COMMUNITY FOUNDATION OF BROWARD GRANT: ART OF COMMUNITY

(APPROVED UNDER RESOLUTION # 2020-165)

Using the guidelines of the Bloomberg Foundation's recent publication, "Asphalt Art Guide," this project, which is a match Grant partially funded by the Community Foundation of Broward, involves community volunteers, artists and various city departments in the production of 4 public asphalt street art murals and eight 8 storm drain murals along the City Hall/Cultural Center/Library portion of the Pompano Beach Crossroads Corridor. To date, the Crossroads Corridor Project has created a one-mile trail of public art, performance art, "drop-in" activities, and literary events that help connect our residents, businesses and visitors to each other. In addition to expanding community involvement in public art opportunities, the "Asphalt Art - The Crossroads Connection" Project also aims to educate our community through public artwork about the importance of protecting the City's potable water supply by not disposing inappropriate and harmful materials down our storm drains. The Grant was awarded began July 2020 and the program will take place over a one year period. Artist Bill Savarese has been selected and has already begun Community Engagement Events.
