List the reasons for this evaluation (justify the rating/scoring):

#1 We above and beyond to identify their outreach & local participation effort as well as their intent to ensure the project is under budget and on-time, including a Grand opening date on National Senior Citizens Day (8/1/2021). Their schedule was more elaborate than all others.

As well, any of these respondents show credible and confident standing & ability to build the senior center.

List the reasons for this evaluation (justify the rating/scoring):

Both Verdex and Pirtle have CMAR Experience & experience constructing either independent living facilities with amenities or Senior activity/Community centers. Verdex had a more comprehensive presentation focusing on some potential unique elements for our project. They have also committed to a 25%-35% local participation goal and in addition, targeting their subs to commit to an additional 10% participation with "new" local hires. They actually visited the site & spoke to community stakeholders. Mentioned they would sponsor MLK parade & passion week.
