vested and were distributed throughout the fiscal year. As of September 30, 2024, the balance in the share plan account was \$55,738. This amount is included in the total investment balance presented on the statement of fiduciary net position.

Effective October 1, 2022, a defined contribution component, the Firefighters' Share Plan was established as required by Florida Statute. No premium tax revenues will be allocated to the plan unless mutually agreed upon between the City and the union.

Effective February 28, 2017, a Supplemental Retirement Benefit Plan for police officer members was established in accordance with Chapter 185, Florida Statutes. Under this Plan, a portion of monies received from the Chapter 185 contributions is set aside to provide special benefits to eligible police officer members. Annually, Chapter 185 contributions exceeding \$876,088 are allocated 50% to a Police Share Plan and 50% to reduce the unfunded actuarial liability of the Plan. In accordance with a policy adopted on July 10, 2018, police officer members who were vested with a minimum of ten years of service as of February 28, 2017 were each given a share. The Share Plan funds are allocated to all eligible police members at the end of each fiscal year and distributed to retired police officers annually on December 1. Share Plan funds are held in an account with posted earnings for the remaining active police members until retirement pay status is attained. As of September 30, 2024, the balance in the police officers' Share Plan account was \$461,543. This amount is included in the total investment balance presented on the statement of fiduciary net position.

Contributions – Contribution requirements are established and may be amended by the City in conjunction with the Broward County Police Benevolent Association and the Pompano Beach Professional Firefighters Local 1549. The contribution requirements are determined based on the benefit structure established by the City. The City is required to contribute amounts necessary to finance the benefits through periodic contributions at actuarially determined rates. Police officers are required to contribute 8.6% and firefighters 11.6% of their annual covered salary. Pursuant to Chapters 175 and 185 of the Florida Statutes, a premium tax on certain property and casualty insurance contracts written on Pompano Beach properties is collected by the State and is remitted to the City for the PFRS. The City and BSO are required to contribute the remaining amounts necessary to fund the benefits through periodic contributions at actuarially determined

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

rates. Administrative costs are funded through investment earnings.

In accordance with Florida Statutes, and in the absence of mutual consent, additional premium tax revenues in excess of a base amount are reserved 50%, to fund minimum benefits or benefits in excess of minimums, and 50% to fund a Share Plan. As of the October 1, 2023 actuarial valuation, the cumulative balance of additional premium tax revenues reserved to provide Share Plan benefits to firefighter members (Chapter 175 funds) totaled \$0 in accordance with mutual consent. The final Share Plan allocation occurred on September 30, 2023.

As of October 1, 2023 actuarial valuation, the cumulative balance of additional premium tax revenues used to provide Share Plan benefits to police officer members (Chapter 185 funds) totaled \$352,818. Chapter 185 premium tax funds in excess of the minimum received in 2024 totaled \$883,370 of which \$441,6859 was allocated to reduce the unfunded actuarial liability of the Sure Plan and \$441,685 was allocated to the police officers' Share Plan accounts on September 30, 2024.

(B) Employee Retirement System General Employees' Retirement System

1. Summary of Significant Accounting Policies

Basis of Accounting – The GERS's financial statements are prepared using the accrual basis of accounting. Member contributions are recognized as revenues in the period in which employee contributions are due.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

City and County contributions are recognized as revenues when due pursuant to actuarial valuations. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Investments – Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. (Please refer to Note (II)(A) for discussion of fair value measurements).

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Plan Description

Organization – The City of Pompano Beach General Employees' Retirement System (the GERS) is a single employee defined benefit pension plan established by the City of Pompano Beach, Florida (the City), on December 8, 1972. The GERS reflects the provisions and requirements of Ordinance Section No. 34.010 through 34.040, as

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

amended. In September 1991, the City contracted with Broward County for the operation of the Pompano Beach Public Library. As part of this agreement, all City employees who chose to remain in the library system became employees of Broward County. These employees were given the option of remaining in the GERS, in which case Broward County would make the required annual employer contributions as determined by the Plan actuary. In August 1999, the City also contracted with the Broward County Sheriff's Office ("BSO") whereby the BSO would provide policing services in Pompano Beach. As a result, certain code enforcement officers were employed by the BSO. Participating code enforcement officers were given the option to either remain in the Plan or switch to the BSO's retirement plan.

The GERS is administered by a seven member Board of Trustees comprised of three persons elected directly by the members, three persons who are not members appointed by the City Commission and one person elected by the other six trustees. Ordinance Section No. 34.012 provides the Board of Trustees sole and exclusive responsibility for the administration and operation of the GERS, including the authority to establish and amend benefit terms and contribution requirements.

Since the GERS is sponsored by the City, the GERS is included as a pension trust fund in the City's annual comprehensive financial report, as part of the City's financial reporting entity. The GERS issues a stand alone financial report that may be obtained by writing to the Pension Board, 2255 S.W. 2nd Street, Pompano Beach, Florida 33069.

The following brief description of the GERS is provided for general information purposes only. Participants should refer to the Plan document for more detailed and comprehensive information.

Participants

Participants are all general employees with full-time status, elected officials and appointees and senior managers of the City of Pompano Beach who have met the requirements of the City's merit system. Members are further divided in the following two tiers:

Tier One members are those members hired prior to June 8, 2011 and all members participating in the Plan on or after December 17, 2020.

Tier Two is now closed for new service. Tier Two members are those members hired on or after June 8, 2011 through December 16, 2020. Tier Two members who fully pay to convert their Tier Two service to Tier One service within the allowable timeframe will receive Tier One service credit for that time. Otherwise they retain their Tier Two service credit for service while in Tier Two and will receive a bifurcated benefit at retirement.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Membership

At September 30, 2023, pension plan membership consisted of the following:

Inactive members or their beneficiaries currently receiving benefits	511
Inactive members entitled to but not yet receiving benefits	34
Active members	575
Total	1,120

Pension Benefits

Normal retirement is at the earlier of attainment of age 55 and 20 completed years of credited service or age 62 and 3 completed years of credited service. Several benefit options are available to members that are elected at time of retirement. Early retirement, disability, death and other benefits are also provided. General employees have vested benefits after 7 years of creditable service in accordance with qualifications under the plan. Elected officials, appointees, and senior management have vested benefits after 5 years of creditable service in accordance with qualifications under the plan.

Tier One members

Effective October 1, 2021, the normal retirement benefit is calculated using 3.00% of the average monthly salary multiplied by the years of credited service. Average Monthly Salary is the average of the highest completed 78 bi-weekly pay periods times 1.0048.

Tier Two members

Normal retirement benefit is calculated using 2.00% of the average monthly salary multiplied by the years of credited service. Average Monthly Salary is the average of the highest completed 130 bi-weekly pay periods times 1.0048.

Deferred Retirement Option Plan (DROP)

Any member who is eligible to receive a normal retirement pension may freeze their accrued benefits and elect to participate in a DROP while continuing their active employment. For members electing participation in the DROP, an individual DROP account shall be created. Payment shall be made by the Plan into the employee's DROP account in an amount equal to the regular monthly retirement benefit which the participant would have received had the participant separated from service and commenced receipt of pension benefits plus interest. Interest shall be at the same rate as the investment earnings assumption for the Plan. For members entering the DROP with 20 or more years of credited service prior to, and all members entering the DROP after September 12, 2023, the DROP is limited to 96 months. Participation in the DROP is limited to 60 months for members entering the DROP prior to September 12, 2023 with less than 20 years of credited service who did not elect to extend their DROP period to 96 months.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Cost of Living Adjustment (COLA)

Tier One members

The Plan allows for an annual guaranteed Cost of Living Adjustment (COLA) equal to three percent (3%) payable on October 1, plus an additional variable COLA equal to up to one percent (1%) if Plan earnings are sufficient (as certified by the Plan's actuary). The COLA is payable to each Retiree who has been retired for at least one year at the time of COLA payment (October 1). All retirees and their beneficiaries are eligible for the COLA once they have been retired for one year.

Tier Two members

The Plan allows for an annual guaranteed Cost of Living Adjustment (COLA) for eligible Retirees over the age of 55, payable to each Retiree who has been retired for five years at the time of the COLA payment (October 1). The amount is determined by the Retirees' age on October 1. The COLA amount is one percent (1%) for Retirees between the ages of 55 and 64. For Retirees age 65 and older, the COLA amount is two percent (2%). In addition, eligible Retirees may receive an additional variable COLA equal to up to one percent (1%) if Plan earnings are sufficient (as certified by the Plan's actuary).

Funding Requirements and Funding Status of Plan

Member Contributions:

All members are required to contribute 10% of their earnings to the Plan. If a member terminates their employment before they become eligible to receive benefits, the accumulated contributions will be returned to the members plus interest at 3% per year.

City Contributions:

The City is to contribute such amounts as are necessary to maintain the actuarial soundness of the Plan and to provide the Plan with assets sufficient to meet the benefits to be paid to the participants. For the year ended September 30, 2024, the Plan's actuary determined that the required City and Broward County Sheriff's Office total contribution was \$18,658,621. This amount was contributed in full.

County Contributions:

The County is to contribute such amounts as determined by the actuary to cover Broward Sheriff's Office employees.

Investments

The Plan contracts with investment managers who supervise and direct the investment of the assets. In addition, the Plan utilizes an investment monitor to evaluate and report on a quarterly basis, compliance by the investment managers with the investment policy of the Board and investment performance of the Plan. The investment policy statement was last amended on September 17, 2024.

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

(C) Other Pension Information

1. Contribution Rates and Actual Contributions

	<u>Police and Firefighters'</u>	<u>General Employees</u>
Contributions:		
Plan members:		
General Employees	-	10.00 ⁽¹⁾
Police	8.60%	-%
Fire	11.60%	-%
Contributions made:		
Employer	\$ 20,155,147	\$ 18,429,791
Plan members	1,979,268	228,830
State	3,832,801	- ⁽²⁾

⁽¹⁾ 7% for Tier two members of the General Employees' Plan.

⁽²⁾ The Police and Firefighters' Plan is also funded by contributions from the State of Florida under Chapters 175 (Firefighter Pensions) and 185 (Municipal Police Pensions) of Florida Statutes. This contribution consists of excise taxes collected on fire and casualty insurance premiums on policies written within the City.

Beginning in fiscal year 1998, the State, by passage of Chapters 175 and 185 of Florida Statutes, limited the allowable premium tax credit to the base amount received by the Plan in 1997 plus any fire supplemental payments received from the State subsequent to 1997. The City is allowed to take an additional credit for any improved benefits (approved by City Ordinance) provided to the firefighters resulting in additional costs to the Plan. The annual credit taken, which is equal to the sum of the 1997 base amount plus additional fire supplemental payments received and additional costs incurred from improved benefits cannot exceed the actual premium taxes received for that fiscal year. For the fiscal year ended September 30, 2024, the Plan received \$3,832,801 for the Police and Firefighters' Plan. This amount is recorded as intergovernmental revenue and public safety expenditures (on behalf payments) in the City's General Fund and as operating grants and contributions and public safety expenses for governmental activities in the government-wide financial statements.

2. Net Pension Liability

Police and Firefighters

The City's net pension liability was measured as of October 1, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2023. Updated procedures were used to roll forward the total pension liability to the measurement date. The components of the net pension liability of the City at September 30, 2024 were as follows:

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

	Police and Firefighters
Total pension liability	\$ 486,377,998
Plan fiduciary net position *	279,785,890
Net pension liability	<u>\$ 206,592,108</u>
Plan fiduciary net position as a percentage of the total pension liability	57.52%

Actuarial Methods and Assumptions

The total pension liability was determined by an actuarial valuation as of October 1, 2023 updated to September 30, 2024 using the following actuarial assumptions applied to all measurement periods:

Actuarial cost method	Entry Age Normal
Asset method	Market Value of Assets
Interest rates:	
Discount rate	7.0%
Expected long-term rate of return	7.0%
Municipal bond rate	N/A
Inflation	2.0%
Annual salary increases, excluding inflation	0.99%-9.03%
Ad-hoc cost of living increases	none

Mortality rates were based on Pub-2010 Generational using scale MP-2018. Mortality rates for the disabled were based on Pub-2010.

The long-term expected rate of return on Plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2024 are summarized in the following table:

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equity	55.00%	4.84%
Fixed income	20.00%	2.44%
Real estate	10.00%	3.73%
Hedge funds and private equity	5.00%	3.73%
Short-term investments	-%	2.44%
Infrastructure	5.00%	5.00%
Cash	5.00%	1.00%
Total	100.00%	

Discount Rate:

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Net Pension Liability

General Employees

The City's net pension liability was measured as of October 1, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2023. Update procedures were used to roll forward the total pension liability to the measurement date. The components of the net pension liability of the City at September 30, 2024 were as follows:

	General Employees
Total pension liability	375,665,996
Plan fiduciary net position *	250,075,581
Net pension liability	<u>\$ 125,590,415</u>
Plan fiduciary net position as a percentage of the total pension liability	66.57%

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Actuarial Methods and Assumptions

The total pension liability was determined by an actuarial valuation as of October 1, 2023 updated to September 30, 2024 using the following actuarial assumptions applied to all measurement periods:

Actuarial cost method	Entry Age Normal
Amortization method	Level Dollar Closed
Remaining amortization period	1 to 30 years
Asset valuation method	5 year smoothed market
Inflation	2.50%
Salary increase	4.25 - 7.50%
Investment rate of return	7.35 percent, net of pension plan investment expense

Mortality rates were based on PUB-2010 Headcount Weighted General Below Median Employee Tables for males and females.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2024 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
US Large Cap Equity	30.00%	5.81%
US Small/Mid Cap Equity	15.00%	7.06%
International Equity	5.00%	6.64%
US Direct Real Estate	20.00%	4.94%
Absolute Return	5.00%	6.12%
Private Equity	5.00%	9.89%
Private Credit	5.00%	6.65%
US Fixed Income	10.00%	2.60%
Cash	5.00%	1.00%
Total	100.00%	

Discount Rate:

The discount rate used to measure the total pension liability was 7.35%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability:

Changes in the City's net pension liability for the Police and Firefighters for the fiscal year ended September 30, 2024 are as follows:

	Police and Firefighters			General Employees		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
Beginning Balances	\$ 437,490,906	\$ 235,404,466	\$ 202,086,440	\$ 356,679,682	\$ 227,129,215	\$ 129,550,467
Changes for the year:

NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

General Employees

The following presents the net pension liability, calculated using the discount rate of 7.35%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.35%) or 1-percentage-point higher (8.35%) than the current rate:

	1% Decrease (6.35%)	Current Discount Rate (7.35%)	1% Increase (8.35%)
City's net pension liability	\$ 171,994,049	\$ 125,590,415	\$ 87,004,230

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

For the year ended September 30, 2024, the City recognized pension expense related to the pension plans as follows:

	Police and Firefighters	General Employees	Total
Pension expense	\$ 42,480,026	\$ 20,084,609	\$ 62,564,635

At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pension plans from the following sources:

	Police and Firefighters		General Employees		Total	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 15,224,431	\$ -	\$ 1,234,383	\$ (1,472,851)	\$ 16,458,814	\$ (1,472,851)
Changes of assumptions	2,553,897	-	3,269,079	(162,436)	5,822,976	(162,436)
Net difference between projected and actual earnings on pension plan investments	-	(3,924,363)	11,259,274	-	11,259,274	(3,924,363)
Employer contributions subsequent to the measurement date	-	-	18,658,621	-	18,658,621	-
Total	\$ 17,778,328	\$ (3,924,363)	\$ 34,421,357	\$ (1,635,287)	\$ 52,199,685	\$ (5,559,650)

The City reported \$18,658,621 as part of the deferred outflows of resources relating to pensions. This amount resulted from City contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Fiscal year ending September 30:	Police and Firefighters	General Employees
2025	\$ 19,196,162	\$ 2,649,404

2027	(6,454,710)	9,066,922
Thereafter	(5,635,965)	(265,008)
	<u>\$ 13,853,965</u>	<u>\$ 14,127,449</u>

(D) Employee Retirement System
Defined Contribution Retirement System (Contribution Plan)

Plan Description – The defined contribution retirement system (“DCRS”) is a defined contribution pension plan established by the City in 1996 by Ordinance 96-84. to provide benefits at retirement to certain professional and managerial employees of the City that were not part of the General Employees Retirement System (GERS). Contribution Plan provisions and contribution requirements are established and may be amended by City Commission Ordinance. In 2008, Ordinance 2008-16 provided for the inclusion of these same employees in the GERS plan.

The Mission Square Retirement (formerly International City Management Association Retirement Corporation) acts as agent for the City in administering the Contribution Plan. As a result of Ordinance 2008-16, there are no required contributions to the plan. For fiscal year 2023, employer contributions totaled \$0 and employee contributions also totaled \$0.

(E) Risk Management

The City is exposed to various risks and losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and group health. The City is self-insured except for commercial insurance purchased for airport liability and group health insurance, and purchases of excess commercial insurance beyond the self-insured retention for general liability, auto liability, property damage and workers’ compensation. The City has not incurred a reduction in insurance coverage. No workers’ compensation settlements exceeded the City’s self-insured retention in fiscal year 2024.

There have been no settlements in excess of insurance coverage for the past three years.

All funds, except for the capital projects fund, participate in the program and make premium payments to the risk management fund based on actuarial estimates of the amounts needed to ultimately settle claims. The total estimated claims payable at September 30, 2024 reflect management’s loss estimate of \$17,971,000, which includes reported claims and claims incurred but not reported (IBNR).

Changes in the fund’s estimated claims payable amount in fiscal years 2024 and 2023 were:

CITY OF POMPANO BEACH, FLORIDA

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

Fiscal Year	Liability October 1	New Claims and Changes in Estimates	Claims Payments	Liability September 30
2024	\$ 18,613,000	\$ 3,278,112	\$ 3,920,112	\$ 17,971,000
2023	\$ 18,049,000	\$ 3,878,611	\$ 3,314,611	\$ 18,613,000

(F) Contingencies/Risks/Uncertainties

There are several pending claims and lawsuits in which the City is involved. The estimated liabilities related to all known pending claims have been accrued in the City's risk management fund. In the opinion of City management, the ultimate resolution of these claims will not materially exceed the amounts recorded in the financial statements.

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, might constitute a liability of the applicable funds. It is management's opinion that there are no significant contingent liabilities relating to these grants.

The City's pension plans (PFRS and GERS - the Plans) invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term, and those changes could materially affect the amounts reported in the statement of net position for each Plan. The Plans, through investment advisors, monitor plan investments and the risks associated therewith on a regular basis, which the Plans believe serve to minimize these risks.

The Plans' contributions are made and the net pension liability is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the Plans' financial statements.

(G) New Accounting Pronouncements

The GASB has issued the following Statements not yet implemented by the City:

GASB Statement No. 103, *Financial Reporting Model Improvements*, was issued in April 2024. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. The provisions of this Statement are effective for fiscal year ending September 30, 2026.

GASB Statement No. 104, *Disclosure of Certain Capital Assets*, was issued in September 2024. State and local governments are required to provide detailed information about capital assets in notes to financial statements. Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local*

CITY OF POMPANO BEACH, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

Governments, requires certain information regarding capital assets to be presented by major class. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. The provisions of this Statement are effective for fiscal year ending September 30, 2026.

The City's management has not yet determined the effect these Statements will have on the City's financial statements.

(H) Deficit Fund Balance Equity

At September 30, 2024, the following funds had deficit fund equity:

	<u>Amount</u>
Internal Service Funds:	
Risk Management Health	\$ 421,557
Risk Management General	\$ 1,695,807

The Risk Management Health Fund will be adjusted to charge user funds accordingly to reduce the deficit fund equity position noted

The Risk Management General Fund activities will be adjusted to charge user funds accordingly to reduce the deficit fund equity position noted.

(I) Excess of Expenditures over Appropriations

The General Fund had total expenditures and encumbrances that exceeded the final approved budget at their legal level of budgetary control:

1. Public Safety Department exceeded the final approved budget of \$100,499,323 by \$335,165
2. Public Works Department exceeded the final approved budget of \$30,539,178 by \$1,488,567

(J) Subsequent Events

Water and Wastewater Revenue Bond, Series 2024

- On October 22, 2024, the City Commission authorized the Public sale of the Water and Wastewater Revenue Bonds, Series 2024 (Ordinance 2025-01), not to exceed \$79,005,000 to be applied to the finance (including through reimbursement, if any) a Project consisting of the acquisition, constructing, and equipping of various public improvements to the System included in the current five-year capital improvement plan. The bonds were later issued on December 3, 2024.

Equipment Lease, 2025

- On February 11, 2025, the City Commission authorized the execution and delivery of lease-purchase agreement with TD Equipment Finance, Inc. (Resolution 2025-76) for \$8,600,000, consisting of the acquisition, purchase, financing and leasing of certain equipment as outlined in the 2025 Capital Outlay.

(1) Differences between expected and actual experience for the year ending 9/30/2020 include an adjustment to reflect the liabilities associated with \$6,734,593 in allocated Share Plan balances as of 9/30/2020 (\$287,189 for the Police Share Plan and \$6,447,404 for the fire Share Plan). We consider this to be an individually significant change, according to the language of GASB 67 paragraph 32 and GASB 68 paragraph 44.

(2) Plan fiduciary net position noted in 2021 does not include an investment adjustment in the amount of \$445,295 at 9/30/2021 and \$484,370 at 9/30/2022, recorded by the Plan and included in the Statement of Net Position subsequent to the production of the actuarial GASB Nos. 67-68 Report.

Actuarially determined contribution rates for the year ended September 30, are calculated as of October 1, two years prior to the end of the year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Individual Entry Age Normal Cost Method
Amortization method	All new bases are to be amortized over 20 years from date established using a level dollar amortization for police and a level percentage of pay amortization, with 2.75% payroll growth, for firefighters
Amortization period	30 years
Asset valuation method	20%(5-year) Phase-In Method with a 20% asset corridor.
Interest rates	7.0% compounded annually, net of investment expenses
Annual pay increases	2.0% compounded annually for inflation plus a seniority/merit scale ranging from .99 to 9.03%
Expense and/or contingency loading	One year cost method; average of prior two years' expenses
Mortality rates:	
Healthy	Pub-2010 Generational using scale MP-2018.
Disabled	Pub-2010 Generational using scale MP-2018.

Changes in Assumptions:

The assumption for mortality rate was changed for fiscal year 2017 due to a Florida legislative change which mandated that local governments utilize the State of Florida's mortality tables to measure pension liabilities.

Commencing on the October 1, 2017 the actuarial valuation assumed rate of investment return was lowered from 7.90% to 7.50% in increments of 0.10% per year over the course of a five-year phase-in.

For the fiscal year 2022, the actuarial valuation assumed rate of investment return was lowered from 7.50% to 7.35%.

Covered payroll	\$ 27,015,680	\$ 27,957,210	\$ 28,647,136	\$ 31,178,459	\$ 32,795,343	\$ 36,094,711	\$ 36,074,168	\$ 33,860,266	\$ 36,977,205	\$ 39,506,593
Contributions as a percentage of covered payroll	24.69%	23.41%	23.58%	26.63%	28.45%	28.07%	30.12%	32.84%	47.60%	47.23%

Actuarially determined contribution rates for the year ended September 30, are calculated as of October 1, two years prior to the end of the year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Remaining amortization method	Level dollar, closed
Amortization period	1 to 30 years
Asset valuation method	5-year smoothed market
Inflation	2.50 percent
Salary increase	4.25 - 7.50 percent, including inflation
Investment rate of return	7.35 percent, net of plan investment expense, including inflation
Mortality rates:	PUB-2010 Headcount Weighted General Below Median Employee Tables for males and females

CITY OF POMPANO BEACH, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
(Unaudited)

SEPTEMBER 30, 2024

Budgetary Information

The City Commission adopted these procedures to establish the budgetary data reflected in the financial statements.

Prior to July 10, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing October 1. The operating budget includes proposed expenditures and the means of financing them.

The City Commission holds public workshops on the proposed budget. In September, formal public hearings are conducted to obtain taxpayers' comments. Prior to October 1, the budget is legally adopted.

Expenditures may not exceed the budget and are controlled at the departmental level. The City Manager can approve budget transfers within operating departments and divisions of the same fund. Individual transfers exceeding \$10,000 are reported to the City Commission on a quarterly basis. Unencumbered balances of appropriations lapse at year end. Purchase orders outstanding at year end are carried forward.

Budgets have been legally adopted for all governmental and proprietary fund types, except for the Special Purpose, Affordable Housing Trust, Cultural Arts Foundation, Capital Projects, American Rescue Plan, Building Inspections Capital Fund, Capital Project 2018 GO Bonds, and the Capital Project 2021 GO Bond funds. Budgets are adopted for capital outlay expenditures on a project basis. Presentation of this information on an annual basis is not considered meaningful.

Budgets have been adopted on a basis consistent with accounting principles generally accepted in the United States of America, except for the inclusion of encumbrances as the equivalent of expenditures. Budgets for the general fund and major special revenue funds are disclosed as part of required supplementary information. The reported budgetary data represents the final approved budget after amendments adopted by the City Commission.

The City does not budget for revenues and expenditures related to State contributions to the Police and Firefighters Retirement Plan (the Plan), recorded in the General Fund, as these payments are on behalf of the City and are received by the Plan directly.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
(Unaudited)**

SEPTEMBER 30, 2024

Adjustments necessary to convert the General Fund and the major special revenue funds results of operations and changes in fund balances at September 30, 2024 from the accounting principles generally accepted in the United States of America basis of accounting to the budgetary basis are as follows:

	Revenues/ Other Financing Sources	Expenditures/ Other Financing Uses	Changes in Fund Balances
<u>General Fund</u>			
GAAP Basis	\$ 220,194,644	\$ 223,298,285	\$ (3,103,641)
Encumbrances	-	3,854,201	(3,854,201)

COMBINED & INDIVIDUAL FUND STATEMENTS AND SCHEDULES

NONMAJOR GOVERNMENTAL FUNDS

Building Permit Fund - accounts for specific revenues that are restricted to particular purposes per Florida Statute, such as costs incurred to enforce the Florida Building Code.

Special Purpose Fund - accounts for specific revenues that are restricted to particular purposes per City Ordinance, such as tree canopy landscaping, beach area master parking, nautical flea market, disaster recovery, emergency medical service, tri-centennial celebration and building certification/education maintenance.

Law Enforcement Trust Fund (LETf) - accounts for confiscated monies and property awarded to the City for law enforcement related expenditures in accordance with Florida Statutes and Federal guidelines.

SHIP Fund - accounts for the activities of the State Housing Initiative Partnership Grant Program.

American Rescue Plan Act - accounts for the activities of COVID-19 Stimulus package for State and Local government.

Other Grants Fund - accounts for federal, state and local government program grants and other restricted sources.

Affordable Housing Fund - accounts for various fees and contributions for the preservation of the existing affordable housing neighborhoods.

Cultural Arts Foundation Fund - accounts for gifts and contributions to provide for the promotion of diverse cultural arts in the City.

Cemetery Perpetual Care Fund - accounts for the proceeds from the sale of certain cemetery plots and certain service charges. Capital improvements expenditures are not allowed.

GO Bonds Debt Service Fund - accounts for property taxes collected for the repayment of principal and interest on the City's 2018 and 2021 Series General Obligation Bonds.

Building Inspections Capital Fund - accounts for the Building Inspections portion of the Municipal Complex capital project and is supported by transfers from the Building Permit Fund.

INTERNAL SERVICE FUNDS

Central Stores Fund - accounts for the costs of providing a central inventory to other departments. The other departments are charged for inventory plus a fee to cover overhead.

Information Technology Fund - accounts for the costs of providing information processing services to other City departments. The other departments are charged a direct fee for the initial purchase of equipment and a usage fee to cover operating costs of the fund.

Central Services Fund - accounts for the costs of providing goods and services, primarily printing and duplicating, to other City departments. The other departments are billed based on their historical frequency of use.

Risk Management Fund (Health) - accounts for the City's share of health insurance premiums. Other funds are billed to cover actual costs of premiums and claims.

Risk Management Fund (General) - accounts for the costs of insuring the City for property damage, general liability, auto liability, and worker's compensation. Other funds are billed to cover actual costs of premiums and claims.

Vehicle Services Fund - accounts for the costs of operating a maintenance facility for City vehicles. Other City departments are billed to cover operating costs, fuel consumption, and vehicle repairs.

FIDUCIARY FUNDS

Fiduciary funds are used to account for resources held for the benefits of parties outside the City.

General Employees' Retirement System Fund - accounts for the accumulation of resources to be used for retirement benefit payments to the majority of City employees. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by an annual actuarial valuation.

Police and Firefighters' Retirement System Fund - accounts for the accumulation of resources to be used for retirement benefit payments to City police officers and firefighters. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by an annual actuarial valuation.

STATISTICAL SECTION

STATISTICAL SECTION SUMMARY

This part of the City of Pompano Beach, Florida's annual comprehensive financial report presents additional information to assist users in understanding how the information provided in the financial statements, note disclosures, and required supplementary information impacts the City's overall financial health.

Schedules	<u>Page</u>
<u>Financial Trends</u> These schedules provide financial trend information, which shows how the City's financial performance has changed over time.	155
<u>Revenue Capacity</u> These schedules provide additional information about Property Tax, the City's most significant local revenue source	161
<u>Debt Capacity</u> These schedules provide detailed information about the City's current levels of outstanding debt, and can help the financial statement user assess the City's ability to issue additional debt in the future.	168
<u>Demographic and Economic Information</u> These schedules present demographic and economic indicators to assist the financial statement user in understanding the environment in which the City's financial activities occur.	174
<u>Operating Information</u> These schedules contain service and infrastructure data to help the financial statement user understand how the information in the City's financial statements relates to the services the City provides	176

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.
