SECTION 1. **AUTHORITY FOR THIS RESOLUTION; DEFINITIONS.** The Pompano Beach Finance Corporation (the “Corporation”) is authorized to adopt this Resolution (the “Resolution”) under the authority granted by its Articles of Incorporation and Bylaws and other applicable provisions of law. All capitalized terms used herein and not otherwise defined herein shall have the meanings ascribed thereto in the Master Trust Agreement (hereinafter defined) and the Master Lease (hereinafter defined), unless otherwise provided or unless the context otherwise clearly requires.

SECTION 2. **FINDINGS.** It is hereby found and determined that:

A. The City of Pompano Beach, Florida (the “City”) has the power, under the Constitution of the State, the City Charter of the City, Chapter 166, Florida Statutes, as amended, and other applicable provisions of law to finance, refinance, receive, purchase, acquire, lease, sell, hold, transmit and convey title to real and personal property for the purpose of providing municipal facilities and improvements and to enter into lease or lease purchase agreements with respect to real and personal property for such purpose.

B. The City, together with the Pompano Beach Community Redevelopment Agency, and the master developer named therein (the “Master Developer”) have previously entered into a written public/private development agreement dated June 24, 2024, together with related written arrangements, as same may be amended and supplemented from time to time (collectively, the “Master Development Agreement”) to provide for the implementation, in phases, of the downtown master redevelopment project described in the Master Development Agreement (the “Downtown Master Redevelopment Project”). Pursuant to an ordinance enacted by the City Commission of the City on the date of adoption of this Resolution (the “City Ordinance”), the City determined that it is necessary and in the best interests of the City, promotes economic development, promotes the health and welfare of its citizens, and serves a paramount public purpose, to lease-purchase finance and refinance, all or in part, the acquisition, construction and installation of all or a portion of the Civic Facilities Project (hereinafter defined); provided that any of the City Hall, the Community Facility and the Parking Garage (as such capitalized terms are hereinafter defined) will not be financed, all in part, as part of the Civic Facilities Project in the event the City elects to have the applicable facility financed, all or in part, by the Master Developer or its affiliates, as permitted by the Master Development Agreement. The specific components of the Civic Facilities Project to be lease-

purchase financed and refinanced, all or in part, by a Series of the Initial Certificates (hereinafter defined) will be as set forth in a Lease Schedule to the Master Lease (as such capitalized terms are hereinafter defined), as more fully provided for in Section 9 hereof, and are referred to individually as a “Series Project.”

C. In furtherance of the foregoing, the City, as ground lessor, and the Corporation, as ground lessee, desire to enter into one or more written ground lease agreements, each to be substantially in the form attached hereto (each, a “Ground Lease”), with respect to all or a portion of the Land relating to a Series Project, pursuant to which the City will ground lease the applicable Land to the Corporation. Further, the Corporation, as lessor, and the City, as lessee, desire to enter into a written master lease purchase-agreement substantially in the form attached hereto (the “Master Lease”), to be entered into prior to or contemporaneously with the issuance of the first Series of the Initial Certificates, to provide for the lease of the Land relating to each Series Project back to the City and the lease-purchase and financing of each Series Project by the City. Each Series Project will be more fully described in a related Lease Schedule to the Master Lease (each, a “Lease Schedule”), which Lease Schedule will also reflect, among other matters, the Basic Rent Payments to be made by the City relating to the Land described in the related Ground Lease and the Series Project described in the Lease Schedule, subject to the terms and conditions of the Master Lease.

D. The City and the Corporation will provide for the payment of the Project Costs of acquiring, constructing and installing the Civic Facilities Project by (a) selecting a qualified financial institution in accordance with Section 5 hereof (the “Trustee”) to serve as trustee under a Master Trust Agreement (the “Master Trust Agreement”), among the City, the Corporation and the Trustee, to be entered into prior to or contemporaneously with the issuance of the first Series of the Initial Certificates, (b) establishing a trust pursuant to the Master Trust Agreement, as same may be

supplemented from time to time, including by a Supplemental Trust Agreement (hereinafter defined) with respect to a Series of Certificates (as so supplemented, the “Trust Agreement”), and assigning to the Trustee substantially all of the Corporation’s right, title and interest in the Master Lease, (c) directing the Trustee to execute and deliver its “Certificates of Participation (Civic Facilities Master Lease Program), Series 20[]” in one or more Series evidencing undivided proportionate interests in the right to receive Basic Rent Payments to be made by the City pursuant to the Master Lease, with the applicable series designation indicating the year of issuance, and whether such Series is being issued as a Series of Taxable Certificates, to be reflected in the related Supplemental Trust Agreement (the “Certificates”), which further designations shall be deemed part of the name of such Series of Certificates, and (d) directing the Trustee to hold the proceeds of the sale of the Certificates in trust, subject to application to pay the Project Costs, all or in part, of the acquisition, construction and installation of each Series Project and to make payments to holders of the Certificates.

E. The Corporation desires to authorize the issuance of the initial Certificates in one or more Series, as more fully provided in Section 5 hereof (the “Initial Certificates”), subject to the Parameters (hereinafter defined).

F. It is now appropriate to authorize the lease-purchase financing and refinancing of the Civic Facilities Project and to determine the terms and details of the Initial Certificates, subject to the Parameters, among other matters related thereto. The authorization for the issuance of Completion Certificates and Refunding Certificates, if any, shall be pursuant to subsequent proceedings of the City and the Corporation, as applicable.

G. All amounts payable by the City in connection with the lease-purchase financing and refinancing of the Civic Facilities Project, including all Basic Rent Payments due under the Master Lease, shall be payable solely from unpledged and legally available funds appropriated for such

purpose by the City and it will not be necessary nor has there been authorized the levy of taxes on any property in the City to pay for same, and the full faith and credit of the City is not pledged for payment of such sums.
