An applicant need not be present at such time. A second request to postpone an item must be considered at the meeting scheduled for the item. It is not required that the applicant be present at the meeting.

Dear Scott,

I've spoken to the board and we've decided to defer the meeting to December if possible. We are going to get some professional advice and go from there. If we decide that we aren't going forward with the deal I'll let you know right away. I can't tell you how much I appreciate all of your support.

Kind Regards,

Rebecca

Hi Scott,

I hope you had a nice weekend!

I contacted Michael on Friday as you suggested. He was super helpful and gave me lots of useful information. After taking everything to the board we decided to move forward with the application for the November 19th meeting. Waiting until December would be tough because we're currently in our due diligence period right now and the seller won't give us an extension for that long. A couple of us were planning to go knock on doors on Sunday, but I got sick on Saturday. It's not serious, I hope, I think it's just a sinus infection. However, we decided that with a global pandemic in place it's unlikely that people will be receptive to us knocking on their doors so we will be mailing out letters tomorrow.

Can I get the variance standards and the application fee to you tomorrow? Would that be okay? Just to confirm, the fee is \$325, right?

Thanks again for all of your help,

Rebecca
