Greetings,

I moved from Riverside Drive in 2016, a condo I loved. The time it took to drive from Riverside Drive to US1 was 30 minutes.

I moved to the island club and missed my Intracoastal view tremendously but still had a view of a small canal and a distant ocean view. It is not disappearing before my eyes as building after building it going up.

The drive east and west on Atlantic Blvd is a nightmare and you are going to make it even worse. Before you go adding more buildings that will bring more traffic STOP and think of the local impact, have a heart and think of the people who live here. This redirection of traffic was NOT the will of the people who live here.

Save the Briny, it is one of the oldest bar/restaurants on the street. Your job is to represent and the will of the people and the will of the people is NOT to add more congestion to an overbuilt area. PLEASE stop and think of what you are doing to our once quiet and serene area.

You did a beautiful job with the beautification of the Atlantic Blvd Bridge, bravo there.

Thank you,
Janis Buongermino
