MEMORANDUM NO. 23 – 43

DATE: June 27, 2023

TO: Greg Harrison, City Manager

Via: A. Randolph Brown, Utilities Director *ARB*

FROM: Phil Hyer, Utilities Treatment Plants Superintendent *PH*

C: Carla Byrd, General Services Director
Antonio Pucci, Contract Manager

SUBJECT: Request for Commission Approval to Piggyback Contract-
City of Plantation / Condo Electric Motor Repair, Corporation

Issue:

Need for ongoing repair, rehabilitation, modification and replacement of various electric motors, pumps, gearboxes, valves and associated treatment plant equipment.

Background:

The Water and Reuse treatment plants have many individual pieces of equipment which, from time to time, require maintenance, repair and rehabilitation outside the scope of work of our Maintenance department. The need for ongoing repair and rehabilitation of this equipment is crucial in order to maintain the operations of both plants and ensure the City's ability to provide treated water.

Condo Electric Motor Repair, Corporation has been performing these services for the Pompano Beach Treatment Plants as a piggyback agreement between various cities and Condo Electric Motor Repair, Corporation for a number of years. This recent agreement between the City of Plantation and Condo Electric Motor Repair, Corporation was competitively bid.

Recommendation:

The Utilities Department requests Commission approval to piggyback on the agreement between City of Plantation and Condo Electric, Corporation, on an as needed basis. The estimated average annual expenditure is approximately \$150,000. Funding for these services is available in the following Utilities Water and Reuse Maintenance CIP and annual operating accounts: 420-7264-533.65-11; 420-7265-533.65-11; 412-3320-533.46-30; 412-3320-533.46-40; 412-3340-533.46-30.
