SECTION ONE - PROJECT INFORMATION

1. DEFINITIONS

1.1 National Joint Powers Alliance® (NJPA): NJPA is a public agency serving as a national municipal contracting agency established under the Minnesota Legislative Statute §123A.21 with the authority to develop and offer, among other services, cooperative purchasing services to its membership. Eligible membership and participation includes states, cities, counties, all government agencies, both public and non-public educational agencies, colleges, universities and non-profit organizations.

1.2 Joint Exercise of Powers: NJPA cooperatively shares those contracts with its Members nationwide through various “Joint Exercise of Powers Laws” established in Minnesota and applicable laws in other states. The Minnesota “Joint Exercise of Powers Law” is Minnesota Statute §471.59 which states “Two or more governmental units...may jointly or cooperatively exercise any power common to the contracting parties...” Similar Joint Exercise of Powers Laws exists within the laws of each State of the United States. This Minnesota Statute allows NJPA to serve Member agencies located in all other states. Municipal agencies nationally have the ability to participate in cooperative purchasing activities as a result of specific laws of their own state. These laws can be found on our website at <http://www.njpacoop.org/national-cooperative-contract-solutions/legal-authority>.

1.3 NJPA Members:

1.3.1 Potential NJPA Members: A Potential NJPA Member is defined as any public or private educational agencies including colleges and universities, districts or school boards, and any governmental unit including a city, county, town, political subdivision of Minnesota or another state, and any agency of the State of Minnesota or the United States, any instrumentality of a governmental unit, and any non-profit. Membership in NJPA is required to participate in any NJPA Contract. Any current or potential Member of NJPA who is in compliance with the terms and conditions of membership, shall have the option and freedom to access any of the procurement contracts of NJPA.

1.3.2 NJPA Member: An NJPA Member is defined as any “Potential NJPA Member” who has completed and submitted a membership form or acknowledgement.

1.4 Purchase Order: Purchase Orders for construction and services may be executed between NJPA or NJPA Members and the Contractor pursuant to this Invitation for Bid and the resulting Agreement.

1.4.1 Governing Law: Purchase Orders, as identified above, shall be construed in accordance with, and governed by, the laws of a competent jurisdiction with respect to the NJPA Member. Each and every provision of law and clause required by law to be included in the Purchase Order shall be read and enforced as though it were included. If through mistake or otherwise any such provision is not included, or is not currently included, then upon application of either part the Contract shall be physically amended to make such inclusion or correction. The venue for any litigation arising out of disputes related to Purchase Order(s) shall be a court of competent jurisdiction to the Purchaser.

- 1.4.2 Additional Terms and Conditions:** Additional terms and conditions to a Purchase Order may be proposed by NJPA, NJPA Members, or Contractors. Acceptance of these additional terms and conditions is OPTIONAL to all parties to the Purchase Order. The purpose of these additional terms and conditions is to, among other things, formerly introduce job or industry specific requirements of law such as prevailing wage legislation. Additional terms and conditions can include specific policy requirements and standard business practices of the issuing NJPA Member.
- 1.5 Adjustment Factors:** Adjustment Factors are the Contractor's competitively bid price adjustments to the Unit Prices as published in the Construction Task Catalog, Book 3. Adjustment Factors are expressed as an increase or decrease from the published Unit Prices.
- 1.6 Construction Task Catalog:** A comprehensive listing of specific construction related Tasks, together with a specific unit of measurement and a Unit Price (also referred to as the CTC).
- 1.7 Agreement:** the written Agreement between the Contractor and NJPA covering the Work to be performed; and other Contract Documents incorporated in or referenced in the Agreement and made part thereof as if provided therein.

2. ABOUT THE NATIONAL JOINT POWERS ALLIANCE® (NJPA)

- 2.1** The National Joint Powers Alliance® (NJPA) is a public agency serving as a national municipal contracting agency established under the Minnesota Legislative Statute §123A.21 with the authority to develop and offer, among other services, cooperative purchasing services to its membership. Eligible membership and participation includes states, cities, counties, all government agencies, both public and non-public educational agencies, colleges, universities and non-profit organizations
- 2.2** Under the authority of Minnesota state laws and enabling legislation, NJPA facilitates a competitive bidding and contracting process on behalf of the needs of itself and the needs of current and potential member agencies locally and nationally. This process results in national procurement contracts with various Vendors of products/equipment and services which NJPA Member agencies desire to procure. These procurement contracts are created in compliance with applicable Minnesota Municipal Contracting Laws. A complete listing of NJPA cooperative procurement contracts can be found at <http://www.njpacoop.org/national-cooperative-contract-solutions>.
- 2.3** NJPA is a public agency governed by publicly elected officials that serve as the NJPA Board of Directors. NJPA's Board of Directors call for all proposals, awards all Contracts, and hosts those resulting Contracts for the benefit of its own and its Members use.
- 2.3.1 Subject to Approval of the NJPA Board:** NJPA contracts are awarded by the action of the NJPA Board of Directors. This action is based on the open and competitive bidding process facilitated by NJPA. The evaluation and resulting recommendation is presented to the Board of Directors by the NJPA Bid Review Committee.

2.4 NJPA currently serves over 50,000 member agencies nationally. Both membership and utilization of NJPA contracts continue to expand, due in part to the increasing acceptance of Cooperative Purchasing throughout the government and education communities nationally.

3. DEFINED GOALS OF THE IFB

3.1 The goal of this IFB is to establish a group of indefinite quantity construction contracts (IQCC) that NJPA and NJPA Members may access to complete repair, maintenance and minor new construction Projects at competitively bid prices. The Contractors will perform an ongoing series of individual Projects for NJPA Members at different locations primarily within the designated Geographic Area.

3.2 One of the major benefits to a Bidder is that one response may be prepared to receive a single award that is potentially available to and accessible by many potential buyers from government agencies, education, and non-profit agencies throughout the Geographic Area. The procurement activities of the NJPA Bid Review Committee is limited to document preparation, answering Bidder questions, advertising the solicitation, distribution of this IFB upon request, conducting an evaluation and making recommendation for possible approval to NJPA Board of Directors. Contracts awarded through NJPA are intended to meet the procurement laws of all states and NJPA will exhaust all avenues to comply with as many state laws as possible. It is the responsibility of each participating NJPA Member to ensure to their satisfaction that these laws are satisfied. An individual NJPA Member using these contracts is deemed by its own accord to be in compliance with bidding regulations. NJPA encourages the awarded Contractor to assist NJPA and the NJPA Member in this research to the benefit of all involved. After the award and contract phase, NJPA Members can issue Purchase Orders for any amount without the necessity to prepare their own IFB, or gathering of necessary quotations. This saves the NJPA Members countless hours of time and allows for more economical and efficient purchasing. State laws permit or encourage cooperative purchasing contracts with the belief that better prices and value will result.

4. IQCC OVERVIEW

4.1 IQCC is a competitively bid indefinite quantity construction contract awarded to Contractors to accomplish the repair, alteration, modernization, rehabilitation, and minor new construction of infrastructure, buildings, structures, or other real property. The Contract value is based on the anticipated estimated annual use and the Contract term is one year with bilateral option terms. The IFB Documents include a Construction Task Catalog (CTC) containing repair and construction Tasks with preset unit prices. All unit prices are based on local labor, material and equipment prices for the direct cost of construction. Once the Agreement is awarded, NJPA Members will order Work from the CTC by issuing a Purchase Order against the Agreement.

4.2 Bidders will offer price adjustments (Adjustment Factors) to be applied to the CTC unit prices. The Adjustment Factors represent either an increase to (such as 1.1000) or a decrease from (such as 0.9800) the preset Unit Prices. The amount to be paid for the Work ordered will be determined by: multiplying the preset unit prices by the appropriate quantities and by the appropriate Adjustment Factor. The CTC and the Contractor's Adjustment Factors will be incorporated into the awarded Agreement.

4.3 Under IQCC, the Contractor furnishes management, labor, materials, equipment and

incidental design support needed to perform the Work.

- 4.4** As Projects are identified, the Contractor will jointly scope the Work with the NJPA Member. The NJPA Member will prepare a Detailed Scope of Work and issue a Request for Proposal to the Contractor. The Contractor will then prepare a Work Order Proposal for the Project including a Price Proposal, Schedule, list of identified subcontractors, and other requested documentation such as cut sheets for materials. If the Work Order Proposal is found to be reasonable, the NJPA Member will issue a Purchase Order. The Purchase Order will reference the Detailed Scope of Work and set forth the Work Order Completion Time, and the Work Order Price. The Contractor shall perform the Detailed Scope of Work within the Work Order Completion Time for the Work Order Price. A separate Purchase Order will be issued for each Work Order. Extra Work, credits, and deletions will be contained in Supplemental Work Orders calculated in the same manner.
- 4.5** NJPA through a formal selection process awarded a professional service agreement to The Gordian Group (Gordian) for their IQCC program. The system includes Gordian's proprietary ezIQCC, eGordian and Bid Safe IQCC applications (IQCC Applications) and construction cost data (Construction Task Catalog), which shall be used by the Contractor to prepare and submit Price Proposals, subcontractor lists, and other requirements specified by NJPA and NJPA Members. The Contractor's use, in whole or in part, of Gordian's IQCC Applications and Construction Task Catalog and other proprietary materials provided by Gordian for any purpose other than to execute work under this Contract for NJPA and NJPA Members is strictly prohibited unless otherwise stated in writing by Gordian. The Contractor hereby agrees to abide by the terms of the following Gordian IQCC System License:

IQCC System License

Gordian hereby grants to the Contractor, and the Contractor hereby accepts from Gordian for the term of this Contract or Gordian's contract with NJPA, whichever is shorter, a non-exclusive right, privilege, and license to Gordian's proprietary IQCC System and related proprietary materials (collectively referred to as "Proprietary Information") to be used for the sole purpose of executing Contractor's responsibilities to NJPA and NJPA Members under this Contract ("Limited Purpose"). The Contractor hereby agrees that Proprietary Information shall include, but is not limited to, Gordian's IQCC Applications and support documentation, Construction Task Catalog, training materials, marketing materials and any other proprietary materials provided to Contractor by Gordian. In the event this Contract expires or terminates as provided herein, or the Gordian's contract with NJPA expires or terminates, this IQCC System License shall terminate and the Contractor shall return all Proprietary Information in its possession to Gordian.

Contractor acknowledges that Gordian shall retain exclusive ownership of all proprietary rights to the Proprietary Information, including all U.S. and international intellectual property and other rights such as patents, trademarks, copyrights and trade secrets. Contractor shall have no right or interest in any portion of the Proprietary Information except the right to use the Proprietary Information for the Limited Purpose set forth herein. Except in furtherance of the Limited Purpose, Contractor shall not distribute, disclose, copy, reproduce, display, publish, transmit, assign, sublicense, transfer, provide access to, use or sell, directly or indirectly (including in electronic form), any portion of the Proprietary Information.

Contractor acknowledges and agrees to respect the copyrights, trademarks, trade secrets, and other proprietary rights of Gordian in the Proprietary Information during and after the term of this Agreement, and shall at all times maintain complete confidentiality with regard to the Proprietary Information provided to Contractor, subject to federal, state and local laws related to public disclosure. Contractor further acknowledges that a breach of any of the terms of this Agreement by Contractor will result in irreparable harm to Gordian for which monetary damages would be an inadequate remedy, and Gordian shall be entitled to injunctive relief (without the necessity of posting a bond) as well as all other monetary remedies available at law or in equity. In the event that it becomes necessary for either party to this IQCC System License to enforce the provisions of this Agreement or to obtain redress for the breach or violation of any of its provisions, whether by litigation, arbitration or other proceedings, the prevailing party shall be entitled to recover from the other party all costs and expenses associated with such proceedings, including reasonable attorney's fees.

In the event of a conflict in terms and conditions between this IQCC System License and any other terms and conditions of this Contract or any Work Order, Purchase Order or similar purchasing document (Purchase Order) issued by NJPA or an NJPA Member, this IQCC System License shall take precedence.

- 4.6** The NJPA Member (or the NJPA Member Designated Representative), with the assistance of Gordian, will identify Projects and develop a draft scope of the work. The Contractor and Gordian will then assist the NJPA Member in developing a final scope of work. The NJPA Member will then issue a Detailed Scope of Work and a Request for Proposal to the Contractor. The Contractor will then utilize Gordian's IQCC System to prepare a Price Proposal for the Work Order including a Schedule, list of identified subcontractors, and other requested documentation such as cut sheets for materials. Gordian will assist the NJPA Member with Price Proposal review, and if the Price Proposal is found to be reasonable, the NJPA Member will issue a Purchase Order to Contractor. The Purchase Order will reference the Detailed Scope of Work and set forth the Work Order Completion Time, and the Work Order Price. The Contractor shall perform the Detailed Scope of Work within the Work Order Completion Time for the Work Order Price. A separate Purchase Order will be issued for each Work Order. Extra Work, credits, and deletions will be contained in Supplemental Work Orders calculated in the same manner.
- 4.7** The Contractor shall, within two (2) business days of receipt of a Purchase Order from an NJPA Member, provide notification to NJPA of each Purchase Order by forwarding a copy of the Purchase Order via email to PO@ezlQC.com or via facsimile to (864) 233-9100.
- 4.8** The Contractor shall, within two (2) business days of sending an Invoice to an NJPA Member, provide notification to NJPA of each Invoice by forwarding a copy of the Invoice via email to Invoice@ezlQC.com or via facsimile to (864) 233-9100.

5. GEOGRAPHIC AREAS

NJPA solicits bids for separate contracts for each of the various Geographic Areas as shown on Exhibit A. This solicitation is for the Geographic Areas as specified in the Invitation For Bids.

6. THE IFB DOCUMENTS

The IFB Documents consist of four Books:

- Book 1: Project Information, Instructions to Bidders and Execution Documents
- Book 2: IQCC Standard Terms and Conditions; General Terms and Conditions
- Book 3: Construction Task Catalog (Separate for Each Geographical Area)
- Book 4: Technical Specifications

7. QUALIFICATION OF BIDDERS

- 7.1** Bids shall be considered only from firms normally engaged in performing the type of work specified within the IFB Documents. Bidder must have adequate organization, facilities, equipment, and personnel to ensure prompt and efficient service to an NJPA Member (as solely determined by NJPA).
- 7.2** In determining a Bidder's responsibility and ability to perform the Agreement, NJPA has the right to investigate and request information concerning the financial condition, experience record, personnel, equipment, facilities, principal business location and organization of the Bidder, the Bidder's record with environmental regulations, and the claims/litigation history of the Bidder.
- 7.3** Bidder must possess documentation evidencing compliance with applicable licensing requirements.
- 7.4** Bidder must have a fully functioning office within the Geographic Area for which a bid is submitted. Bids may be submitted for one or more Geographic Areas but it is not a requirement to submit for multiple Geographic Areas.

8. AWARD

- 8.1** An Award of Contract will be made by the NJPA Board of Directors based on the recommendation of the NJPA Bid Review Committee on behalf of its current and future NJPA Members.
- 8.2** It is the intent of NJPA to award one or more Agreement(s) per Geographic Area to the lowest, responsive, responsible Bidder(s) based on the Combined Adjustment Factor as shown on Bid Form 1 and other qualifying factors. NJPA shall have the right to waive any informality or irregularity in any Bidder's Response received and to accept the Bidder's Response(s), which in its judgment, is (are) in the best interests of NJPA and NJPA Members. NJPA reserves the right to reject all Bid Responses and advertise again if, in NJPA's opinion, the received bids do not meet or exceed the minimum needs and expectations of the NJPA current and qualifying members. NJPA reserves the right to award additional Agreements from this solicitation for a period of 180 Days (or longer, if mutually agreeable to both the Bidder and NJPA).
- 8.3** Additionally, the Bidder is required to submit a Management Plan, see Article 9, Section Two Instructions to Bidders. The Bidder's Management Plan will provide the NJPA information to gauge the responsibility of the Bidder.
- 8.4** A Bidder will not be awarded more than one same-scope Contract within any Geographic Area.
- 8.5** Competitive Range Determination - if a wide margin is found in the Adjustment Factors submitted in response to the solicitation; being too high or too low, then the NJPA Bid Review Committee may establish a Competitive Range for the solicitation. If it is determined that a Bidder's Combined Adjustment Factor is too far outside the Competitive Range then the Bidder can be removed from consideration. The Bidder

shall be notified that they were determined to be outside the Competitive Range after award of the contracts.

- 8.6** Unbalancing of Bids – A Bid may be removed from consideration if it is determined that the Bidder has mathematically unbalanced their Bid to gain a competitive advantage. The Bid will be considered to be unbalanced if any Adjustment Factor is found to not cover the contractors reasonable actual cost. Those costs would include a reasonable prorated share of their anticipated profit, overhead cost, and other indirect costs that the bidder anticipates for the performance of the work as determined by the NJPA Bid Review Committee.
- 8.7** **The Other Than Normal Working Hours Adjustment Factors must be higher than the Normal Working Hours Adjustment Factors.**
- 8.8** **The Non Pre-priced Adjustment Factor Without Administrative Fees must be between 1.0500 and 1.2000.**

9. ASSIGNMENT OF WORK

- 9.1** If multiple awards are made, the assignment of the Work is at the sole discretion of the NJPA Member. The Contractor's Adjustment Factors, performance history, and ability to perform the Work will be considered in determining the distribution of the Work.
- 9.2** Bid Safe: NJPA may issue a Request for Quotation (RFQ) to two or more Contractors for a Work Order. Selection of the Contractor and award of the Work Order will be in compliance with established NJPA procedures.
- 9.3** NJPA reserves the right to utilize Bid Safe on a Work Order by Work Order basis.
- 9.4** NJPA will consider several factors when determining the applicability of Bid Safe to a Work Order including, but not limited to, the following:
 - 9.4.1 Estimated Work Order Amount;
 - 9.4.2 Scope documentation, including but not limited A/E design;
 - 9.4.3 Nature and complexity of the Work;
 - 9.4.4 Contractors' abilities to self-perform the Work;
 - 9.4.5 Contractors' proven capabilities on similar Work;
 - 9.4.6 Schedule; and;
 - 9.4.7 Other appropriate criteria as deemed in the best interest of the NJPA Member.
- 9.5** The Detailed Scope of Work will be developed by the NJPA Member personnel and included with the RFQ.
- 9.6** NJPA may conduct one or more site visits with all contractors designated to receive the RFQ.
- 9.7** All contractors that receive the RFQ will have the opportunity to submit requests for information. Should NJPA choose to respond to any or all of the requests for information, the responses, and any changes to the RFQ, will be provided in an addendum to all contractors designated to receive the RFQ.
- 9.8** The Contractor will utilize the Bid Safe application in the eGordian software to provide a Not to Exceed Offer (NTE Offer), along with any additional requested

documentation, in response to the RFQ.

- 9.9** NJPA will issue a Request for Proposal to the Contractor submitting the NTE Offer that provides the best value to the NJPA Member based on, but not limited to, price and any technical factors considered.
- 9.10** The NTE Offer is valid for 120 Days from the date of opening unless stated otherwise in the Detailed Scope of Work.
- 9.11** The Contractor that receives a Request for Proposal will submit a Price Proposal to NJPA. Provided that any necessary Price Proposal modifications are completed in a timely and thorough manner, NJPA will deliver a Work Order Proposal Package for the NJPA Member's consideration.
- 9.12** The Work Order Amount shall be equal to the lesser of the NTE Offer and the Price Proposal amount.
- 9.13** Where the NTE Offer is less than the Price Proposal, the difference between the NTE Offer and Price Proposal shall be deemed a discount offered by the Contractor. The discount amount shall be a percent-based discount that will be calculated by the following equation:
- Percent Discount = (Price Proposal Amount – NTE Offer) ÷ Price Proposal Amount
- The discount shall be applied to subsequent Work Orders (additions or deletions) required to complete the Work, provided the Work Order contains materials, equipment and tasks that are similar in nature to the original Detailed Scope of Work.
- 9.14** If NJPA exercises its right to award a Work Order utilizing Bid Safe, collaboration between Contractors is specifically prohibited. Contractor collaboration undermines competition, and evidence of such will be considered a material breach of this Contract and grounds for termination for cause.

10. ORDER OF PRECEDENCE OF THE COMPONENTS OF THE CONTRACT DOCUMENTS

The order of precedence of the Contract Documents shall be as follows:

- Book 2 – IQCC Standard Terms and Conditions
- Book 2 – General Terms and Conditions
- Addenda, if any

- Standard Specifications of the NJPA Member, the City, State or Federal Government, if any

7.3.1.2 A Current Year Index shall be calculated by averaging the 12 month Construction Cost Indices (CCI) for the average of the twenty cities published in the Engineering News Record (ENR) for the 12 months beginning with the month of anniversary of the bid due date (e.g. April bid date, Current Year Index is April of the prior year to March of the current year).

7.3.1.3 The Economic Price Adjustment shall be calculated by dividing the Current Year Index by the Base Year Index.

- 7.3.1.4 The Contractor's original Adjustment Factors shall be multiplied by the Economic Price Adjustment to obtain the Contractor's new Adjustment Factors effective for the next 12 months.
- 7.3.1.5 Averages shall be obtained by summing the 12 month indices and dividing by 12.
- 7.3.1.6 All calculations in this article shall be carried to the fifth decimal place and rounded to the fourth decimal place. The following rules shall be used for rounding:
 - 7.3.1.7 The fourth decimal place shall be rounded up when the fifth decimal place is five (5) or greater.
 - 7.3.1.8 The fourth decimal place shall remain unchanged when the fifth decimal place is less than five (5).
- 7.3.2 ENR occasionally revises indices. ENR CCIs used in the calculations described above shall be those currently published at the time the Economic Price Adjustment calculation is performed. No retroactive adjustments will be made as a result of an ENR revision. Revised CCI indices, if any, shall be used in subsequent calculations.
- 7.5 Under all circumstances, should the Contractor submit a Job Order Proposal with inaccurate Adjustment Factors, the act of submission by the Contractor is a waiver of all rights to any further compensation above the Job Order Price submitted in the Job Order Proposal.
- 7.6 The Contractor cannot delay submission of the Job Order Proposal past the due date to take advantage of a scheduled update of the Adjustment Factors. In that event, the Contractor shall use the Adjustment Factors that would have been in effect without the delay.
- 7.7 The Adjustment Factor for Non Pre-priced Tasks will remain constant for the duration of the Contract.

8. PROCEDURE FOR ORDERING WORK

8.1 Initiation of a Work Order

- 8.1.1 As the need exists, NJPA (or their designated representative) will, on behalf of an NJPA Member, notify the Contractor of a project and schedule a Joint Scope Meeting.
- 8.1.2 The Contractor shall attend the Joint Scope Meeting to discuss, at a minimum:
 - a. the general scope of the Work,
 - b. alternatives for performing the Work and value engineering,
 - c. access to the Site and protocol for admission,
 - d. hours of operation,
 - e. staging area,
 - f. requirements for professional services, sketches, drawings, and specifications,
 - g. construction schedule,
 - h. requirement for bonding

- i. the presence of hazardous materials, and
- j. date on which the Price Proposal Package is due.

8.1.3 Upon completion of the joint scoping process, NJPA (or their designated representative), working with the NJPA Member and the Contractor, will prepare a Detailed Scope of Work referencing any sketches, drawings, photographs, and specifications required to document accurately the work to be accomplished. NJPA (or their designated representative) will issue a Request for Proposal that will require the Contractor to prepare a Price Proposal. The Detailed Scope of Work, unless modified by both the Contractor and NJPA (or their designated representative), will be the basis on which the Contractor will develop its Price Proposal and NJPA (or their designated representative) and the NJPA Member will evaluate the same. The Contractor does not have the right to refuse to perform any Task or any work in connection with a particular project.

8.2 **Preparation of the Price Proposal:** The Contractor will prepare Price Proposals in accordance with the following:

8.2.1 **Pre-priced Tasks:** A Pre-priced Task is a Task described and for which a Unit Price is set forth in the Construction Task Catalog. For Pre-priced Tasks the Contractor shall identify the Task from the Construction Task Catalog and the quantities required.

8.2.2 **Non Pre-priced Tasks:** A Non Pre-priced Task is a Task which is not in the Construction Task Catalog.

8.2.2.1 If the Contractor will perform the Non Pre-priced Task with its own forces, it shall submit three independent quotes for all materials to be installed and shall provide a breakdown of the labor and equipment costs.

8.2.2.2 If the Non Pre-priced Task is to be subcontracted, the Contractor must submit three independent bids from Subcontractors. The Contractor shall not submit a quote or bid from any supplier or Subcontractor that the Contractor is not prepared to use. NJPA may require additional quotes and bids if the suppliers or Subcontractors are not acceptable or if the prices are not deemed reasonable by NJPA or its designated representative.

8.2.2.3 **Pricing Non Pre-priced Tasks:** The final price submitted for Non Pre-priced Tasks shall be according to the following formula. Each Non Pre-priced Task must be supported with the necessary back-up documents including the calculation below:

For Work Performed with the Contractor's Own Forces:

- A. The hourly rate for each trade classification not in the Construction Task Catalog multiplied by the quantity;
- B. The rate for each piece of Equipment not in the Construction Task Catalog multiplied by the quantity;
- C. Lowest of three independent quotes for all materials

Total Cost for self-perform work = (A+B+C) x NPP Adjustment Factor

For Work Performed by Sub-contractors: If the Work is to be

subcontracted, the Contractor must submit three independent quotes from Subcontractors for the Work. If three quotes or bids can not be obtained, the Contractor will provide the reason in writing for NJPA Member's approval why three quotes cannot be submitted.

D = Lowest of three Subcontractor quotes

Total Cost of Subcontracted Non Pre-priced Task = D x NPP Adjustment Factor

- 8.2.2.4 At the discretion of the NJPA (or their designated representative), Non Pre-priced Tasks, as well as other Tasks, may be added to the CTC during the course of the Agreement. Unit prices will be established based on actual quotes from material suppliers and installers and fixed as a permanent Pre-priced Task in the CTC.
- 8.2.2.5 NJPA (or their designated representative) determination as to whether an item is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.
- 8.2.2.6 The means and methods of construction shall be such as the Contractor may choose; subject however, to NJPA's right to reject means and methods proposed by the Contractor that:
- 8.2.2.6.1 Will constitute or create a hazard to the Work, or to persons or property; or
 - 8.2.2.6.2 Will not produce finished Work in accordance with the terms of the Contract; or
 - 8.2.2.6.3 Unnecessarily increases the price of the Work Order when alternative means and methods are available.
- 8.2.3 The value of the Price Proposal shall be calculated by summing the total of the calculations for each Pre-priced Tasks (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks.
- 8.2.4 The Contractor shall submit a complete Price Proposal Package, which includes:
- a. any incidental drawings or sketches, calculations and or specification information,
 - b. quantity take-off summary supporting all material quantities contained in the Price Proposal
 - c. catalog cuts providing information on materials or products, as specifically requested,
 - d. back-up for any Non Pre-priced Tasks,
 - e. identification of known Subcontractors and material suppliers,
 - f. a construction schedule,
 - g. for special equipment or materials , warranty information,
- 8.2.5 By submitting a Price Proposal to NJPA, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at the price submitted. It is the Contractor's responsibility to include the necessary tasks and quantities in the Price Proposal and apply the appropriate Adjustment Factor(s) prior to delivering it to NJPA.

8.3 Time for Submittal of the Price Proposal Package

- 8.3.1 The Contractor's Price Proposal Package shall be submitted by the date indicated on the Request for Proposal. All incomplete Price Proposal Packages shall be rejected. The time allowed for preparation of the Contractor's Price Proposal Package will depend on the complexity and urgency of the Work Order but should average between seven and fourteen days. On complex Work Orders, such as Work Orders requiring incidental engineering/architectural drawings and approvals and permits, allowance will be made to provide adequate time for preparation and submittal of the necessary documents.
- 8.3.2 In emergency situations and for Work Orders requiring immediate completion, the Proposal may be required quickly and the due date will be so indicated on the Request for Proposal or, the Contractor may begin work immediately, with the paperwork to follow.
- 8.3.3 If the Contractor fails to meet the deadline for submittal of the Price Proposal Package, this may be reason to suspend issuance of this particular Work Order.
- 8.3.4 If the Contractor requires clarifications or additional information regarding the Detailed Scope of work in order to prepare the Proposal Package, the request must be submitted so that the submittal of the Proposal Package is not delayed.

8.4 Review of the Price Proposal Package

- 8.4.1 NJPA (or their designated representative) and/or the NJPA Member (or their designated representative) will evaluate the Contractor's Price Proposal by evaluating the nature and number of Tasks proposed against the agreed upon Detail Scope of Work and will determine the reasonableness of approach. Furthermore NJPA (or their designated representative) or the NJPA Member (or their designated representative) may compare the Contractor's Price Proposal to the NJPA Member cost estimate for the Detailed Scope of Work. NJPA (or their designated representative) or the NJPA Member (or their designated representative) reserves the right to reject a Contractor's Price Proposal based on unjustifiable/unsupported (with take off details) quantities and/or Work items, performance periods, inadequate documentation, or other inconsistencies on the Contractor's part.
- 8.4.2 If NJPA (or their designated representative) and/or the NJPA Member (or their designated representative) finds any part of the Contractor's Price Proposal unacceptable, NJPA (or their designated representative) or the NJPA Member (or their designated representative) may request the Contractor to re-submit its Price Proposal or cancel the Work Order. The Contractor is expected to submit correct Price Proposals the first time. However NJPA recognizes that some adjustments might have to be made to the Price Proposal after review by NJPA (or their designated representative) and the NJPA Member (or their designated representative). Therefore, NJPA (or their designated representative) will allow the Contractor to submit the first Price Proposal and a second Price Proposal for each Work Order.
- 8.4.3 Additionally, NJPA (or their designated representative) and/or the NJPA Member (or their designated representative) will evaluate all other components

of the Contractor's Price Proposal Package and may request revisions thereto.

- 8.4.4 **Requested revisions to any and all of the Price Proposal Package components should be made by the Contractor and resubmitted in three (3) working days or less.** If after the second review by NJPA (or their designated representative) and/or the NJPA Member (or their designated representative), NJPA (or their designated representative) and/or the NJPA Member (or their designated representative) finds requested revisions to the Price Proposal Package that were not made, this may be reason to suspend that particular Work Order.
- 8.4.5 Failure by the Contractor to submit Price Proposal Packages, and revisions thereto, in a timely manner (within time frames described above) is grounds for suspension of all future Work Orders.
- 8.4.6 NJPA reserves the right to obtain Price Proposals from any or all of the Contractors awarded an IQCC Contract.
- 8.4.7 If the Contractor continues to submit Price Proposals which are rejected by NJPA (or their designated representative), NJPA may declare the Contractor in default and initiate termination of the Agreement, according to Article 34 of the Agreement General Conditions.

8.5 **Delivery of the Work Order Proposal Package**

- 8.5.1 After NJPA (or their designated representative) reaches an agreement with the Contractor on the Price Proposal Package and any requested revision thereto, if applicable, NJPA (or their designated representative) will assemble and deliver a Work Order Proposal Package for the NJPA Member's consideration.
- 8.5.2 A Work Order Proposal Package will consist of:
- a. a Work Order signature document listing: the work Order #, a brief description of the work, the Work Order Amount, and whether liquidated damages apply or not, and other information
 - b. the Detailed Scope of Work Approved by the NJPA member, including the Work Order Completion Time
 - c. the Contractor's Price Proposal,
 - d. a list of known subcontractors,
 - e. and other pertinent information (including part of the contractor's Price Proposal Package) that may vary by Work Order.
- 8.5.3 Once the Work Order Package has been submitted to the NJPA Member the Contractor is bound by its content. By submitting a Work Order Proposal Package, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the Work Order Price Proposal prior to delivering it to the NJPA Member.

8.6 **Review of the Work Order Proposal Package By the NJPA Member and Issuance of Purchase Order**

- 8.6.1 The NJPA Member will evaluate the entire Work Order Proposal Package.
- 8.6.2 The NJPA Member may reject a Work Order Proposal Package for any reason

- 8.6.3 The NJPA member may request changes to or clarifications of any part of the Work Order Proposal package. The Contractor and NJPA (or their designated representative) will work together to make any requested revisions in a timely manner and resubmit a revised Work Order Proposal Package.
- 8.6.3 Upon approval of the Work Order Proposal Package by NJPA (or their designated representative) and the NJPA Member, the NJPA Member may issue a Notice to Proceed, a signed Purchase Order, Notice of Award, or similar document accepting the Contractor's offer. The document will include:
- a. Reference to the Detail Scope of Work
 - b. The Work Order Amount
 - c. Start date, Work Order Completion Time (duration) and completion date
 - d. Whether liquidated damages will apply
- 8.6.4 When the Work Order Package is accepted, the NJPA Member may send to the Contractor a Purchase Order, or a notice of intent to award a Purchase Order (sometimes used if bonding is required) or a similar document.
- 8.6.5 Once a Contractor has accepted the Purchase Order then the Contractor may not refuse to perform the work. Such actions may be grounds for termination of this Contract or other disciplinary action at the option of NJPA.
- 8.6.5 If performance and payment bonding is required, or if a separate and /or special insurance certificate is required, the Contractor will deliver such requirements to the NJPA member within ten (10) days of notification of the requirement.

9. CHANGES

- 9.1 The NJPA Member reserves the right to make, in writing, at any time during the Work, changes in the Detailed Scope of Work as are necessary to satisfactorily complete the Project, and to delete in whole or in part, or to add to, the Detailed Scope of Work. Such changes, deletions, or additions will not invalidate the Agreement or the Work Order nor release the surety, if any, and the Contractor agrees to perform the Work as altered.
- 9.1 All changes, deletions, and additions to the Detailed Scope of Work will be reflected in a Supplemental Work Order priced in accordance with the procedure for developing and approving all Price Proposals.

- 10.2 NJPA selected its Indefinite Quantity Construction Contracting system based on their research of what provides their Members with the best value and most cost effective results. The Contractor shall avoid all conflicts of interest with the promotion of other IQCC systems to any agency eligible to purchase under this Contract. 11. PUNCH LIST COMPLETION

11.1 The Contractor understands and agrees that time is of the essence in closing out the Work of this Contract. Upon Substantial Completion of the Work, the Punch List will be transmitted to the Contractor from the NJPA Member. The Contractor agrees to begin performance of Punch List Work immediately after receipt of the Punch List.

11.2 Failure of the Contractor or its Subcontractors to begin the Punch List Work within three (3) business days after receipt of the Punch List will be construed as failure to prosecute the Work of the Contract.

11.3 Punch List Work will be continuously prosecuted once begun and completed within thirty (30) Days from the receipt of the Punch List. Should the Contractor fail to complete the Punch List within this period of time, the liquidated damages as identified in Article 26 of the Contract General Conditions will apply.

12. PAYMENT AND PERFORMANCE BONDS AND MATERIAL AND WORKMANSHIP BONDS

If required by the NJPA Member for a particular Work Order, the Contractor shall deliver Material and Workmanship Bonds in the amount required by the NJPA Member. The bonds must be in a form, and executed by a surety, acceptable to the NJPA Member. The bonds must be received before the Notice to Proceed will be issued. The Contractor shall be compensated for the cost of the bonds up to 2% of the Work Order Price through the Reimbursable Fee work task in the Construction Task Catalog. The Contractor shall apply a 1.1000 Adjustment Factor to the Reimbursable Fee work task rather than applying the Contractor's competitively bid Adjustment Factor.

13. COMPUTER SOFTWARE

The Contractor shall maintain at its office for its use a computer with an internet connection. The Contractor will be furnished with a copy of the internet based eGordian® software which will allow the Contractor to generate Proposals. This software program contains an electronic copy of the Construction Task Catalog and allows the Contractor to select items and quantities for use in a particular Proposal. The software generates a Proposal in a preset format acceptable to the NJPA Member. There is no separate charge to the Contractor for the software and the related software training.

14. PREPAYMENT OPTION

An NJPA Member may elect to deposit the funds for any Project or Work Order in a special account established by NJPA for the purpose of paying the Contractors for work to be performed. Funds shall be transferred into and out of such account in strict accordance with the rules and procedures established therefor.

Any errors, inconsistencies or omissions discovered by the Contractor shall be reported promptly to the Project Manager.

4.2 Any design errors or omissions noted by the Contractor during this review shall be reported promptly to the Project Manager, but it is recognized that the Contractor’s review is made in the Contractor’s capacity as a Contractor and not as a licensed design professional. The Contractor is not required to ascertain that the Detailed Scope of Work is in accordance with applicable laws, statutes, ordinances, building codes, and rules and regulations. However any nonconformity discovered by or made known to the Contractor shall be reported promptly to the Project Manager.

5. SUPERVISION

5.1 The Contractor shall supervise and direct the performance of the Detailed Scope of Work, using the Contractor’s best skill and attention. The Contractor shall be solely responsible for and have control over construction means, methods, techniques, sequences and procedures and for coordinating all portions of the Work. If the Detailed Scope of Work gives specific instructions concerning construction means, methods, techniques, sequences or procedures, the Contractor shall evaluate the Site safety thereof and, except as stated below, shall be fully and solely responsible for the jobsite safety of such means, methods, techniques, sequences or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely written notice to the Project Manager and shall not proceed with that portion of the Work without further written instructions from the Project Manager.

- 7.2 During the guarantee period, the Contractor shall repair and replace at Contractor's own expense, all Work that may develop defects whether such defects may be inherent in the equipment or materials, in the functioning of the piece of equipment, or in the functioning and operation of pieces of equipment operating together as a functional unit. Any equipment or material which is repaired or replaced shall have the guarantee period extended for a period of one year from the date of the last repair or replacement.
- 7.3 If the Contractor fails to repair, replace, rebuild or restore such defective or damaged Work promptly after receiving such notice, the NJPA Member shall have the right to have the Work done by others and to deduct the cost thereof from the monies owed to the Contractor. If the amount owed is insufficient to cover such costs, the Contractor shall be liable to pay such deficiency on demand.

If the Contractor is required to pay an application fee for filing a project, a fee to obtain a building permit, or any other permit fee to the City, State or some other governmental or regulatory agency, then the amount of such fee paid by the Contractor for which a receipt is obtained shall be treated as a Reimbursable Task to be paid a mark-up of 10% on the fees paid to a governmental entity to obtain filings and permits. Contractor shall submit written documentation of such fees. The 10% mark-up shall cover all costs over and above the filing and permit fees, including expeditor fees.
- 8.2 The Contractor shall comply with and give notices required by laws, ordinances, rules, regulations and lawful orders of public authorities applicable to performance of the Work.

- 8.3 It is not the Contractor's responsibility to ascertain that the Detailed Scope of Work is in accordance with applicable laws, statutes, ordinances, building codes, and rules and regulations. However, if the Contractor observes that any portion of the Detailed Scope of Work is at variance therewith, the Contractor shall promptly notify the Project Manager in writing.

During the performance of the Work, the superintendent assigned to the Project shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor. Important communications shall be confirmed in writing. Other communications shall be similarly confirmed on written request in each case.

10. SHOP DRAWINGS, PRODUCT DATA AND SAMPLES

- 10.1 Shop Drawings, Product Data, Samples and similar submittals are not Contract Documents. The purpose of their submittal is to demonstrate for those portions of the Detailed Scope of Work for which submittals are required by the Contract Documents the way by which the Contractor proposes to conform to the information given and the design concept expressed in the Detailed Scope of Work. Submittals which are not required by the Contract Documents may be returned by the Project Manager without action.
- 10.2 The Contractor shall review for compliance with the Contract Documents, approve and submit to the Project Manager Shop Drawings, Product Data, Samples and similar submittals required with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the NJPA Member or of separate contractors. Submittals which are not marked as reviewed for compliance with the Contract Documents and approved by the Contractor may be returned by the Project Manager without action.
- 10.3 By approving and submitting Shop Drawings, Product Data, Samples and similar submittals, the Contractor represents that the Contractor has determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and has checked and coordinated the information contained within such submittals with the requirements of the Detailed Scope of Work and of the Contract Documents.
- 10.4 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples or similar submittals until the respective submittal has been approved by the Project Manager.
- 10.5 The Work shall be performed in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from requirements of the Contract Documents by the Project Manager's approval of Shop Drawings, Product Data, Samples or similar submittals unless the Contractor has specifically informed the Project Manager in writing of such deviation at the time of submittal and (1) the Project Manager has given written approval to the specific deviation as a minor change in the Work, or (2) a Supplemental Work Order or written notice has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples or similar submittals by the Project Manager's approval thereof.
- 10.6 The Contractor shall direct specific attention, in writing or on resubmitted Shop

Drawings, Product Data, Samples or similar submittals, to revisions other than those requested by the Project Manager on previous submittals. In the absence of such written notice the Project Manager's approval of a resubmission shall not apply to such revisions.

- 10.7 The Contractor shall not be required to provide professional services which constitute the practice of architecture or engineering unless such services are specifically required by the Detailed Scope of Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. The Contractor shall not be required to provide professional services in violation of applicable law. If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of the Contractor by the Detailed Scope of Work, the NJPA Member will specify all performance and design criteria that such services must satisfy. The Contractor shall cause such services or certifications to be provided by a properly licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings and other submittals prepared by such professional. Shop Drawings and other submittals related to the Work designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Project Manager. The NJPA Member shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications or approvals performed by such design professionals, provided the NJPA Member has specified to the Contractor all performance and design criteria that such services must satisfy. The Project Manager will review, approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Detailed Scope of Work. The Contractor shall not be responsible for the adequacy of the performance or design criteria required by the Detailed Scope of Work.

11. CUTTING AND PATCHING

- 11.1 The Contractor shall be responsible for cutting, fitting or patching required to complete the Detailed Scope of Work or to make its parts fit together properly.
- 11.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the NJPA Member or separate contractors by cutting, patching or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter such construction by the NJPA Member or a separate contractor except with written consent of the NJPA Member and of such separate contractor; such consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold from the NJPA Member or a separate contractor the Contractor's consent to cutting or otherwise altering the Work.

12. CLEANING UP

- 12.1 The Contractor shall keep the Site and surrounding areas free from accumulation of waste materials or rubbish caused by operations under the Work Order. At completion of the Work, the Contractor shall remove from and about the Site all waste materials, rubbish, the Contractor's tools, construction equipment, machinery and surplus materials.
- 12.2 If the Contractor fails to clean up, the NJPA Member may do so and the cost thereof shall be charged to the Contractor.

13. ACCESS TO THE WORK

The Contractor shall provide the Project Manager access to the Work at all times.

14. ROYALTIES, PATENTS AND COPYRIGHTS

The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the NJPA Member and Project Manager harmless from loss on account thereof, but shall not be responsible for such defense or loss when a particular design, process or product of a particular manufacturer or manufacturers is required by the Contract Documents or where the copyright violations are contained in Drawings, Specifications or other documents prepared by the NJPA Member or Project Manager. However, if the Contractor has reason to believe that the required design, process or product is an infringement of a copyright or a patent, the Contractor shall be responsible for such loss unless such information is promptly furnished to the Project Manager.

15. INDEMNIFICATION

15.1 To the fullest extent permitted by law and to the extent claims, damages, losses or expenses are not covered by insurance purchased by the Contractor, the Contractor shall indemnify and hold harmless NJPA, the NJPA Member, Project Manager, consultants, and agents and employees of any of them from and against claims, damages, losses and expenses, including but not limited to attorney's fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Paragraph.

15.2 In claims against any person or entity indemnified under this Paragraph by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefit acts or other employee benefit acts.

16. SUBCONTRACTORS

16.1 The Contractor, as soon as practicable after award of the Work Order, shall furnish in writing to the Project Manager the names of persons or entities (including those who are to furnish materials or equipment fabricated to a special design) proposed for each portion of the Work. The Project Manager will promptly reply to the Contractor in writing stating whether or not, after due investigation, Contractor has reasonable objection to any such proposed person or entity. Failure of the Project Manager to reply promptly shall constitute notice of no reasonable objection.

16.2 The Contractor shall not contract with a proposed person or entity to whom the NJPA Member or Project Manager has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

16.3 If the NJPA Member or Project Manager has reasonable objection to a person or entity

proposed by the Contractor, the Contractor shall propose another to whom the NJPA Member or Project Manager has no reasonable objection.

17. COORDINATION WITH OTHER CONTRACTORS

17.1 The NJPA Member reserves the right to perform construction or operations related to the Work Order with the NJPA Member's own forces, and to award separate contracts in connection with other portions of the Project or other construction or operations on the Site.

17.2 The NJPA Member shall provide for coordination of the activities of the NJPA Member's own forces and of each separate contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with other separate contractors and the NJPA Member in reviewing their construction schedules when directed to do so. The Contractor shall make any revisions to the construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Contractor, separate contractors and the NJPA Member until subsequently revised.

18. REQUEST FOR EXTENSION OF TIME

18.1 If the Contractor is delayed at any time in the commencement or progress of the Detailed Scope of Work by an act or neglect of the NJPA Member or Project Manager, or of an employee of either, or of a separate contractor employed by the NJPA Member, or by changes ordered in the Work, or by labor disputes, fire, unusual delay in deliveries, unavoidable casualties or other causes beyond the Contractor's control, or by other causes which the Project Manager determines may justify delay, then the Work Order Completion Time shall be extended for such reasonable time as the Project Manager may determine.

18.2 The Contractor agrees to make no claim for damages for the delay in the performance of any Work Order occasioned by any act or omission to act of the NJPA Member, Project Manager or any of their representatives, and agrees that any such claim shall be fully compensated for by an extension of time as provided herein.

19. PARTIAL PAYMENTS

19.1 The Contractor may submit a monthly Application for Payment for Work completed to date. The Contractor shall submit Certified Payroll Records, and such other supporting documentation as may be required by the Project Manager. The Project Manager will inspect the work within a reasonable time and the NJPA Member shall make partial payments to the Contractor based on the approved value of completed Work.

19.2 The NJPA Member may withhold up to 5% of each payment until final completion of the Work Order.

19.3 The Contractor shall promptly pay each Subcontractor, upon receipt of payment from the NJPA Member, out of the amount paid to the Contractor on account of such Subcontractor's portion of the Work, the amount to which said Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of such Subcontractor's portion of the Work. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to its Sub-Subcontractors in a similar manner. In addition, Contractor's failure to promptly pay its Subcontractors is subject to the provisions of the Minnesota Prompt Pay Act [O.C.G.A 13-11-1, et.seq].

20. FINAL PAYMENTS

- 20.1 The Contractor shall notify the Project Manager when the Detailed Scope of Work is complete and ready for final inspection. The Project Manager will promptly make such inspection. If the Project Manager finds the Detailed Scope of Work complete and all final documentation submitted, the Project Manager will notify the Contractor that a final Application for Payment may be submitted.
- 20.2 The Contractor may then submit a final Application for Payment. The Contractor shall submit Certified Payroll Records (as applicable) and such supporting documentation as may be required by the Project Manager. The NJPA Member shall make final payment to the Contractor.
- 20.3 Acceptance of final payment by the Contractor, a Subcontractor or material supplier shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

21. PARTIAL OCCUPANCY OR USE

- 21.1 The NJPA Member may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Work. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the NJPA Member and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Project Manager. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the NJPA Member and Contractor.
- 21.2 Immediately prior to such partial occupancy or use, the NJPA Member, Contractor and Project Manager shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.
- 21.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

22. IDENTIFICATION AND SECURITY REQUIREMENTS

The Contractor shall comply with all identification and security requirements that the NJPA Member may establish.

23. PROTECTION OF PERSONS AND PROPERTY

- 23.1 The Contractor shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury or loss to:
- 23.1.1 employees on the Work and other persons who may be affected thereby;
 - 23.1.2 the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody or control of the Contractor or the Contractor's Subcontractors or Sub-subcontractors; and
 - 23.1.3 other property at the Site or adjacent thereto, such as trees, shrubs, lawns,

walks, pavements, roadways, structures and utilities not designated for removal, relocation or replacement in the course of construction.

- 23.2 The Contractor shall give notices and comply with applicable laws, ordinances, rules, regulations and lawful orders of public authorities bearing on safety of persons or property or their protection from damage, injury or loss.
- 23.3 The Contractor shall erect and maintain, as required by existing conditions and performance of the Detailed Scope of Work, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety regulations and notifying NJPA Member and users of adjacent sites and utilities.
- 23.4 When use or storage of explosives or other hazardous materials or equipment or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.
- 23.5 The Contractor shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Contract Documents) to property caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible, except damage or loss attributable to acts or omissions of the NJPA Member or Project Manager or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's other obligations included herein.
- 23.6 The Contractor shall designate a responsible member of the Contractor's organization at the Site whose duty shall be the prevention of accidents. This person shall be the Contractor' superintendent unless otherwise designated by the Contractor in writing to the Project Manager.
- 23.7 The Contractor shall not load or permit any part of the construction or Site to be loaded so as to endanger its safety.

24. HAZARDOUS MATERIALS

- 24.1 If reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to lead based paint, asbestos or polychlorinated biphenyl (PCB), encountered on the Site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop the Work in the affected area and report the condition to the Project Manager in writing.
- 24.2 The NJPA Member shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to verify that it has been rendered harmless. Unless otherwise required by the Contract Documents, the NJPA Member shall furnish in writing to the Contractor and Project Manager the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of such material or substance or who are to perform the Task of removal or safe containment of such material or substance. The Contractor and the Project Manager will promptly reply to the NJPA Member in writing stating whether or not

either has reasonable objection to the persons or entities proposed by the NJPA Member. If either the Contractor or Project Manager has an objection to a person or entity proposed by the NJPA Member, the NJPA Member shall propose another to whom the Contractor and the Project Manager have no reasonable objection. When the material or substance has been rendered harmless, the Work in the affected area shall resume upon written agreement of the NJPA Member and Contractor. The Work Order Completion Time shall be extended appropriately.

- 24.3 To the fullest extent permitted by law, the NJPA Member shall indemnify and hold harmless the Contractor, Subcontractors, Project Manager, Project Manager's consultants and agents and employees of any of them from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work in the affected area if in fact the material or substance presents the risk of bodily injury or death as described herein and has not been rendered harmless, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself) and provided that such damage, loss or expense is not due to the sole negligence of a party seeking indemnity.
- 24.4 The NJPA Member shall not be responsible for materials and substances brought to the Site by the Contractor unless such materials or substances were required by the Detailed Scope of Work.
- 24.5 If, without negligence on the part of the Contractor, the Contractor is held liable for the cost of remediation of a hazardous material or substance solely by reason of performing the Work as required by the Contract Documents, the NJPA Member shall indemnify the Contractor for all cost and expense thereby incurred.

25. INSURANCE REQUIREMENTS

- 25.1 The Contractor shall procure and maintain, at its own cost and expense, until final acceptance of all the Work covered by this Agreement, the following kinds of insurance:
- 25.1.1 Workers' Compensation Insurance. A policy complying with the requirements of the laws of the State in which the Project is located.
- 25.1.2 General Liability and Property Damage Insurance. A standard general comprehensive liability insurance policy or a commercial general liability insurance policy issued to and covering the liability of the Contractor for all Work and operations under this Agreement, including, but not limited to, contractual and completed operations coverage. The coverage under such policy shall not be less than the following limits: Bodily Injury and Property Damage Liability, \$ 2,000,000 Each Occurrence, 2,000,000 Aggregate.
- 25.1.3 Automobile Liability and Property Damage Insurance. A policy covering the use in connection with the Work covered by the Contract Documents of all owned, non-owned and hired vehicles bearing, or, under the circumstances under which they are being used, required by the Motor Vehicle Laws of the State in which the Project is located. The coverage under such policy shall not be less than the following limit: Bodily Injury and Property Damage Liability, \$2,000,000 Each Occurrence.
- 25.1.4 All Risk Builders Risk Insurance. Where specifically required in the Detailed Scope of Work, the Contractor shall provide, before the Work Order is issued,

Builders' Risk Insurance in an amount at least equal to the Work Order Price in a form and by a carrier acceptable to the NJPA Member.

- 25.1.5 Pollution Liability Insurance. If a Project involves asbestos abatement encapsulation or other activities involving hazardous materials, the Contractor, Subcontractor or other party responsible for such Work shall procure and maintain a liability insurance policy issued to and covering the liability, of the Contractor, Subcontractor or other party engaged in the removal, or handling of hazardous materials, for bodily injury, illness, sickness or property damage caused by exposure in an amount not less than \$2,000,000 per occurrence and \$2,000,000 aggregate.
- 25.2 The Contractor shall provide certificates of insurance. Such certificates shall be on a form prescribed by NJPA, shall list the various coverages and shall contain, in addition to any provisions hereinbefore required, a provision that the policy shall not be changed or cancelled and that it will be automatically renewed upon expiration and continued in force until final acceptance by NJPA, or NJPA Member, of all the work covered by the Agreement, unless NJPA is given fifteen (15) days' written notice to the contrary. Upon request, the Contractor shall furnish NJPA or any NJPA Member with a certified copy of each policy.
- 25.3 All insurance required to be procured and maintained as aforesaid must be procured from insurance companies approved by NJPA.
- 25.4 If at any time any of the above-required insurance policies should be cancelled, terminated or modified so that insurance is not in effect as above required, then, if NJPA shall so direct, the Contractor shall suspend performance of the work. If the said work is so suspended, no extension of time shall be due on account thereof. If said work is not suspended, then NJPA may, at its option, obtain insurance affording coverage equal to that above required, the cost of such insurance to be payable by the Contractor.
- 25.5 Should the awarded Contractor retain a Subcontractor to perform any of the services mentioned herein, it is the Contractor's responsibility to insure that the Subcontractor(s) maintains the same types of insurance coverage in accordance with the requirements and amounts indicated herein.
- 25.6 NJPA, its officers, and employees must be included as a named insured. Any NJPA Member, its officials, officers, and employees must be included as a named insured when so requested by the NJPA Member.

26. LIQUIDATED DAMAGES

- 26.1 If provided for in the Request for Proposal, NJPA may assess liquidated damages for each day after the Work Order Completion Time that the Detailed Scope of Work is not complete. It is understood and agreed by and between Contractor, NJPA and the NJPA Member, that time is of the essence in all matters relating to Liquidated Damages.
- 26.2 The liquidated damages shall be determined on a Work Order by Work Order basis.

27. TESTS AND INSPECTIONS

- 27.1 Tests, inspections and approvals of portions of the Work required by the Contract Documents or by laws, ordinances, rules, regulations or orders of public authorities having jurisdiction shall be made at an appropriate time. Unless otherwise provided, the Contractor shall make arrangements for such tests, inspections and approvals with

an independent testing laboratory or entity acceptable to the NJPA Member, or with the appropriate public authority. The Contractor shall give the Project Manager timely notice of when and where tests and inspections are to be made so that the Project Manager may be present for such procedures.

- 27.2 If the Project Manager, NJPA Member or public authorities having jurisdiction determine that portions of the Work require, through no fault of the Contractor, additional testing, inspection or approval, the Project Manager will instruct the Contractor to make arrangements for such additional testing, inspection or approval by an entity acceptable to the NJPA Member, and the Contractor shall give timely notice to the Project Manager of when and where tests and inspections are to be made so that the Project Manager may be present for such procedures. Such costs shall be at the NJPA Member's expense.
- 27.3 If such procedures for testing, inspection or approval reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, all costs made necessary by such failure including those of repeated procedures and compensation for the Project Manager's services and expenses shall be at the Contractor's expense.
- 27.4 Required certificates of testing, inspection or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Project Manager.
- 27.5 If the Project Manager is to observe tests, inspections or approvals required by the Contract Documents, the Project Manager will do so promptly and, where practicable, at the normal place of testing.
- 27.6 Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

28. GOVERNING LAW

- 28.1 The Agreement shall be governed by the law of the place where the Project is located.
- 28.2 NJPA's liability shall be governed by the provisions of the Minnesota Tort Claims Act, Minnesota Statutes, Section 3.736, and other applicable law.
- 28.3 All claims and controversies between NJPA and Contractor shall be subject to the laws of the State of Minnesota and are to be resolved in Todd County Minnesota.

29. COMPLIANCE WITH LAWS

In connection with the performance of this Agreement, the Contractor shall comply with all applicable laws, rules and regulations. The parties hereto agree that every provision of law required to be inserted herein be deemed a part hereof. It is further agreed that if any such provision is not inserted or is incorrectly inserted, through mistake or otherwise, this Agreement shall be deemed amended so as to comply strictly with the law.

30. SEVERANCE

If the Contract Documents contains any unlawful provision not an essential part of the Contract Documents and which shall not appear to have been a controlling or material inducement to the making thereof, the same shall be deemed of no effect and shall, upon notice by either party, be deemed stricken without affecting the binding force of the remainder.

31. LICENSE

Contractor shall obtain all licenses required from all public agencies with jurisdiction over the Work and shall keep these documents properly posted at the Site at all times during the performance of the Work.

32. ASSIGNMENT

No right or interest in this Agreement shall be assigned or transferred by the Contractor without prior written consent of NJPA. No delegation of any duty of the Contractor shall be made without prior written consent of NJPA.

33. CLAIMS AND DISPUTES

All claims or disputes between the NJPA Member and Contractor shall be resolved by NJPA Member's representative.

34. TERMINATION BY THE NJPA FOR CAUSE

34.1 NJPA may terminate the Contract if the Contractor:

- 34.1.1 persistently or repeatedly refuses or fails to supply enough properly skilled workers or proper materials;
- 34.1.2 fails to make payment to Subcontractors for materials or labor in accordance with the respective agreements between the Contractor and the Subcontractors;
- 34.1.3 persistently disregards laws, ordinances, or rules, regulations or orders of a public authority having jurisdiction; or
- 34.1.4 otherwise is guilty of substantial breach of a provision of the Contract Documents.

34.2 If an unpaid balance of one or more Work Orders exceeds the costs of finishing the Work, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to NJPA.

34.3 The NJPA Member may not terminate this Contract between the NJPA and the Contractor.

35. NONDISCRIMINATION, EQUAL EMPLOYMENT OPPORTUNITY, AND AMERICANS WITH DISABILITIES ACT

35.1 The Contractor shall not unlawfully discriminate against any employee or applicant for employment because of race, religion, age, color, sex or National origin, sexual orientation, marital status, political affiliation, or physical or mental disability if qualified. The Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during their employment without regard to their race, religion, color, sex or National origin, sexual orientation, marital status, political affiliation, or physical or mental disability. Such actions shall include, but not be limited to the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation; and selection of training, including apprenticeship. The Contractor agrees to post in conspicuous places available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause.

35.2 The Contractor shall comply with Title I of the Americans with Disabilities Act regarding nondiscrimination on the basis of disability in employment and further shall not

discriminate against any employee or applicant for employment because of race, age, religion, color, gender, sexual orientation, national origin, marital status, political affiliation, or physical or mental disability. In addition, the Contractor shall take affirmative steps to ensure nondiscrimination in employment against disabled persons. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, termination, rates of pay, other forms of compensation, terms and conditions of employment, training (including apprenticeship), and accessibility.

36. AUDITS

NJPA may, at any time after reasonable notice, audit Contractor's records to establish total compliance and to verify the prices charged are in accordance with the Agreement. Contractor agrees to provide verifiable documentation and tracking in a timely manner.

37. GRATUITIES

NJPA may cancel this Agreement if it is found that gratuities, in the form of entertainment, gifts or otherwise, were offered or given by the Contractor or any agent or representative of the Contractor, to any employee of NJPA, are deemed to be excessive with a view toward securing a contract or with respect to the performance of this contract. However, paying the expenses of normal business meals or travel to meetings as described and allowed by law, which are generally made available to all eligible school and government employees, shall not be prohibited by this paragraph. Samples of software, equipment, or hardware provided to NJPA for demonstration, evaluation or loan purposes are not considered gratuities.
