BOARD OF TRUSTEES' DEFINITION OF FIDUCIARY

What Does It Mean To Be A Fiduciary?

- I. There is a common law meaning of fiduciary that was explained by a Court in 1928:

"Many forms of conduct permissible in a work-a-day world for those acting at arms length, are forbidden to those bound by fiduciary ties. A Trustee is held to something stricter than the morals of the market place. Not honesty alone, but the punctilio of an honor most sensitive, is in the standard of behavior. As to this there has developed a tradition that is unbending and inveterate. Uncompromising rigidity has been the attitude of Courts of equity when petitioned to undermine the rule of undivided loyalty... Only thus has the level of conduct for fiduciaries been kept at a level higher than that trodden by the crowd."

The common law fiduciary duty requires undivided loyalty, to be applied with "uncompromising rigidity."

- II. Florida statutes, enacted by the legislature, specifically state that trustees of a Florida government pension plan are fiduciaries. The standard of conduct for a fiduciary of a government pension plan is as follows:

A fiduciary shall discharge his duties with respect to a plan solely in the interest of the participants and beneficiaries and--

- (A) For the exclusive purpose of:
- (i) providing benefits to participants and their beneficiaries; and
 - (ii) defraying reasonable expenses of administering the plan;
- (B) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent man acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims;

(C) By diversifying the investments of the plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and

- III. The fiduciary duty includes all aspects of the pension plan, including investment management and benefit administration. A fiduciary must be informed, careful, prudent and diligent. A fiduciary is responsible for exercising diligence in making certain that benefits are only paid to those who are entitled to receive the benefits, and only in the amount that those retirees are entitled to receive.
- IV. A fiduciary must act in accordance with the applicable rules of ethics. Florida State law provides a comprehensive system of ethics rules for Trustees. These rules are not burdensome, but are designed to ensure that the Trustees are exercising their discretion in the best interest of the beneficiaries, and no one else.

(d) Receipt of opinions. The public official who has received any opinions regarding the facts affecting the matter, or effects of possible decisions resulting from the hearing or proceedings, discloses those opinions and the basis for each opinion if known, and the source of each opinion. Disclosure shall be made at the beginning of the quasi-judicial hearing or proceeding, or at the public official's first reasonable opportunity if he is not present when the hearing or proceeding starts.

(2) The person receiving the ex parte communication does not:

(a) Participate in the deliberations nor decision-making process in the quasi-judicial proceeding; and

(b) Does not transmit nor otherwise communicate the ex parte communication, nor any part thereof, nor any summary of all or any portion thereof, to any other public official or member of a board or commission which deliberates on, or decides, the matter.

(C) Policy on ex parte communication. Notwithstanding the foregoing requirements when ex parte communications are received, all public officials and members of boards and commissions which conduct quasi-judicial proceedings are discouraged from receiving ex parte communications affecting those quasi-judicial proceedings because of the potential for discrediting or invalidating the outcome of affected quasi-judicial proceedings.

(D) Legislative matters. Restrictions on ex parte communications do not apply to matters which both:

(1) Are legislative in nature, and

(2) Do not violate Florida's "Government in the Sunshine" Law.
(Ord. 96-40, passed 2-13-96)

Three persons who are not members, either active or retired, of the retirement system shall be appointed by the City Commission. Three members of the retirement system, either active or retired, shall be elected as hereinafter provided. One person shall be elected by the six trustees selected in accordance with the foregoing.

(1) The term of office of each trustee shall be three years; however, the initial terms of the trustees of each class shall respectively be for one, two, and three years. The initial terms shall commence on December 8, 1972. Initially as among the employee members, the trustee receiving the most votes shall serve the three-year term, the second most votes the two-year term. The City Commission shall determine the term of office of each appointive trustee.

(2) The trustee elected by the remaining six Board members shall serve three years, and each succeeding member so designated shall serve three years.

(3) The elective trustees shall be elected in the following manner: by per capita vote of all members who come within the purview of this subchapter, both active and retired, at meetings to be held at places designated by the Board. At these meetings, all qualified members entitled to vote shall be notified in person or by mail, ten days in advance of the meeting. Voting shall be by secret paper ballot on a form provided by the Board Secretary either in person or by absentee ballot. An absentee ballot must be received by the Board Secretary on or before 4:00 p.m. on

the day of the election. No member shall be allowed to vote by proxy. In order to qualify as a candidate for election to the Trustee vacancy, each candidate must be nominated by three members of the system. The nomination period shall be held open for 15 days from the date of mailing of notification to the members. However, if only one candidate is duly nominated for the Trustee vacancy on the Board by the close of the nomination period as established by the Board, then there shall be no need for an election and that individual shall be deemed elected and shall fill the vacancy for the prescribed term. The candidate receiving the highest number of votes for each office shall be declared elected and shall take office immediately on commencement of the term of office for which elected or as soon thereafter as he shall qualify therefor. An election shall be held each year not more than 30 and not less than ten days prior to the commencement of the terms for which trustees are to be elected in that year. The Board of Trustees shall meet, organize, and elect one of their members as Chairman, and one member as Vice-Chairman, within ten days after trustees are elected and duly qualified.

(4) If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled.

(5) The trustees shall serve without compensation but they may be reimbursed from the expense fund for all necessary expenses such as travel, which they may actually expend in the performance of their duties as a member of the Board. The expenditure shall not exceed the limits placed by law, including but not limited to F.S. § 112.061.

(6) Each trustee shall, within ten days after his appointment or election, take an oath of office before the City Clerk, that so far as it develops upon him, he will diligently and honestly administer the affairs of the Board, and that he will not knowingly violate or willingly permit to be violated any of the provisions of the law applicable to the retirement system. The oath shall be subscribed to by the members making it and certified by the Clerk and filed in his office.

(7) Each trustee shall be entitled to one vote on the Board. Four votes shall be necessary for a decision by the trustees at any meeting of the Board. The Chairman shall have the right to one vote only.

(8) Subject to the limitations of this subchapter, the Board of Trustees shall from time to time establish uniform rules and regulations for the administration of

funds created by this subchapter and for transactions of its business, including provisions for compulsory attendance of its members, which shall have the force of law. Board meetings shall be held in accordance with Robert's Rules of Order.

(9) The Board of Trustees shall by majority vote of its members appoint a Secretary, who may, but need not be, one of its members. It shall engage such actuarial and other services as shall be required to transact the business of the retirement system. The compensation of all persons engaged by the Board of Trustees and all other expenses of the Board necessary for the operation of the retirement system shall be paid at those rates and in those amounts that the Board of Trustees shall agree, but in no case shall the expenditures for the services or operations exceed 3% of the maximum in the fund each fiscal year. All funds shall be disbursed by the Board of Trustees. The Secretary and any trustee authorized to handle or disburse funds or assets, or to sign checks, shall be bonded for a minimum of 10% of the assets of the fund with a maximum bond limit of \$100,000, the premium for the bond to be paid out of this fund.

(10) Any trustee who neglects the duties of his office shall be removed by the Board of Trustees upon affirmative vote of five members of the Board.

(11) The city may appoint employees to the Board to provide secretarial and clerical assistance, provided the Board reimburses the full cost of the employees to the city.

(B) The duties, responsibilities and powers of the Board of Trustees shall include the following.

Further, the Pension Board may enter into agency, investment, advisory, and custodial agreements for the purpose of securing investment and custodianship services for the system and fund. ('58 Code, § 11.21) (Ord. 75-80, passed 9-16-75)

(C) All funds and securities of the system may be commingled in the fund, provided that accurate records are maintained at all times reflecting the financial composition of the fund, including accurate current accounts and entries as regards the following.

(1) Current amounts of accumulated contributions of employees on both an individual and aggregate account basis.

(2) Receipts and disbursements.

(3) Payments to retirees.

(4) Current amounts clearly reflecting all moneys, funds, and assets whatsoever attributable to contributions and deposits from the city, including a valuation of all these, as well as other, assets of the fund on a market-value basis.

(5) All interest, dividends, gains, or losses whatsoever.

(6) Other entries that may be properly required to reflect a clear and complete financial report of the fund. ('58 Code, § 11.22) (Ord. 75-81, passed 9-16-75)

(1) The trustees shall invest and reinvest the funds in those securities or property real or personal wherever situated, as the trustees shall deem advisable, including but not limited to, stocks, common or preferred, bonds, and mortgages, and other evidences of indebtedness or ownership, although these may not be of the character permitted for trustees' investment by the laws of the state. The Board of Pension Trustees shall be vested with full legal title to the fund. All contributions from time to time paid into the fund, and the income thereof, without distinction between principal and income, shall be held and administered by the Board or its agent in the fund, and the Board shall not be required to segregate or invest separately any portion of the fund.

(2) The Board may retain in cash and keep unproductive of income that amount of the fund it may deem advisable, having regard for the cash requirements of the system.

(3) Neither the Board nor any person or entity shall be liable for the making, retention, or sale of any investment or reinvestment made as herein provided, nor for any loss or diminishment of the fund, except that due to his or its own negligence, willful misconduct, or lack of good faith.

(4) The Board may cause any investment in securities held by it to be registered in or transferred into its name as trustee or into the name of the nominee it may direct, or it may retain them unregistered and in form permitting transferability, but the books and records shall at all times show that all investments are part of the fund.

(5) The Board is empowered, but is not required, to vote upon any stocks, bonds, or securities of any corporation, association, or trust and to give general or specific proxies or powers of attorney with or without power of substitution; to participate in mergers, reorganizations, recapitalizations, consolidations, and similar transactions with respect to the securities; to deposit stock or other securities in any voting trust or any protective or like committee or with the trustees or with depositories designated thereby; to amortize or fail to amortize any part or all of the premium or discount resulting from the acquisition or disposition of assets; and generally, to exercise any of the powers of an owner with respect to stocks, bonds, or other investments, comprising the fund which it may deem to be to the best interest of the fund to exercise.

(6) The Board shall not be required to make any inventory or appraisal or report to any court, nor to secure any order of court for the exercise of any power herein contained.

(7) Where any action which the Board is required to take or any duty or function which it is required to perform either under the terms herein or under the general law applicable to it as a trustee under this subchapter, can reasonably be taken or performed only after receipt by it from a member, the city, or any person or entity, of specific information, certification, direction, or instructions, the Board shall incur no liability in failing to take that action or perform the duty or function until the information, certification, direction, or instruction has been received by it.

(8) Any significant or substantial overpayments or underpayments from the fund to a retired member or beneficiary caused by errors of computation may be adjusted by the Board, in its discretion, on a case by case basis. If, after appropriate investigation of the circumstances, an adjustment is found to be warranted based on the circumstances and evidence presented, the adjustment shall be made with interest at the rate per annum approved by the Board. If, in the Board's discretion, adjustments are found to be necessary, then overpayments shall be charged against retirement payments next succeeding the adjustment and, accordingly, underpayments shall be made up from the trust fund.

(9) The Board shall sustain no liability whatsoever for the sufficiency of the fund to meet the payments and benefits herein provided for and shall be under no duty or obligation to inquire into the sufficiency of the payments made into the fund by the city. However, the Board shall be required to have annual actuarial valuations of the system performed as of September 30 each year, by an independent actuary or actuarial firm with membership in either the Society of Actuaries or the American Academy of Actuaries.

(10) In any application to, or proceeding or action in, the courts, only the city and the Board shall be necessary parties, and no member or other person having an interest in the fund shall be entitled to any notice of service of process. Any judgment entered in such a proceeding or action shall be conclusive upon all persons. ('58 Code, § 11.23)

(E) Any of the foregoing powers and functions reposed in the Board may be performed and carried out by the Board through duly-authorized agents, provided the Board at all times maintains supervision over the acts of any agent. Further, legal title to the fund shall always remain in the Board of Pension Trustees. ('58 Code, § 11.24)

(F) No change in any of the provisions of the system shall be made without the approval of a majority of the Board of Trustees. ('58 Code, § 11.25)
(Ord. 73-3, passed 11-8-72; Am. Ord. 94-55, passed 7-19-94; Am. Ord. 96-21, passed 11-28-95)
