Re: Emergency Vehicle Lease Agreement

As part of our emergency preparedness plan, we have reached out to Broward Sheriff's Office Fire Rescue in order to secure an agreement for the temporary use of emergency vehicles when the need arises. This will provide an emergency vehicle contingency plan in the event we need additional vehicles due to circumstances beyond our control. In addition, this agreement will satisfy the requirement for a spare ladder truck by the Insurance Service Office (ISO). As such, it will positively impact our ISO rating. The cost of this emergency vehicle lease agreement will be one dollar (\$1.00).

Attached is the necessary documents to bring a resolution before the City Commission for their approval. Please let me know if you have any questions. Thank you.
