

MEMORANDUM

November 26, 2018

TO: City Commission

THRU: Greg Harrison, City Manager
Brian Donovan, Assistant City Manager
Suzette Sibble, Assistant City Manager

FROM: Horacio Danovich, CIP and Innovation District Director

Issue

Staff is seeking City Commission approval of a Resolution to execute a Highway Maintenance Memorandum of Agreement (HMMOA) with the Florida Department of Transportation (FDOT). This agreement is necessary as the City must assume maintenance responsibilities for proposed streetscape improvements on Dr. Martin Luther King Jr. Boulevard (Hammondville Road) from I-95 to Powerline Road (see Location Map) funded in part by a **Transportation Investment Generating Economic Recovery (TIGER)** grant.

Recommendation

Staff recommends Approval of the Resolution.

Background

In March 2017, the City Commission approved Resolution 2017-173. The resolution authorized executing a Local Funding Agreement (LFA) with FDOT designating the agency as the lead agency to coordinate design and construction efforts on behalf of our City.

In May 2018, the City approved Amendment Number One allowing FDOT to commingle design and construction services on behalf of the City and all other participating municipalities related to improvements funded by a TIGER grant.

Under a separate agenda item, the City Commission will be asked to approve Amendment Number Two ratifying the City's commitment to the project and to disburse construction funds.

This agenda item will confirm the City's commitment to maintain proposed streetscape improvements after construction is complete.

Staff believes this is in the best interest of the City of Pompano Beach and recommends approval.
