I.T. MEMO NO. 24-02

TO: Mark Berman, City Attorney
FROM: Eugene R. Zamoski, CIO
DATE: April 30, 2024
SUBJECT: Palm Aire HOA PACC #12 agreement request

Palm Aire HOA PACC #12 is requesting the connection of their Genetec ALPR's video cameras to the City's Genetec video security network. They will install the cameras on one pole that they provide. The pole may be in the City's ROW. There is no cost to the city for this agreement. This agreement will have the following stipulations:

1. Their equipment will not interfere with our system in any way. If such interference occurs and cannot be resolved, we have the right to remove such equipment from the city's system.
2. In the unlikely event the city wants to discontinue using the Genetec system for any reason, we are not obligated to keep the Genetec system running.
3. They will only attach ALPR cameras to the city's system. The information gathered from these cameras will only be accessed by BSO or the city's current Genetec vendor.
4. The city is not obligated to pay for any replacement, repair, upgrade, enhancement, licenses, and labor costs associated with the Palm Aire system.
5. The city is not liable for any malpractice, injury, or lawsuit the Palm Aire system may cause.
6. We would like this agreement to be indefinite until either party wishes to cancel without cause, in writing.

If you have any questions, please call me at 4537.

Eugene R. Zamoski
