RE: 2508 Bay Drive, Pompano Beach, FL 33062
City of Pompano Beach Pier Dock Variance Request

To Whom it May Concern:

We have reviewed the plans for the proposed projected for the reinstalling of the 9'x85' marginal wood framed dock to remain. Pilings to remain and be reused and framing to be removed and be reinstalled. As well as the proposed 8'x46'6" wood finger pier to be placed in existing finger pier footprint. We approve the plans as presented to our ownership.
