Effective July 1, 2010, Section 215.971 of the Florida Statutes, requires agreements with the State to contain a scope of work that clearly establishes quantifiable and measurable deliverables. Each deliverable must specify the required level of service to be performed and the Department's criteria for evaluating successful completion. The items must be submitted and approved through the Florida Aviation Database <http://www.florida-aviation-database.com/> filed under the appropriate Financial Management (FM) number to meet the deliverable requirements. The deliverables may be specified in subsequent agreements and/or task work orders related to this JPA. The deliverables must be received and accepted by the Department prior to the payment of services. The Department of Financial Services Internet link below provides guidance on clear and comprehensive scopes and deliverables development.
