Re: Citi Center Agreement Review

We finalized the renewal agreement between the owner of the Citi Centre (SVAP Pompano Citi Centre, L.P.), and the City of Pompano Beach. As you know, they are offering a no cost agreement to allow COVID-19 vaccinations to be conducted on their property in the Point of Distribution (POD) that is being set up with the Department of Health. This agreement is directly connected to the Memorandum of Agreement (MOA) between the City of Pompano Beach, State of Florida Department of Health, and Broward County Health Department. The MOA authorizes the program to begin the vaccinations while the Citi Centre agreement provides the site in which to conduct the vaccination effort.

The owner has been very gracious in providing their property for no cost to the city in an effort to assist in combating the COVID-19 pandemic. We have worked with them in a collaborative manner to bring this agreement before the City Commission. We are hopeful that this agreement will be the bridge to a successful vaccination program conducting within Pompano Beach.
