Dear Mike,

The City of Pompano Beach Development Services Department has received your zoning letter request dated 10/29/2024 which requests the following information on the above referenced properties:

1. What is the current zoning designation for the property?

The above referenced property is currently zoned General Business (B-3). The B-3 district is established and intended to accommodate a diverse range of moderate-intensity retail, service, office, recreation/entertainment, visitor accommodation, and institutional uses that serve the residents and businesses in the community at large. Our Zoning Code is available online at codelibrary.amlegal.com. Please refer to Section [§155.3304](#) for a list of the B-3 district regulations. A copy of Section §155.3304 has been included for reference.

2. What are the permitted uses?

The permitted uses for the B-3 District are provided in [Appendix A: Consolidated Use Table](#) of the Zoning Code, where it lists the permitted uses for each zoning district in the City of Pompano Beach. Appendix A is enclosed in this document.

Additionally, under Broward County Policy 2.16.3 the property may be developed for residential use as bonus residential density may be allocated to facilitate the development of affordable housing. A request for flex units may be needed in such case. However, for a mixed-use development no flex units are needed under County Policy 2.16.4. Please see enclosed the mentioned Broward County Policies from the 2017 Broward County Land Use Plan.

3. What is the future land use designation for the property?

The subject property has a future land use designation of Commercial (C). Please refer to the attached section from the City's Comprehensive Plan regarding Commercial Land Use.

4. Confirm if the Zoning Division has an approved site plan on file.

An approved site plan from the 1970s was found on City files and it is attached to this letter. Additionally, a more recent survey from 2010 related to approved permit #10-2336 for a sign was also attached.

5. Other: Confirm the maximum allowable building height and/or number of stories for the properties

The maximum allowable building height for properties within the B-3 district is 105 ft. There is no maximum number of stories. Please find other allowable dimensional standards under the attached B-3 district regulations, Section [§155.3304](#).

Please be advised that a zoning verification letter is not considered an official zoning approval for a business use or development approval. To obtain approval for a business use, please submit a Zoning Use Certificate to the City's Business Tax Receipt Division. Zoning Use Certificates are reviewed by a Planner within 5 to 7 business days. Please contact the Business Tax Receipt Division at 954.786.4668 or businesstaxreceipt@copbfl.com. Depending on the scope of work, a site plan or other Zoning approval may also be required. Please contact the Zoning Department at 954.786.4679 or zoning@copbfl.com. For questions regarding building permits, please contact the Building Division at 954.786.4670.

Should you need further assistance, please contact our office 954.786.4679.

Yours truly,

THE CITY OF POMPANO BEACH

SECTION 2: POLICIES

...

AFFORDABLE HOUSING BONUS DENSITY

POLICY 2.16.3

- (1) Bonus residential density may be allocated to facilitate the development of affordable housing for persons within the following income categories as defined in the Broward County Land Use Plan:

- Moderate-income persons having a total annual anticipated income for the household that does not exceed 120 percent of the median annual income adjusted for family size for households within the county.*

- Low-income persons having a total annual anticipated income for the household that does not exceed 80 percent of the median annual income adjusted for family size for households within the county.*

- Very-Low income persons having a total annual anticipated income for the household that does not exceed 50 percent of the median annual income adjusted for family size for households within the county.*

*While occupying a rental unit, annual anticipated gross income may increase to an amount not to exceed 140 percent of the applicable median income adjusted for family size.

- (2) Bonus Formulas

Moderate-income: Six (6) bonus units per every one (1) “moderate-income” unit (including areas east of the Intracoastal Waterway).

Low-income: Nine (9) bonus units per every one (1) “low-income” unit (including areas east of the Intracoastal Waterway).

Very-Low-income: Nineteen (19) bonus units per every one (1) “very-low-income” unit (including areas east of the Intracoastal Waterway).

- (3) Affordable housing density bonuses are conditioned on the developer or purchaser providing, in a manner acceptable to the affected unit of local government, guarantees, as a minimum, through the use of restrictive covenants, that the affordability of the bonus units for the affordable income groups described above will be maintained for a period of at least thirty (30) years for rental housing and at least thirty (30) years for owner occupied housing.

- (4) The total number of units, including affordable and bonus units, on lands designated as “Residential” may not exceed a maximum of 50 dwelling units per acre on the Broward County Land Use Plan. For parcels designated “Commerce” or similar designation on the local land use plan map, these maximum densities shall not be applicable. If the total density, including the affordable and bonus units, exceeds the density permitted by the existing zoning classification, the governing body of the local government shall make a finding of compatibility with existing and future land uses and its local land development regulations at a publicly noticed meeting, consistent with its notification requirements; otherwise, the local planning agency of the local government may make the finding of compatibility at a publicly noticed meeting, consistent with the above.
- (5) At the time of allocation of bonus density, the applicable local government must make a finding that adequate public facilities and services are in place or will be in place with completion of project construction, to accommodate all bonus and affordable units.
- (6) Allocations of bonus residential density do not require an amendment to the Broward County Land Use Plan or local land use plan.
- (7) Units of local government may utilize the Bonus Density provisions regardless of whether such provisions are incorporated within their certified local land use elements. This Policy is discretionary upon the local government and does not create any entitlements to the bonus units. Allocation of the bonus units requires authorization of the local government at a publicly noticed meeting, consistent with its notification requirements, of the governing body or, when the total density, including affordable and bonus units, does not exceed the density permitted by the existing zoning classification, by the local planning agency.
- (8) By January 31 of each year, an official of each local government shall transmit to the Planning Council an annual report providing tables reflecting bonus density units allocated.
- (9) “Affordable” unit and bonus unit construction is subject to the following, as enforced by the applicable local government:
 - a. One hundred percent (100%) of “affordable” units must receive certificates of occupancy before the final fifty percent (50%) of bonus units receive their certificate of occupancy; or
 - b. The local government must require that “affordable” units are available before or concurrently with bonus units.
- (10) This Policy is incentive-based and units of local government may be more restrictive and are not required to adopt, utilize or implement the above referenced bonus formulas.

SECTION 2: POLICIES

...

AFFORDABLE HOUSING

POLICY 2.16.4 Within parcels located west of and including US 1*, and designated “Commerce” on the Broward County Land Use Plan and fronting with direct access to a roadway classified as a State road, County arterial, per the Broward Highway Functional Classification map, or other road or portion thereof, as approved by the Board of County Commissioners, herein after referred to as a “Qualified Road,” or within a parcel designated “Activity Center,” multi-family residential use is permitted in addition to that permitted otherwise in those designations by this Plan, subject to the following:

- (1) One or more of the affordable housing categories, as defined by this Plan, must be a component of the residential development based on the following “bonus” units to “affordable” unit formula(s) described below:
 - (a) Moderate income: six (6) bonus units for every (1) one moderate income unit.
 - (b) Low income: nine (9) bonus units for every (1) one low income unit.
 - (c) Very-low income: nineteen (19) bonus units for every (1) one very-low income unit.
- (2)
 - (a) Each required affordable housing unit must be no smaller than ten percent (10%) less than the average gross floor area of each bonus unit corresponding type (i.e., one-bedroom, two-bedroom, three-bedroom, etc.) in the development project; or
 - (b) The number of bedrooms/bathrooms provided in the affordable units must be proportional to the number provided in the bonus units type (i.e., one-bedroom, two-bedroom, three-bedroom, etc.).
- (3) Single-family dwelling units are not permitted. Residential units shall not be permitted on the ground floor portion of any building that fronts a Qualified Road. As per Policy 2.2.5 of the Broward County Land Use Plan, studio or efficiency housing units, no greater than 500 square feet in size, may be counted by the local government as 0.5 dwelling units for residential density purposes.
- (4) These additional permitted residential density provisions are conditioned on the developer or purchaser providing, in a manner acceptable to the affected unit of local government, guarantees, at a minimum through the use of restrictive covenants, that the affordable unit(s) will be maintained as affordable to the applicable designated income group(s) for a minimum period of thirty (30) years.
- (5) Within a development containing residential units, the following shall apply:
 - (a) Office and commercial use may either be vertically or horizontally integrated providing the following:

DRC

1. At least fifty percent (50%) of the ground floor of any portion of a building or development, excluding ingress and egress, facing a Qualified Road shall provide office and/or commercial uses;
 2. Portions of a development not facing a Qualified Road within an Activity Center is not required, but encouraged, to provide for office and/or commercial uses.
- (b) On parcels greater than five (5) acres, a minimum of ten percent (10%) of the gross floor area, excluding parking garages, must be reserved or utilized for office and/or commercial uses not ancillary to the residential units.
- (6) “Affordable unit” requirements may be satisfied via an in-lieu payment to the Broward County Affordable Housing Trust Fund** equal to \$10,000 per unit (Note: Effective January 1, 2023) for the total number of units within the development which sum shall increase by 3% annually (Note: Beginning January 1, 2024).
- (7) Units of local government may utilize the additional permitted residential density provisions described in this Policy, at their option, regardless of whether such provisions or conflicting provisions are incorporated within their certified local land use plan elements and utilization of these provisions does not require an amendment to the Broward County Land Use Plan map or local land use plan map.
- (8) Local government utilization of the additional permitted residential density provisions described in this Policy is subject to the following, as enforced by the applicable local government:
- (a) One hundred percent (100%) of the “affordable” units shall be available for occupancy before the final twenty-five percent (25%) of bonus units are available for occupancy.
- (9) In addition to the provisions of this Policy, parcels designated “Commerce” and meeting the location, frontage, and access requirements of this Policy or within an Activity Center, where the residential development will be located within ¼ mile of a State road, County arterial, or other road or portion thereof, as approved by Board of County Commissioners (“Board”), the Board shall consider the following in the review of funding applications submitted by local governments for future public infrastructure and economic development projects:
- (a) Local government adoption of this Policy into the municipal Comprehensive Plan;
 - (b) Local government adoption of specific regulations, in the municipal zoning and/or land development code, to allow allocation of additional residential density units as a permitted use, by right, within specific zoning district(s);
 - (c) Local government adoption of specific regulations to implement the provisions and criteria of this Policy, including:
 1. Establishment of a minimum net residential density of twenty-five (25) dwelling units per acre;
 2. Where a building is located within 100 feet of any parcel which prohibits, through the applicable zoning regulations, residential development of ten (10) dwelling units per gross acre or more, the local government may establish a maximum building height limit of not less than five (5) stories; and
 3. The zoning regulations that establish reduced on-site parking to accommodate the mixed uses.

(d) The Urban Planning Division, in consultation with the Office of the County Attorney, must certify that all the foregoing requirements of this Section (9) have been satisfied.

(10) Units of local government may be more restrictive and are not required to adopt, utilize or implement the above referenced Policy.

* includes all parcels that front and have direct access to US 1 and, at the option of the applicable municipality as a permitted or special exception use, on parcels east of US 1 and west of the Intracoastal Waterway, provided the municipality makes a finding that the additional dwelling units on said parcels will not negatively impact hurricane evacuation clearance times and/or emergency shelter capacities. A local government is not required to apply this Policy to properties east of US 1 in order to be eligible for funding consideration by the Board of County Commissioners pursuant to Section (9) herein.

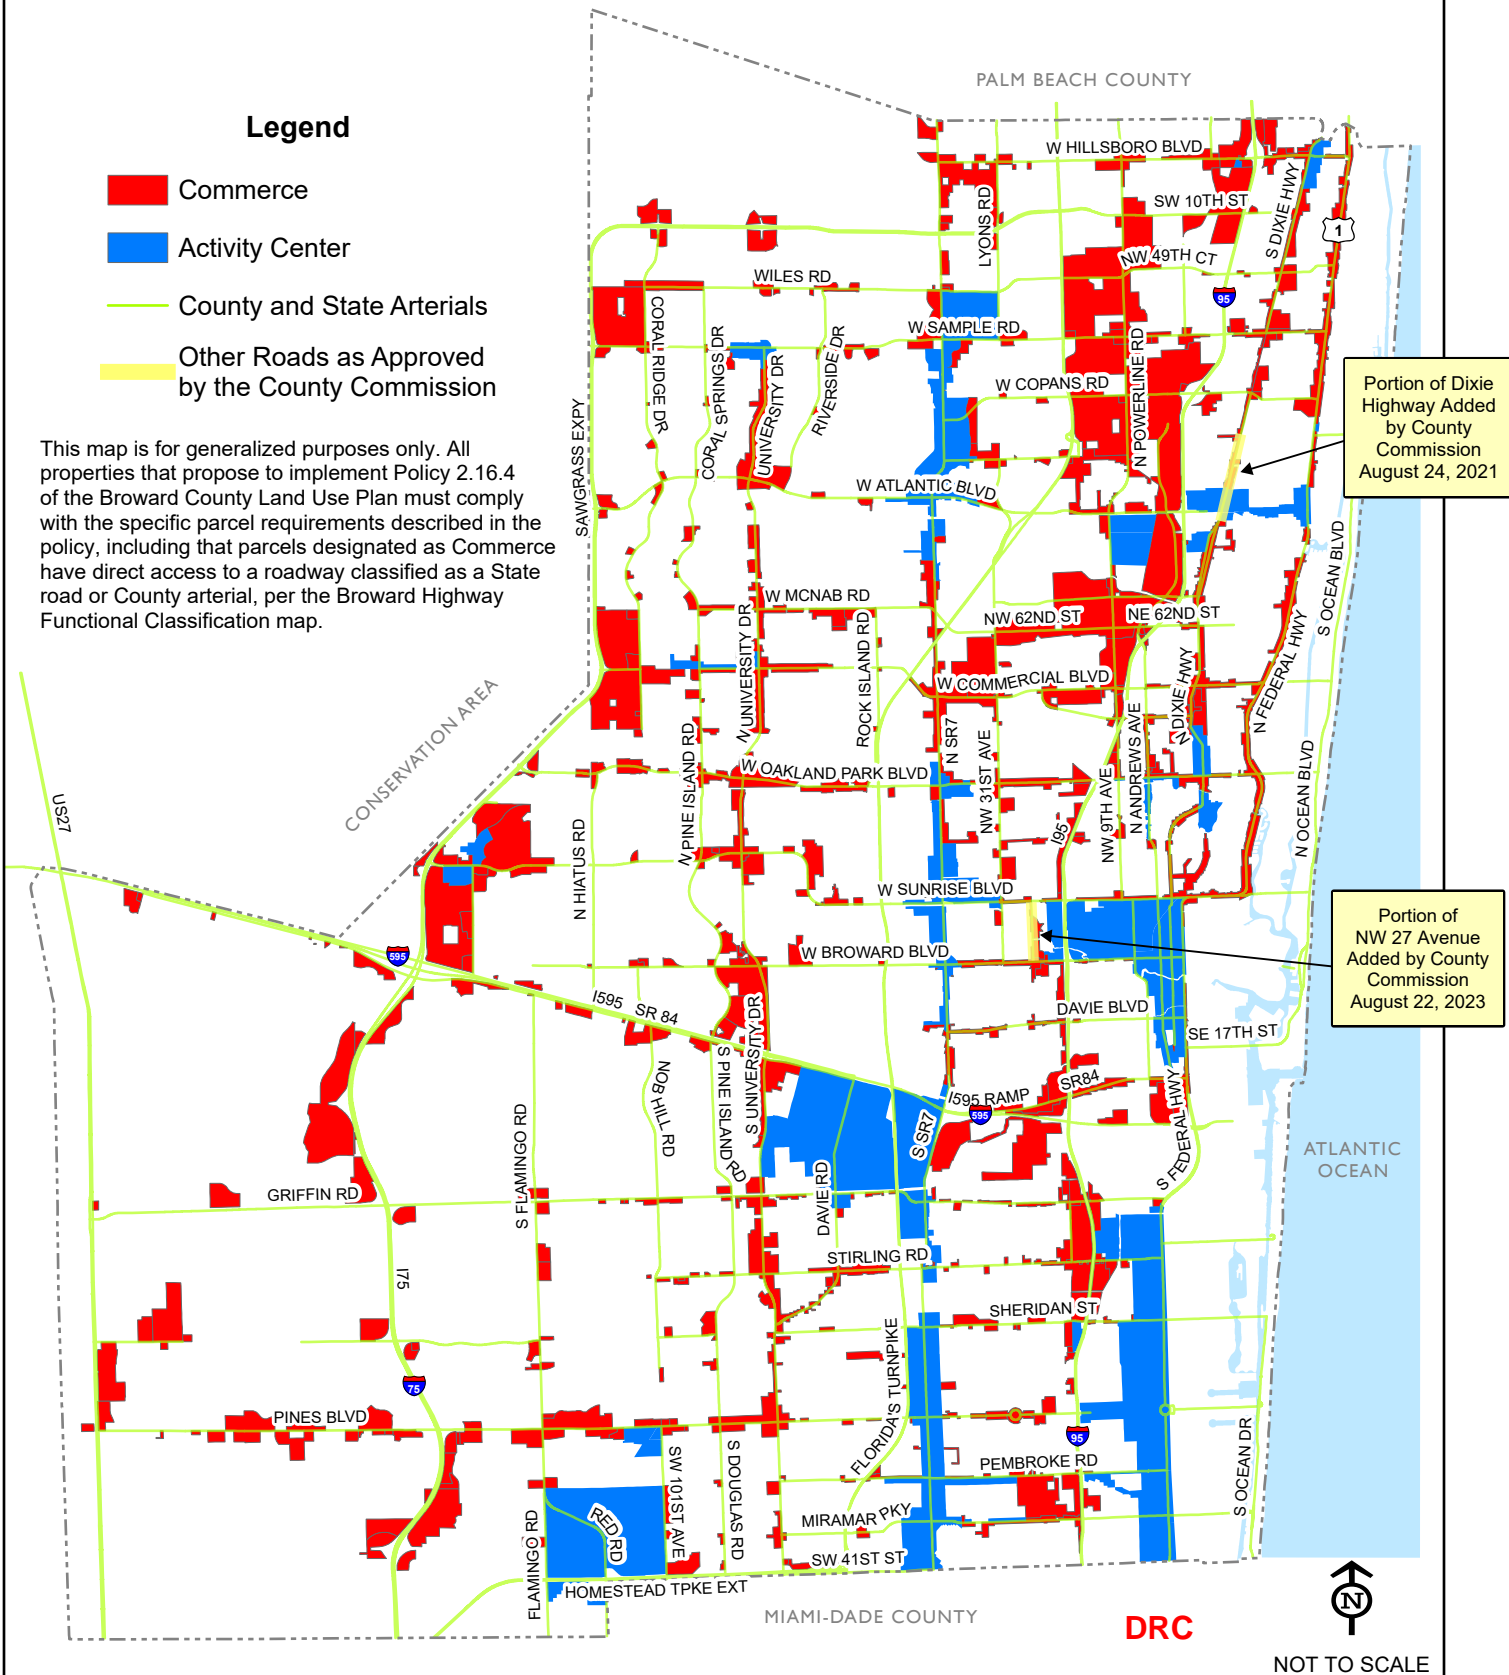

** Fifty percent (50%) of in lieu fees may be paid into an Affordable Housing Trust Fund of the applicable municipality, provided the municipality requires said monies to be used for the construction of new affordable units or home repair. All in-lieu payments shall be made at the time of issuance of building permit.
