Mosaic Team

Mosaic Team started in 2016 with Lead Artist Sonata Kazimieraitiene.

Since then, 2 Terms have been completed, both with Kazimieraitiene as the Lead Artist.

A total of 5 art projects have been installed, consisting of 140 total mosaics.

This will be Term 3 of the Program.

Term 3 consists of covering 27 columns, 137.5 inches in diameter and 12 feet tall, with artwork incorporating mosaics.

5 apprentices will be selected to learn the mosaic and public art craft. Kazimieraitiene will pay her apprentices a total of \$15,000.00. Program will be for 2 years.

Projects.

Mosaic Team Term 1: Trail of the Honey Bees

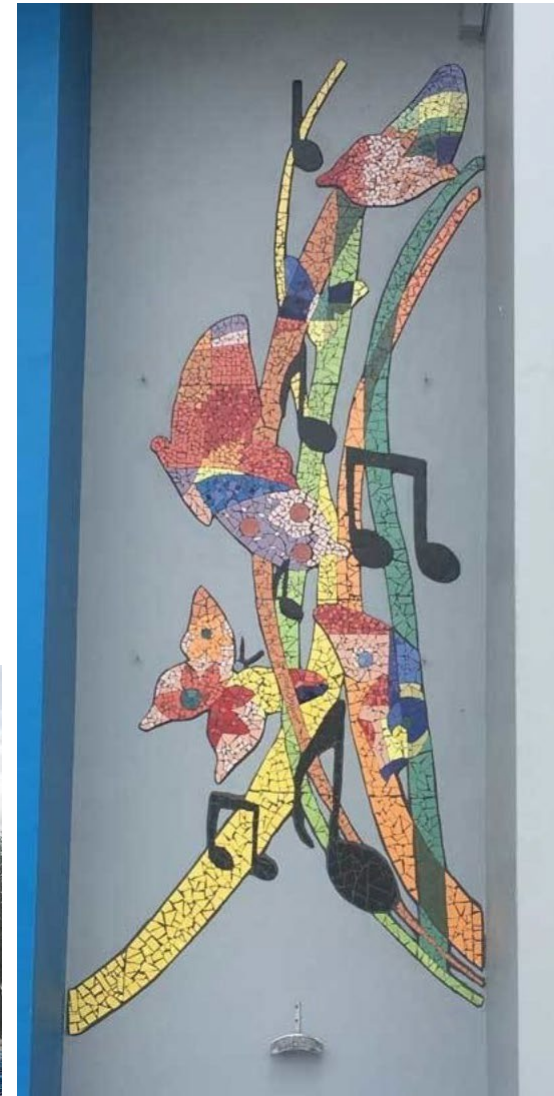

Located in the Innovation District connecting both sides of Dixie Highway between 731 NW 3rd St. & Pompano Beach Cultural Center

Trail contains 35 mosaic murals ranging in size connecting the community and the cultural arts facilities through artwork and education. Focal point of the mosaic project is on the honey bee and the vegetation it helps pollinate. Pompano Beach was built by our rich agricultural community. A honey bee symbol can also be found on the gate of the Ali Cultural Center. This trail encourages a spirit of unity by connecting the two districts together by means of art.

Mosaic Team Term 1: Music Leads the Way

Located at Pompano Beach Amphitheater

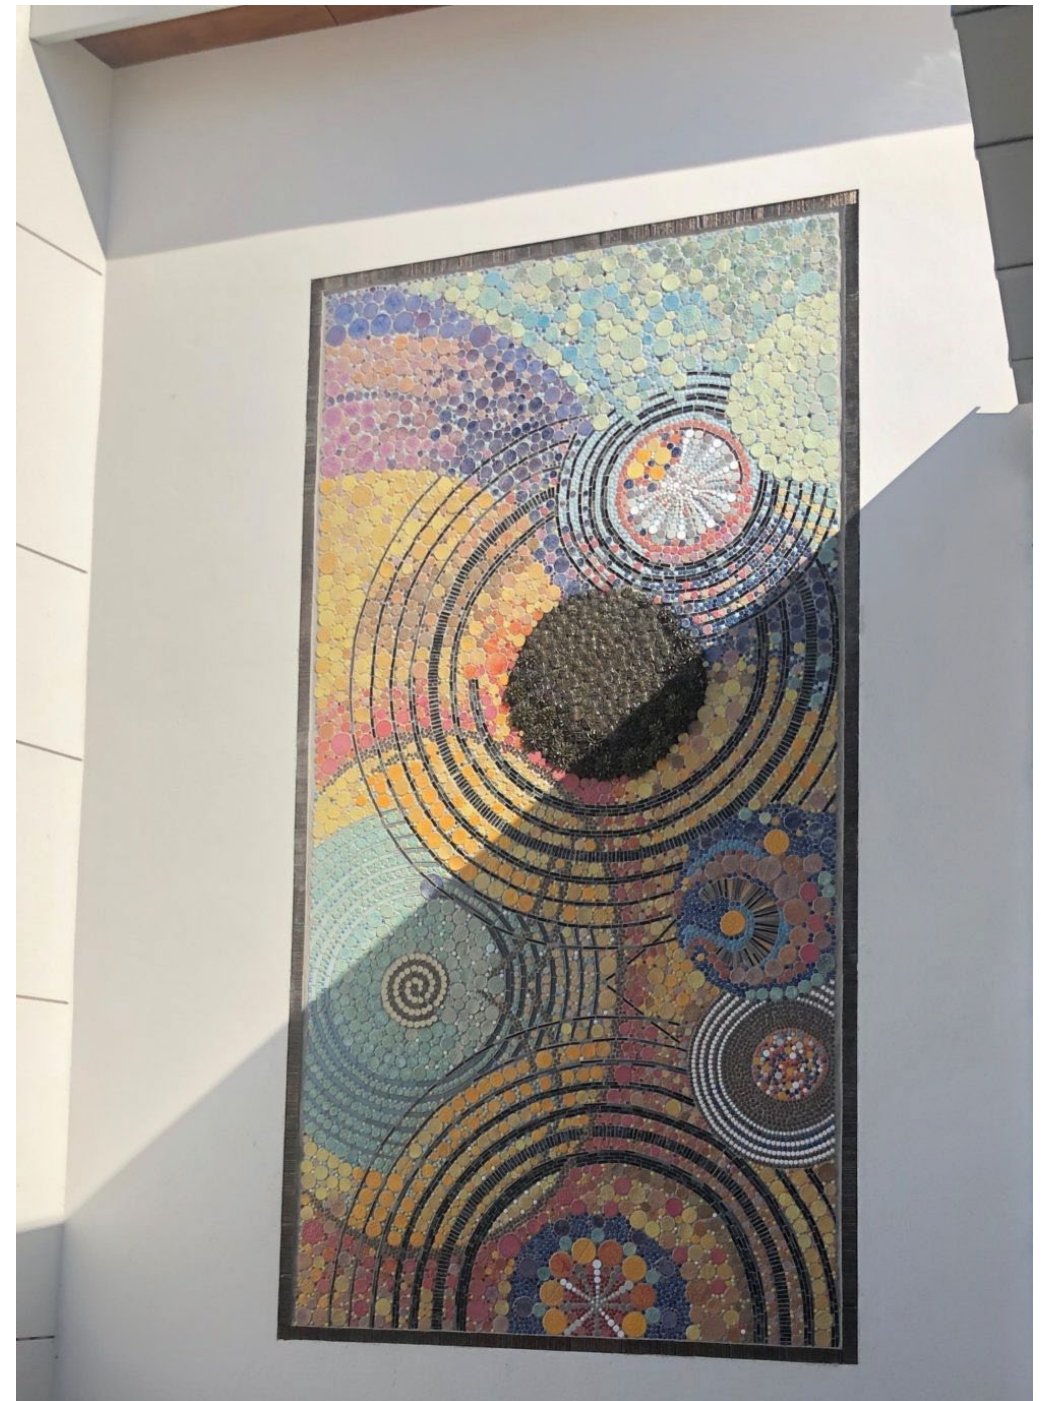

Music Leads the Way features music themed mosaic murals.

Mosaic Team Term 1: Community

Located at Charlotte Burrie Community Center

For the mosaic *Community*, residents, along with the 5 apprentices, helped place ceramic and mosaic tiles into the design during events like Untapped. Former Vice Mayor Charlotte Burrie stated she would like to see a theme of community in the mosaic. The circles are ripples which represent the community and how we affect each other.

Mosaic Team Term 1: WOW

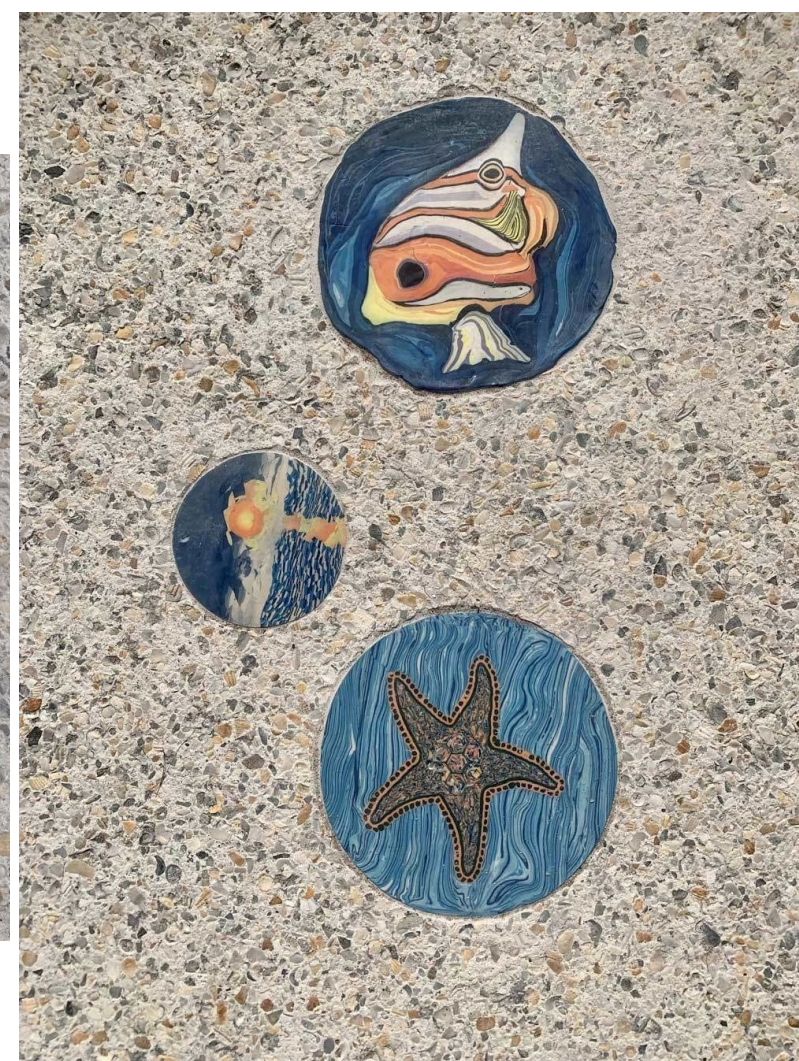

Located at Palm Aire gazebo.

This mosaic is 10 foot in diameter and located at the Palm Aire gazebo on the northeast corner West Palm Aire Drive and Oaks Drive.

Mosaic Team Term 2: Sea Life

Located at the Beach

This project consists of 99 handmade tiles varying in size. The tiles, depicting various sea life, create a scavenger hunt for the viewer stretching from the Fisher Family Pier south to the Great Lawn.

Mosaic Team Term 3

Project Design will be created once artist (Kazimieraitiene) enters into Agreement. The design will be subject to approval by the Public Art Committee, City Commission, and Florida Department of Transportation (FDOT), in that order.

Location: columns under Interstate 95 (I-95) over Dr. Martin L. King, Jr. Boulevard .
