5	1	FIRE DEPARTMENT Jim Galloway 9/22/25 3:14 PM	Comment This P&Z application is able to meet all of the Fire Department requirements at this time for REZONING ONLY. Site plan approval will be required, maintaining all proper fire department access and water supply requirements as per chapter 18 of NFPA 1 as amended from time to time. *Additional comments may follow throughout the remainder of the permitting process. The buildings shall be in compliance with All NFPA Standards prior to receiving Fire Department approval.	
6	1	ZONING Lauren Gratzer 10/1/25 3:24 PM	Comment Why is the property at 943 S Federal Highway shown on this plan if not related to the PD? Remove this from the plan if not proposed as part of the PD.	
7	1	ZONING Lauren Gratzer 10/1/25 3:25 PM	Comment In the project narrative provide details as to how this project provides a benefit to the surrounding community in support of creating a new planned development per the requirements of PD 1553600-1.0-1.	
8	1	ZONING Lauren Gratzer 10/1/25 3:25 PM	Comment Under the assumption per the narrative that this PD plan is only for the 3 acres to the north, revise the Master Plan to make it clear that the southern portion of the existing property is not within the scope of work and not part of the PD.	
9	1	ZONING Lauren Gratzer 10/1/25 3:25 PM	Comment The subject parcel shall be formally subdivided with Broward County to reflect the proposed PD. The division shall be configured so that nonconformities are not created or increased on the south parcel and compliance with requirements such as perimeter landscape strips and other spatial items such as setbacks are met. Any construction required for the southern parcel shall obtain separate building permits from the subject parcel.	
10	1	ZONING Lauren Gratzer 10/1/25 3:25 PM	Comment On the Master Plan provide a call out for the red line as the proposed new property line.

11	1	ZONING Lauren Gratzner 10/1/25 3:25 PM	Comment A shared access agreement shall be provided for the new north and south parcels at the time of building permit approval.	
12	1	ZONING Lauren Gratzner 10/1/25 3:26 PM	Comment The access easement shown on the survey sketch (per plat) shall be revised to correlate with the access points of the new southern parcel. The survey illustration does not show access being provided to the south. Revise the outline on the	
13	1	ZONING Lauren Gratzner 10/1/25 3:26 PM	Comment Revise sheet A001 to be identified as the PD-I Master Plan, not the site plan.	
14	1	ZONING Lauren Gratzner 10/1/25 3:26 PM	Comment The PD Master Plan shall establish the Intensity and Dimensional Standards table for the development. On the Master Plan include a "required" column (consistent with the B-3 zoning district and 155.4202.Residential: Household Living Uses) and a "proposed" column. Anything "provided" on the site plan application shall be within the allotted permission of the proposed PD Master Plan. For example, the table currently limits the lot coverage to 46% but the B-3 permits up to 60%. If approved as is, the site will be limited to 46% lot coverage and will not be permitted to have any building/lot coverage exceptions in the future.	
15	1	ZONING Lauren Gratzner 10/1/25 3:27 PM	Comment Revise the zoning designation on the site data table to state Existing: B-3 and Proposed: PD-I	
16	1	ZONING Lauren Gratzner 10/1/25 3:27 PM	Comment The current proposal limits the permitted uses to multi-family, retail, and restaurants. Staff recommends including the following uses within the permitted use table: a professional office, a medical office, outdoor seating areas as an accessory use, and any other retail/service use that may benefit the residents of this property. Any use not listed on your PD plan will not be permitted to operate here in the future. Adjust the parking calculations as necessary.

27	1	ZONING Lauren Gratzer 10/1/25 3:29 PM	Comment Table 155.4202.A.2.f. requires that 60% of the build-to-zone contain a building. Build-to Zone is the area on a lot located between the minimum and maximum setback that must contain a principal structure. A courtyard, plaza, or forecourt may occupy the otherwise required build-to-zone, if the space is publicly accessible, providing building access and a pedestrian connection to the existing city street grid. 49	1	PLANNING Max Wemyss 10/8/25 3:53 PM	Comment General direction - "finalize" the site plan application through DRC. Then, reflect that site plan with this master plan. Then resubmit the rezoning to DRC based on the DRC approved site plan. This will make the process generally less redundant. In the meantime, provide the Master Plan documentation. Remember, a PD Ordinance is the establishment of your own zoning regulations. Your application must include the below in a document using the sequence of items for the reports format. Address each item even if not applicable: (NOTE: examples can be provided.)
