Re: Broward County - Premium Mobility Plan ("PREMO") Update

Dear Mr. Harrison,

Broward County committed to identifying and implementing transportation and transit improvements across the County in support of the Transportation Surtax. To accomplish this, we initiated the Premium Mobility Plan "PREMO."

"PREMO", as the vision for transit in Broward County, will define a network of premium and high capacity transit projects. Significant public outreach and stakeholder participation is the cornerstone of this effort. We met with you and/or your staff last year to introduce the plan and would like the opportunity to formally provide an update. Please advise us of the best way to present this information, i.e., schedule a meeting with you and/or your staff or perhaps as an information item at a scheduled City Commission Meeting. In either case, the presentation would be a short but detailed PowerPoint on "PREMO" followed by a question and answer period.

In the coming months, we plan to engage your residents through local events like farmer's markets, social media, HOA meetings, virtual town-hall meetings and direct mailings to educate, inform and seek input. Meeting with City leadership before these public engagements and public outreach events will be essential to the successful development of the plan.

To discuss your availability, please contact Elaine Blattner, our Public Information Project Manager with Dickey Consulting, Inc., at [eblattner@dickeyinc.com](mailto:eblattner@dickeyinc.com) or 954-467-6822 or provide a contact for us to follow-up with you. We look forward to hearing from you and having your involvement and also the residents of the City on this important effort.

Regards,
