RE: Re-platting- Folio: 4842-33-04-0500; 4842-33-04-0510; 4842-33-04-0520; 4842-33-04-0530; 4842-33-04-0540

Per your request, FPL has no objection to the re-platting of the Utility Easement depicted on **Exhibit A**. However, it appears FPL does underground facilities in the subject easement area along Powerline Rd. Should any FPL facilities need to be removed or relocated, then the applicant will pay for the total costs of any relocation or replacement of those FPL facilities as deemed necessary by FPL or requested by the applicant.

If I can be of assistance, feel free to contact me at 954-956-2017.

Sincerely,

MEGAN BAILEY
