Re: Lease Agreement for an Emergency Vehicle

As you know, the City of Fort Lauderdale Fire Rescue has requested to borrow one of our Rescue Ambulances to use during the Fort Lauderdale Air and Sea Show on May 8-9, 2021. They would need to pick up the emergency vehicle on May 7, 2021 and bring it back on May 10, 2021. Fort Lauderdale is only requesting the use of our emergency vehicle without personnel. In order to loan our Rescue Ambulance to Fort Lauderdale, a Lease Agreement for an Emergency Vehicle is required. The City Attorney has prepared said document, as well as a Resolution to bring before the City Commission for approval. This item will need to be on the April 27, 2021 Commission Agenda in order to meet the time constraint. Attached are the required documents.
