

Mitigation Values:

Per previously approved tree disposition plans
the value of existing trees to be removed = \$475,798.58

Per new landscape plans there are 69 trees
trees proposed in addition to the code required trees.

69 mitigation trees = \$32,775.00

Note:

All overhead utilities will be relocated underground with the exception of the FPL
transmission lines along Atlantic Blvd which will remain.

A pre-construction meeting with Urban Forestry is required prior to commencement of
plant installation.

A suspended modular pavement system with aggregate sub base shall be installed
under pavement where shade trees are adjacent to pavement. See sheet L-6.

Shade trees to be planted 15' from light poles.

See sheet L-5 with additional landscape notes.
