Scott,

My family received the attached letter and are very concerned. These halfway houses affect the safety of our neighborhood. Please take action to help resolve. If we set a precedent to allow this behavior, more halfway houses will be generated in the neighborhood, affecting the value, culture, and safety. Can you please forward my concerns to the zoning board of appeals to help deny the variance. Luminous Care should not be able to have a presence in our neighborhood filled with children. This is not an office or med space, this is a cul de sac with family homes. Rehad vans are driving up and down our developing neighborhood that provides a scary presence.

Thank You for the support!
