This email is being written as my official documentation of my disapproval of the proposed multi-family residence being built at the entrance of Palm Aire #1, nearest to the golf course parking lot. (If I'm correct, the address would be 2600 north palm aire drive.) For many obvious reasons this is a terrible idea. It adversely affects 1000s of still-uninformed residents. Some might see this hiding of information as shady business practice, myself being one of them, as well as being informed merely 2 days before a meeting regarding this, is to take place. But that blame and potentially criminality is for another day. The real issue here is the proposed building and what a bad idea it is. Again, I'd like my absolute and complete disapproval and total objection of this project entered into the official record, as I will not be able to attend the meeting planned for 6pm, September 15th. I'd request at this time to be kept informed of any happenings with regard to this proposal. When actions such as these take place, potentially affecting thousands of nearby residents, it is the obligation of multiple entities to keep residents informed. Though we were not in the past, we should be kept up to speed in the future. Thank you.

Daniel Mozzillo
