**RE: Agenda Item – Acceptance of Additional HLMP Grant Funds**

---

The Office of Housing and Urban Improvement applied for and received a \$194,000 competitive grant from the State of Florida, Division of Emergency Management (DEM), to provide residential wind mitigation retrofit improvements to eligible single family homes in Pompano Beach approved by (DEM) using the State's guidelines.

The City Commission approved the grant contract at its **December xx, 2017** meeting. OHUI is responsible for the implementation, management, coordination and facilitation of all aspects related to the wind mitigation retrofit projects approved under the contract, which adhere to Florida Statue 553.844 Windstorm Loss Mitigation; Requirement for Roofs and Opening Protection.

The DEM recently approached OHUI to ask if it would accept an additional \$100,000 to construct additional wind mitigation retrofit projects in Pompano Beach under the existing contract. The attached contract increases the City's present grant from \$194,000 to \$294,000.

The attached Resolution authorizes acceptance of the additional funds under the terms and conditions of the existing contract.

Please submit the attached RCMP Contract Addendum to the City Commission on March 13, 2018

Goal 5.0 - Improve Neighborhoods.
