**2. Underwater Sculpture Garden**

The Committee reviewed both of Bradley McDonald's clam sculptures addressing the safety of the base of one and the tail of the eel being a possible safety hazard. The Committee agreed that the tail needs to be wrapped around the base for design one (1) to be used.

The Committee reviewed Drew Shook's Sea Horse. Ms. Atria will confirm that the materials used are approved by the Broward Environmental Department.

The Committee reviewed Addie Boswell's Octopus sculpture ruling out the submission as it was not in line with what was originally proposed.

A **MOTION** was made by Ms. Goodrum Johnson to approve the seahorse as the first (1<sup>st</sup>) option and the clam with the tail wrapped as the alternative option. Motion was seconded by Ms. Harmon. Motion passed unanimously.
