

**Date:** June 13, 2023.

**Project:** Oriano's Chicago Avenue Pizza

**Address:** 1 East McNab Road Pompano Beach, Florida 33060

**CPTED Lighting Compliance\_ Narrative:**

Lighting placement will be closely coordinated with the camera locations to prevent interference with the camera operation or overlapping. The lighting elements will be placed where it doesn't cause glare to the camera view angle and provides accurate lighting diffusion thru the space where located.

Furthermore, the coordination of the cameras and lighting elements will also take into consideration the location of existing and future trees. Therefore, these landscape elements will not obstruct the camera view or cause undesired shadows. The proposed security lighting elements are to be concentrated at doorways and windows without over-illuminating or creating shadows.

Finally, vandal proof/ resistant motion-sensor security alert lights over the exterior doors and overhangs will be installed.
