Comments

This site plan does not include residential use and as such, is not anticipated to generate additional students into Broward County Public Schools. Additionally, the site is not located immediately adjacent to existing public schools or currently vacant school sites owned by the School Board, and as proposed, will not have direct physical impact on Broward County Public Schools.

Therefore, this application is determined to be exempt from public school concurrency on the basis that no residential development is currently proposed in the site plan.

Students generated are based on the student generation rates contained in the currently adopted Broward County Land Development Code.
