Categories: Blue Category, Red Category, Orange Category

Chris, we ran the report for diesel fuel used at station 24 from august 2018 to march 2019, we used 5,177 gallons of diesel fuel at an average cost of \$2.35 a gallon

Thanks,,

Forrest Hall

Subject: Generator Usage for Fire #24

Forrest,

As discussed today, could you provide the back up and breakdown for the costs incurred for the city to fuel and maintain the generator for the period of approx. eight months starting somewhere around July / August 2018 and ending around March 2019.

Thank you
