Status: Authorized With Conditions

Comment:

Comments will be rendered at time of site plan submittal.

Provide landscape plans in accordance with 155.5203 for the entire site.

ZONING

Plan Reviewer: diego.guevara@copbfl.com

Status: Pending Resubmit

Comment:

7/20/22

1. The ingress-egress agreement provided can be amended as per discretion of the owners only. That is not acceptable. The City must be part of the agreement. This must be resolved prior to any site plan approval.

Comments regarding the Conceptual Plan:

2. The shared driveway must comply with Sec. 155.5101.G.7 Driveway Layout and Design Requirements.

3. Provide Bicycle racks as required by Sec. 155.5102.L.1

4. Revise the design location and functionality of the proposed loading berth.

5. Revise the number and location of dumpsters for the entire industrial complex.

6. Consider flipping the building. Locate the small building to the front and the large units to the back. This change would provide more options for both the potential tenants and the City, furnishing an active, exciting frontage along McNab Road and reducing the circulation of the sanitation vehicle within the property. The suggested modification would allow the architect to develop a good front elevation instead of a plain, featureless warehouse wall.
