

The Luminous Care

Lighting the Way to Recovery, One Life at a Time

Introduction

At The Luminous Care, we believe that recovery is not a destination-it's a journey guided by compassion, clinical excellence, and the power of human connection. Based in Pompano Beach, Florida, The Luminous Care is a state-licensed and Joint Commission-accredited Partial Hospitalization Program (PHP) designed to support individuals struggling with mental health disorders, substance use disorders, or co-occurring conditions.

Our Program: Structure with Heart

Our PHP is a day treatment model that runs six days per week, providing several hours of clinical services daily. - Psychiatric Evaluation & Medication Management
- Daily Group Therapy
- Individual Counseling
- Case Management

We use evidence-based approaches including:

- Cognitive Behavioral Therapy (CBT)
- Dialectical Behavior Therapy (DBT)
- Motivational Interviewing (MI)
- Trauma-Informed Care
- EMDR (as clinically indicated)
- 12-Step Facilitation

A Holistic, Client-Centered Philosophy

The residents receive counselling and treatment at our facility, The Luminous Care, located in Pompano Beach. They are a part of the program and are driven by staff members each morning to the facility to receive treatment during the day and are driven back by staff members in the evenings. While at the residence, the residents are encouraged and taught on how to be responsible and learn basic life skills to get back into society as responsible adults. They are responsible for their own chores and cleanliness, residents are taken shopping for groceries once a week and driven to NA/AA meetings on a regular basis. The residents are also given passes to go for job interviews or work if they already have a job. The focus of our program is to help these individuals stay in recovery and work towards entering society as responsible citizens.
