Re: Ordinance request – Medical Director

I kindly request an Ordinance for the City Commission to contract again with Dr. Richard J. Paley as the Pompano Beach Fire Department's Medical Director in January 2024. Dr. Paley has done an excellent job in this role since January 2021. He will continue to afford at his own cost, a required named COI and malpractice insurance coverage.

I have attached the agreement received from the City's Contract Manager and signed by Dr. Paley. The Fire Department recognizes two Commission readings are necessary to reach final approval, and would like to have the first reading scheduled on October 24, 2023. Thank you.
