## Petition To Sign Against The Rezoning

The City of Pompano Beach is in the process of rezoning our area in favor of the Islamic community to force us out of our homes. We have been in our homes and in this area for more than five (5) decades. There are two Churches located in this same area and they have been up for about the same amount of decades. The newest area which is known as Regency Gardens have been up for at-least eight years before that Mosque came to this area and now they want to zone us out of the only area most of us has ever known. I am not willing to sell my house and property neither am I and not will to move. Please sign your name saying you are not ready to be forced out of your home. This is a Hostile Take-over
