Re: Florida Humanities Council Community Projects Grant

Dear Ms. Putnam,

As Chairperson of the Historic Preservation Committee for the City of Pompano Beach, I write this letter to demonstrate the Board's full support of the City's submittal for the Florida Humanities Council Community Projects Grant.

The Historic Preservation Committee is responsible for securing our city's legacy. We are very proud to be sponsoring this timeline project which will illuminate the City's history and heritage. The project's interactive element will engage patrons of all ages and make our past come to life.

Thank you for your time and consideration.

Sincerely,

Jerry Bowman
Pompano Beach Historic Preservation Board Chairperson
