Re: Our Client No.: 582-004  
St. Joseph Manor II  
Letter of Intent for Major Site Plan and Building Design Plan Application  
1210 NW 6<sup>th</sup> Avenue  
Folio No.: 4842-35-64-0010

Dear Mr. Feingold:

It is with pleasure that I submit this letter and narrative on behalf of The Most Reverend Thomas G. Wenski, Archbishop of the Archdiocese of Miami and St. Joseph Manor. This letter serves to support the Applicant's Major Site Plan and Building Design Plan Application and expansion of St. Joseph Manor.

St. Joseph Manor is located at 1210 NW 6<sup>th</sup> Avenue. The site currently includes an existing Catholic chapel and office. In addition, the site contains 63 units of low-income senior housing. The Applicant is requesting approval to develop a Phase II expansion of the senior housing to include a second building of 150 units of low-income senior housing, a community room and enhancements to the parking areas. Like the current residential building, the new residential apartment building will include independent living for age-restricted senior residents. The property's current chapel will remain in active use providing religious services and educational and social activities.

With the development, the use of the property will remain the same and the character and intensity of the site will not change. The Applicant remains committed to supporting recreational and open spaces. The property will continue to provide onsite recreational areas for use by the residents such as paths, gardens and active and passive recreational space. It will include approximately 3.22 acres of open space for the residents' enjoyment. The parking areas will be expanded and enhanced to serve the additional residents in the community.
