MEMORANDUM

TO: The Honorable Mayor and Members of the City Commission

THRU: Greg Harrison, City Manager

FROM: Ernesto Reyes, Strategic Performance Manager

SUBJECT: Presentation – 3rd Qtr. Action Agenda 2018-2019 Progress Report

DATE: September 2nd, 2019

ISSUE

Action Agenda quarterly progress reports are designed to inform City Commission and the community on the progress of those initiatives that are key to achieving the City's Strategic Plan objectives.

BACKGROUND

On June 26, 2018, the City Commission approved an updated Strategic Plan for 2018-2023 and an Action Agenda for 2018/2019. The updated Plan and Action Agenda lays the groundwork for future success of the City of Pompano Beach. In June 2019, staff made a presentation to the City Commission with respect to the FY 2019 2nd Qtr. Action Agenda progress. As of Q2 FY 2019, there were 65 achieved projects and 90 active projects.

The City continued to monitor its work towards achieving the strategic objectives in quarter three. The content of quarterly highlights change each quarter as new initiatives are started and others are completed. Supplemental to this memorandum is Exhibit A: FY 2019 3rd Qtr. Key Initiatives Progress Report, which provides an itemized list of all 155 action items detailing their respective status and key quarterly note. Initiatives are grouped under their respective community goals to better track and measure progress. Each Goal identifies a number of Strategic Plan Objectives, and is prioritized and categorized by Policy and Management actions, Management in Progress issues, and Major Projects.

To date, Quarterly Progress Reports have been prepared using the tracking software AchieveIt. The City is rapidly developing dashboards on a robust platform, OpenGov, which will aid in tracking performance based measurements. Establishing key performance indicators and aligning

all of the City's work under strategic objectives continues to be the focus in FY 2019, providing a complete picture of the value of tax dollars.
