MEMORANDUM NO: 2018-26

**DATE:** May 14, 2018

**TO:** Otis Thomas, General Services Director

**FROM:** Robert McCaughan, Public Works Director *RM*

**SUBJECT:** Utilizing Broward County Contract #X2114362B1; Fencing - New, Repairs and Replacement Services

---

The City would like to piggyback the terms and conditions established in subject Broward County contract to install steel picket fencing at the municipal cemetery. Piggybacking the existing Broward County contract will enable the City to install picket fencing at a competitive rate that matches fencing at other city facilities.

Based on pre-priced line items in the contract, the total anticipated cost of expenditures for the project is \$103,000 which includes the \$99,152 quote from Bauer Construction Corporation, City permitting fees, and landscaping to be accomplished by others. Funding for the contract will be expensed from the established CIP Project #18-329 "Cemetery Wall."
