OPTIONAL FORMS OF RETIREMENT BENEFITS

Each Member entitled to a regular Normal Retirement Benefit shall have the right at any time prior to his actual retirement to elect to have his retirement benefit payable under any one of the Options hereinafter set forth in lieu of the retirement benefits otherwise provided herein, and to revoke any such elections and make a new election at any time prior to actual retirement. The value of optional retirement benefits shall be actuarially equivalent to the value of benefits otherwise payable. The Member shall make such an election by written request to the Board and such an election shall be subject to the approval of the Board.

OPTION 1 - Joint and Last Survivor Option

A retiring Member may elect to receive a decreased retirement benefit during his lifetime and have such decreased retirement benefit (or a designated fraction thereof) continued after his death to and during the lifetime of his spouse or a relative other than his spouse. The election of Option 1 shall be null and void if the designated Contingent Annuitant dies before the Member's retirement.

OPTION 2 - 10 Years Certain and Life Thereafter

A retiring Member may elect to receive a decreased retirement benefit with 120 monthly payments guaranteed. If, after retiring, the Member should die before said 120 monthly payments are made, payments are then continued to his designated beneficiary until 120 payments in all have been made, at which time benefits cease. After expiration of the certain period, should the retired Member be then alive, payments shall be continued during his remaining lifetime.

OPTION 3 - Other

In lieu of the other optional forms enumerated in this Article, retirement benefits may be paid in any form approved by the Board so long as actuarial equivalence with the benefits otherwise payable is maintained.
