2. Cultural Arts Significant Sculpture

Ms. Atria stated the Call to Artists was posted October 12, 2018 with a deadline of December 19, 2018. There were 188 applications received. Those applications that did not meet requirements were disqualified. The remaining 43 applications received 1.7 or higher.

a) Review Applications

Mr. Davis stated the Committee will review the remaining 43 applications and vote for the final three. Mr. Davis abstained from voting.

Ms. Atria also passed on a message to the Committee from the Procurement and Legal Departments and said "we are running into big issues when we post calls with exact details and locations, and then we change the locations." Legally these are huge issues. When we put a Call out and state the location, we cannot change it.

Ms. Schorr asked if we can do an amendment and Ms. Atria stated you would have to do a brand new "Call to Artist."

Mr. Davis stated we voted on this location and it passed unanimously.

b. Shortlist 3 Artist

The Committee selected three shortlisted artists. Ms. Atria read the following top three in no particular order along with the critique from the members of the Committee.

Lyle London. Sculpture is in the wrong location. The base will not work in the location that we requested. Really like the particular piece and has width as much as height. The base is too heavy for this particular piece. The tile steps are too busy.

Kevin Barrett. Is it a readymade piece? Is it true to scale? It's a little too busy. Possibility of colored lighting.

Michael Szabo: How does it light up at night? Can it have more depth? Can we see a piece at night to show his led lighting? Will it patina overtime or does it have a clear coat? Can we have a sketch on how the LED lighting works?

Marianne Mears: Chosen to be the Alternate and will stay on the short list. Ms. Atrial will tell her unless someone backs out or does not meet requirement, I want give her any critique.

Mr. Davis asked Ms. Korab for her feedback on their choices and if the Committee should reach out to anyone else regarding their decision.

Ms. Korab suggested they reach out to the architect of the building and also show Public Works the dimensions of the proposed sculpture. Ms. Atria will follow-up.

Ms. Atria stated the deadline for the proposal will be April 15, 2019 and will be presented at the April 18th meeting.
