Salah,

Please review the attached petition that our office received in response to the rezoning application that has been filed with our office. We have received notice of the Neighborhood Meeting that you are holding at the Islamic Center on Wednesday July 18, 2018, and a member of Staff will be in attendance to answer any questions on the City process, regulations or procedure related to the rezoning.

At your request, the rezoning application was postponed by the City Commission this week on Tuesday to the next City Commission Meeting (Tuesday, July 24th). Should you have any questions, please let us know.
