AAC MASTER SIGN PROGRAM APPLICATION - PLAZA AT OCEANSIDE

REVISION / ADDITION

PROJECT NARRATIVE

Southeast Creative Group Inc, a Florida Licensed Electrical Sign Company, has been contracted to create a Master Sign Criteria for the Plaza at Oceanside, 1 N Ocean Boulevard, Pompano Beach, FL 33062 (Parcel ID 4843 31 45 0020).

This narrative is to address the additional revisions being requested to amend the current sign plan that has been approved.

The revisions are as followed:

- Verbiage clarification regarding the letter size of tenant name. The maximum height will stay the same, however, letter size may be smaller than 18" in the effort to fit their full name legibly and aesthetically.
- Sign Location Additions
 - Proposal to allow a second sign for the corner unit tenants fronting the South Elevation. Sign proposed would be Sign Type B from the existing and currently approved Master Sign Plan on file for this plaza.
