Eagle, Gary	Biller Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	30.00		a) No similar projects related to a small General Aviation type airport. b) Projects referenced were structural in nature and for International Airports and Military Bases. c) References supplied. d) None identified e) Provided no litigation disclosure within the past 5 years. e) None
Eagle, Gary	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	37.00		a) Many similar projects have been provided relative to this request. b) The complexity of similar projects precisely stated and closely mirrors Pompano Airpark requirements. c) Several positive references supplied. d) No direct previous projects for the City were provided; however, the lead Project Manager has successfully completed numerous projects for the COPB, working in a similar capacity with a different organization. e) No litigation noted.
Eagle, Gary	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	38.00		a) Many projects of a similar nature are noted. b) Many similar projects of the same complexity were noted. c) Positive references presented. d) The firm has successfully completed past projects for the PMP Airpark. e) No litigation noted.
Eagle, Gary	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	33.00		a) Has performed similar types of projects associated with General Aviation Airparks. b) Has experience with similar complex projects. c) Satisfactory references supplied. d) The firm has completed previous projects with the Pompano Airpark. (Airside - T/W Delta Rehab) and (offsite - NE 10th St Turn Lane and Security Gate). e) Last 5 years of litigation submitted. e)
Eagle, Gary	Biller Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	25.00		a) No chart supplied, individual personnel shown and their position on staff. b) Resumes were supplied along with their respective technical expertise. However, it does not say how they will contribute their expertise to this request. c) Supplied, same as above. d) Supplied, same as above. e) Supplied, same as above. f) It does not appear staff members have the experience for projects similar in nature to this request.
Eagle, Gary	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	32.00		a) Supplied and clearly broken down, including the duties of staff. b) Technical staff identified and of sufficient members. c) Qualifications of technical staff are clearly provided and expertise noted. d) Licensed staff have been provided and are sufficient in numbers. e) Education of staff members is provided. f) Experience of staff members has been clearly identified and they are qualified to perform their respective duties.
Eagle, Gary	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	33.00		a) Organizational chart provided. b) Technical staff noted and sufficiently staffed. c) Qualifications of technical staff are sufficiently noted. d) Licensing of staff appears adequate and sufficiently noted. e) Education of Staff is duly noted and appears qualified. f) Experienced personnel noted with similar projects and capable of performing tasks.
Eagle, Gary	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	28.00		a) Organizational chart submitted. b) Technical staff identified. c) Qualifications of technical staff noted. d) Licensed staff members submitted. e) Education of staff members submitted. f) Staff members have sufficient experience with similar airpark projects.
Eagle, Gary	Biller Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	10.00		a) Supplied, office located within a reasonable distance from the Pompano Airpark. b) Supplied, office staffing adequate.
Eagle, Gary	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	14.00		a) Close office location to the Pompano Airpark. b) Well-staffed at nearest office.
Eagle, Gary	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	12.00		a) Located within a close proximity to The PMP Airpark. b) Firm adequately staffed at nearest office.
Eagle, Gary	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	11.00		a) The location of the nearest office to the Airpark is provided and is reasonably close. b) Sufficient number of staff members identified as working out of the nearest office.
Eagle, Gary	Biller Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	3.00		a) No successful strategy presented. b) None identified. c) Nothing identified.
Eagle, Gary	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	8.00		a) A viable strategy to ensure DBE nondiscrimination in contracting is clearly stated. b) Yes, noted and sufficiently identified. c) Yes, noted and sufficiently identified.
Eagle, Gary	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	8.00		a) The respondent's strategy for ensuring DBE non-discrimination in contracting compliance was clearly stated. b) Yes. c) Yes.
Eagle, Gary	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	6.00		a) Team strategy for DBE compliance has been provided and appears adequate. b) The respondent has listed the DBE firms that they teamed up with for this submittal. c) Roles of the listed DBE have not been defined.
Good, Tammy	Biller Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	20.00		This firm shows prior experience with a focus on structural engineering only.

Evaluator	Supplier	Criteria Group	Criteria	Max	Score	Choices	Note
Good, Tammy	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	40.00		Firm established extensive prior project experience with similar scope as shown in our CIP.
Good, Tammy	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	38.00		d
Good, Tammy	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	38.00		performed several projects for the city with good results
Good, Tammy	Billier Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	25.00		Emphasis on structural feasibility studies for upgrades, retrofits, and expansion projects.
Good, Tammy	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	35.00		Extensive bench strength in terms of local and qualified design subconsultants. Technical approach and schedule were PMP specific, focused heavily on our CIP over future years.
Good, Tammy	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	30.00		
Good, Tammy	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	32.00		staff is experience and responsive, though some minor design errors have surfaced on some recent projects
Good, Tammy	Billier Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	15.00		Firm located in Davie.
Good, Tammy	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	15.00		Firm located in Deerfield Beach. Substantiated adequate resources to manage projects in accordance with our CIP plan.
Good, Tammy	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	15.00		Firm located in Fort Lauderdale and substantiated adequate resources to manage PMPs CIP.
Good, Tammy	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	15.00		
Good, Tammy	Billier Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	0.00		Firm only provided proof of SBE not a DBE.
Good, Tammy	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	10.00		Proposal indicated they will exceed PMP's DBE participation goals on task orders under this contract.
Good, Tammy	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	10.00		Firm listed subconsultants that will be utilized to ensure PMP's DBE participation goals on task orders under this contract are met.
Good, Tammy	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	10.00		Included DBE plan
McCaughan, Robert	Billier Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	25.00		Good experience with Aviation projects but only 1 municipal project listed
McCaughan, Robert	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	30.00		Good Aviation project experience to include several municipal projects
McCaughan, Robert	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	35.00		Good Project experience and included a Summary Table to identify types of experience for both Prime, HDB, and sub-consultants
McCaughan, Robert	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	40.00		Broad experience with a significant amount at Pompano Air Park
McCaughan, Robert	Billier Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	30.00		
McCaughan, Robert	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	30.00		
McCaughan, Robert	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	32.00		
McCaughan, Robert	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	35.00		excellent qualificationa
McCaughan, Robert	Billier Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	10.00		Davie Office
McCaughan, Robert	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	10.00		Deerfield Beach Office
McCaughan, Robert	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	10.00		Plantation Office
McCaughan, Robert	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	10.00		Plantation office
McCaughan, Robert	Billier Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	0.00		Stated they were SBE but no mention of DBE
McCaughan, Robert	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	8.00		provided List of 4 DBE Firms that would be using
McCaughan, Robert	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	10.00		Provide List of 5 firms with the tasks they would be accomplishing. Providing copies of certifications. Did the best job among the four proposals in answering this RFI criteria.
McCaughan, Robert	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	8.00		Provided list of 3 DBE Firms that would be used.
Rocco, Steve	Billier Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	10.00		All of the airport projects listed are structural walkways and one Fuel farm pad design. There were no airfield design projects encompassing runway, taxiway, or apron.
Rocco, Steve	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	40.00		Project Manager has very detailed knowledge of the Pompano Beach Airpark CIP and has been working on many of these projects for last 15+ years. PM helped develop the PMP Airpark CIP. There were no litigations noted in their proposal.
Rocco, Steve	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	40.00		HDR is extremely qualified to perform the engineering services required by the City for all of the Pompano Beach Airpark. HDR has provided engineering services for several projects on the airpark are have demonstrated their ability to manage and oversee them.
							No litigation noted in the last five (5) years.

Evaluator	Supplier	Criteria Group	Criteria	Max	Score	Choices	Note
Rocco, Steve	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Prior experience of the company/firm with projects of similar size and complexity	40	40.00		KHA is experienced and qualified to perform the work projects scheduled for development as part of the PMP Airpark CIP program. KHA has performed satisfactorily on previous projects for the PMP Airpark CIP program.
Rocco, Steve	Biller Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	15.00		Principal has many years of technical qualification, the remainder of the team is much less experienced and appears to only have worked on civil projects. The only two with any airport structural engineering was the principle and another associate.
Rocco, Steve	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	30.00		Staff size is adequate for the needs of the Pompano Beach Airpark. They appear to have enough qualified personnel on staff to service the needs of the airpark. They appear to have enough qualified staff and sub consultants on staff to manage the complexities of the Airpark CIP.
Rocco, Steve	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	35.00		HDR has enough qualified technical staff on board to meet the requirements for all of the PMP CIP Projects.
Rocco, Steve	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Qualifications of personnel including sub-contractor/sub-consultants	35	35.00		KHA has formed a team extremely qualified and capable of performing the engineering services needed at the PMP Airpark.
Rocco, Steve	Biller Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	15.00		Office is located within a reasonable distance from the Pompano Beach Airpark
Rocco, Steve	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	15.00		Their office is close enough in proximity to meet the needs of the Pompano Beach Airpark.
Rocco, Steve	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	15.00		HDR office is close enough in proximity to service the PMP Airpark in the event they need to be on site for meetings.
Rocco, Steve	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	Proximity of the nearest office to the project location	15	15.00		
Rocco, Steve	Biller Reinhart Engineering Gr	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	5.00		
Rocco, Steve	Garver	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	10.00		
Rocco, Steve	HDR Engineering, Inc.	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	10.00		
Rocco, Steve	Kimley-Horn and Associates, In	RLI25-031 Continuing Contracts for Airpark Engineering Services (CCNA)	DBE Utilization Plan	10	10.00
