Dennis,

Jennifer is considering making revisions to the Special Event application process... In order to determine the impact, she is asking for the approximate # of Special Event / Public Event BTR's that we get on an annual basis, and the fees collected.

Would you please provide the number of Special Event BTR's that have been issued in the current fiscal year (October – April)? How much has been collected to date?

...the number of Special Event BTR's that were issued for the fiscal year 2018 (October 1, 2017 – September 30, 2018)? How much was the total value of the fees collected?

...the number of Special Event BTR's that were issued for the fiscal year 2017 (October 1, 2016 – September 30, 2017)? How much was the total value of the fees collected?

Let me know if you have any questions. Please let me know at your earliest convenience.
