5:00 P.M.

MINUTES

1. Bailey Alley Mural

Mr. Davis suggested that the Committee define what an emerging artist is.

Ms. Atria stated that artists that have been in art shows should not be discounted just because their artwork has been shown. She stated that the price of the call lends itself to emerging artists.

The committee agreed that the murals should not all be by professionals.

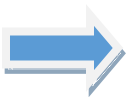

Ms. Atria stated that since there is no theme, she will upload images of the existing murals.

Mr. Davis stated that he would like the call to state that the Committee has a preference in murals that play with perspectives. He also stated that the artists should present their piece in the first round and submit a color palate.

Ms. Atria presented several wall locations for the mural.

Mr. Davis suggested that the mural turn the corner in the third option (wall opposite the World Peace Mural).

MOTION by Kelly Ann Maguire to extend the mural past the downspout. No one seconded the motion, therefore the motion died.

MOTION by Linda Houston Jones and seconded by Marie Goodrum Johnson to approve the location of the wall opposite the World Peace Mural. All voted in favor of the above motion.
